

THE DAILY EXAMINER. SEPTEMBER 15, 1892.

Musical and Literary Societies.

It is hoped that the musical and literary institutions of the town will this year begin the season early. We write with pleasure that steps have been taken towards a continuance of the University Extension lectures. What about the Philharmonic Society and other societies existing for the good of the town? The Philharmonic has not hitherto been successful, financially, as it ought to have been. But it has done much towards the education of musical taste in our citizens, and we trust that it will go on to reap the reward of the good work it has done. With a better appreciation of the classical music rendered by the Society the public will, no doubt, give the Society a stronger support. This is all that it needs. We feel sure that its members are, for the most part, ready and willing to go on with their practices, and give their concerts, if only the citizens make it financially self-sustaining. Music-loving people, who have means at hand, therefore, generously assist the Society. We have no doubt that its Secretary, Mr. Horace Hazard, will now be glad to receive the names of persons ready to become honorary members on payment of five dollars—which will entitle them to receive two tickets for each of the concerts given during the season—and also the names of persons who desire to become active members, and thus improve their musical talents, as well as add to the Society's musical strength. In any case, the Society should not be discouraged, but begin early. Its ultimate success is sure, if only it be persevering, vigorous and judicious.

Notes and Comments.

—Mrs. Trumper, the lady referred to in the *memorandum* lines published by THE EXAMINER to-day, was the third daughter of C. Birch Bagster (formerly of Millvale, P. E. I.) and Susanna Maria Aitken, of Three Rivers, P. E. I. A husband and four children survive her. She deceased at Abbotsford Harrogate, Yorkshire, and her remains were laid to rest in the Bagster family ground in Abbey Park Cemetery, London, England.

—The Associated Press is authorized to state that both Mr. Gladstone and Sir William Vernon Harcourt, his Chancellor of the Exchequer, are anxious to the conference discussing anything affecting the currency of the British Empire. Mr. Gladstone thinks that if anything is done to reduce the strain of the monetary system of India it ought to be effected without agreement or conference with the United States authorities. Mr. Gladstone thinks that the conference will lead to nothing.

—FOR THE EXAMINER we plead "not guilty" to the serious charge, preferred by a correspondent, of suppressing the facts in connection with the last heat in the race at Souris between Harry C. and Deerfield. We reported the facts exactly as they occurred. There is no doubt that the owner of Deerfield suffered a misfortune and a wrong. Yet he failed to enter a protest at the right time, and he ran his horse almost all round the track, thus, as we were informed, giving the Judges no option but to "distance" him; that is to say, Mr. Webster lost the race because he was not sufficiently well acquainted with the rules by which the Judges were governed. In common with every one upon the ground, THE EXAMINER sympathized with Mr. Webster, but felt that it was a case about which it was useless to say anything.

—Great Britain has escaped very luckily from the increased tariff of Greece, her trade with that small kingdom being covered by treaties. The British Consul at Athens is able to report that "almost all the principal articles of British manufacture are covered by one or other of the conventions. The value of such articles imported from Great Britain into Greece in 1890 amounted to £284,817, besides £95,263 in the classes which are partly covered by the convention, out of a total value of British imports of £1,329,492. Of the balance of £545,807, £187,272 are accounted for by the import of coal, which is free of duty. It does not seem likely, therefore, that British trade will be much affected by the increased duties." British diplomacy can secure a treaty from Greece much easier than from France or the United States, but unfortunately it is not of the same value.

The Rifle.

The League team of ten men from the 82nd Battalion shot off yesterday for the cup won by them this season in the League rifle matches. The weather was unfavorable for good shooting, with a heavy and unsteady cross wind from the right. Notwithstanding these hindrances, some excellent shooting was made. Capt. G. Crockett won the cup, with 162 points, firing at the 600 yard range in the dark. At the first two ranges he made 90 out of a possible 100 points, and his average was two points over inners. The ranges were 200, 400, 600 and 800 yards, ten shots at each range. Following is the score:

Table with 2 columns: Name and Score. Capt Crockett: 162, Sergt J M Crockett: 152, Capt D E Hooper: 151, Capt D Stewart: 150, Sergt J McDonald: 149, Sergt M Allan: 148, Lt B C Prosser: 146, Corp H Hooper: 145, Sergt J Berrigan: 140, Pte H Henderson: 139.

AN ISLAND ATHLETE ABROAD. — At the field games at Hall Grove, Co. Dub., on the 15th September, D. Clark, of this Island, won the hammer-throwing, making a new record for the State of 118 feet. He also put the light shot 47 feet, and the heavy weight (40 lbs.) 25 feet, securing in all three first prizes and a silver medal.

The amount of Austria's purchases of gold since the adoption of the new currency reform law is \$7,000,000.

LETTERS TO THE EDITOR

Souris Races—A Complaint.

Sir,—We in this part of the Province awaited with interest the newspaper reports of the trot which occurred on Souris Driving Park on Tuesday, 19th Aug., and were much surprised to find no reference to the extraordinary injustice which characterized the judges' conduct on that occasion; and, as the reporters of the Charlottetown papers were evidently unwilling to see or at least make public, this outrage it may not be uninteresting to your readers to learn from a spectator in the manner in which the judges performed the duties with which they were entrusted and the peculiar methods employed by them for the "elevation of the turf." In the race referred to (the 240 class) there were three starters, Harry C., owned by Connolly, of Charlottetown; Deerfield, owned by Webster, Marie; and Nelson, well-known to the horsemen of King's Co., owned I believe, by John McLean, Esq., M. P. The first heat was fairly started and resulted in Deerfield winning easily, Nelson behaving very badly and Harry C. evidently being "not in it" with the speedy Deerfield, whose action was very much admired. The second heat was a repetition of the first, and Nelson was then drawn, leaving Deerfield and Harry C. to finish the race, the former having already two first heats to his credit. I will now describe the third heat, and I think the public will see that "outrage" really is in use in describing the judges' action. Deerfield having won the previous heat, had, of course, the pole, and was also the score horse. After scoring a few times, what was our surprise to hear the word "go" given with Harry C. a length or more in advance of Deerfield, the latter, as I said before, being the horse to score by, and surprise was not lessened when it was seen that Harry C. was instantly swerved, immediately after going under the wire—the Society should not be discouraged, but begin early. Its ultimate success is sure, if only it be persevering, vigorous and judicious.

Notes and Comments.

—FOR THE EXAMINER we plead "not guilty" to the serious charge, preferred by a correspondent, of suppressing the facts in connection with the last heat in the race at Souris between Harry C. and Deerfield. We reported the facts exactly as they occurred. There is no doubt that the owner of Deerfield suffered a misfortune and a wrong. Yet he failed to enter a protest at the right time, and he ran his horse almost all round the track, thus, as we were informed, giving the Judges no option but to "distance" him; that is to say, Mr. Webster lost the race because he was not sufficiently well acquainted with the rules by which the Judges were governed. In common with every one upon the ground, THE EXAMINER sympathized with Mr. Webster, but felt that it was a case about which it was useless to say anything.

A Personal Explanation.

To the Editor of the Boston Herald: You have published a dispatch from Halifax which, unexplained, does me a grave injustice, permit me to state that process was issued against me in Halifax by the Canada Atlantic steamship company, upon a draft drawn by them upon me in my official capacity as manager of the Boston, Halifax & Prince Edward Island steamship line in Boston, and accepted by me as manager. This draft, owing to embarrassment of the corporation which I then represented, remains unpaid. This was not a debt due by me to the Canada Atlantic steamship company in my personal capacity, but was a part of an unsettled account due from one steamship line to the other.

A Lecture Wanted.

Sir,—I understand that Mr. J. S. Nelson, the affable clerk at Beer Bros, has returned from his visit to New York and other populous centres. As it will be impossible for Mr. N. to give the public full information about his many experiences, I would suggest that he hire a hall and entertain our people with an evening's speech. Mr. N.'s own view of the subject, I believe, will agree with this proposal.

What is Dandruff?

A disease of the scalp that causes falling off of the hair, in fact, death of the hair. It irritates the scalp and causes scales and eczematous eruptions—produces baldness. Bear in mind that Anti-Dandruff removes dandruff with three applications—stops falling and restores falling hair to its original color. Sold by druggists at 75 cents per bottle.

During the month of August the revenue derived from the tax on Chinese arriving at the port of Vancouver, B. C., was \$3,350, being \$395 less than that of August, 1891.

Ball at Hillsborough House.

The Master of the Rolls entertained a large number of guests at a ball at Hillsborough House last night. Exquisite music was furnished by a quintette from Harrison's orchestra, of St. John, N. B., under the direction of the leader, Mr. Morton L. Harrison. The following was the programme which, it is needless to say, was thoroughly enjoyed by the dancers, who time and again called for encore:

- PROGRAMME. 1. Lancers—"Capuciner," Schlegel. 2. Waltz—"Love Song," Faust. 3. Waltz—"L'Estudiantina," W. Iteloff. 4. Militaire—"Fairy Footsteps," Harris. 5. Waltz—"Light and Shade," Strauss. 6. Lancers—"Crown Prince," Gungl. 7. Waltz—"Blue Danube," Strauss. 8. Polka—"Sounds from St. John," Baisant. 9. Waltz—"Korral Fiestas," Cibulka. 10. Lancers—"Loomis College," Zimmerman. 11. Militaire—"Marie," Gieseler. 12. Waltz—"Ma Vie," Lewis. 13. Waltz—"Mia Bella," Seeder. 14. Lancers—"Sounds from the Bazaar," Schlegel. 15. Waltz—"Das Leben ein Traum," Zikoff. 16. Militaire—"Dream of Love," Casey. 17. Galop—"Those Laughing Eyes," Gardner. 18. Waltz—"Capriccio," Strauss. 19. Militaire—"Not Quite Sponible," Noll. 20. Waltz—"Santiago," Gieseler.

Summerside Races.

THE Futurity races on the Summerside Driving Park, take place to-day. There is a good many from the country in town, but few from Charlottetown. The special train from Charlottetown was in charge of Conductor McKie.

Personal.

Halifax was startled on the 13th by the announcement of the sudden death of Charles Annand, proprietor of the Chronicle, which event occurred in London, England. Mr. Annand paid but little personal attention to his paper, but was largely interested in other enterprises. Mr. Annand sold his gold mines at Waverley and Montague to an English syndicate for \$100,000, and went to London to complete the negotiations. He was taken ill with pneumonia and died very suddenly, when he had so far recovered as to have made all arrangements to start for home. He is supposed to be worth about \$150,000. He leaves two sons and a widow.

Personal.

The Kendallville, Ind., Times, of Sept. 13, says: Attention is called to the Guild's call to be given at the residence of Dr. Norman Teal on Thursday evening. A cordial invitation is extended to the public to meet on that occasion the Rev. and Mrs. W. M. Mitchell. Mr. Mitchell has come home from his birthplace, the city founded by his ancestors, to labor in the Christian ministry. The first William Mitchell, while not unimpaired of the moral and educational interests of the

community, lent the energies of his strong practical mind to the work of laying for Kendallville the foundations of a splendid material prosperity. It is beautiful and fitting that his grandson, bearing his name, should build upon the spiritual structure in the finer things of the spiritual life; should work with others already in the field to extend the power of the Christian religion and bring the people nearer to God. Shall we not have the co-operation and support of all the people? His lady comes to us as a stranger from Prince Edward Island. Let her not feel a stranger long, but let us give her on Thursday evening, a whole-souled, western welcome. (Mrs. Mitchell is a daughter of Mr. Thomas Wakling, of Charlottetown.)

Piano and Organ Tuning and Repairing.

MR. HAWLEY does not have to travel in Nova Scotia with a piano constructor a few weeks each year, but travels continually with one of the best constructors and tuners in the Dominion. He does not want the whole earth, or even the whole Island. He has his share of it (the Island), and is quite satisfied. He has had a long and successful experience in the knowledge of Piano construction, enables him to regulate actions to a nicety, giving the instrument a beautiful even tone, also a delicate touch to the keyboard that few can accomplish. No cat-pawny work, such as dirt, rusty strings, restringing, yellow keys, dull polish, etc. Mr. Hawley has pianos in town in which he has successfully placed entire new pin blocks, sounding boards, and complete sets of strings, English pianos, which he keeps in tune with six or more visits per year, are made as good as new and the work warranted to be permanent. Those having unsatisfactory pianos are invited to call and inspect. Prices for tuning, etc. by the year—English Pianos, \$5 and \$6; Canadian or American, \$4, which is particularly desirable to state, includes everything, and for which other tuners here charge \$2. References, leading musicians.

MR. VINNICOMBE has removed his office to Messrs. Hazzi & Moore's Bookstore, where all orders and payments may be left. His artistic Tuning and Tuning is widely known among many of the leading musicians of Nova Scotia as well as on the Island. Having an extensive knowledge of Piano construction, his superior knowledge of Piano construction, enables him to regulate actions to a nicety, giving the instrument a beautiful even tone, also a delicate touch to the keyboard that few can accomplish. No cat-pawny work, such as dirt, rusty strings, restringing, yellow keys, dull polish, etc. Mr. Vinicombe knows at a glance what requires to be done and does it. Estimates for repairing cheerfully given. Strings and Piano Fittings kept on hand. All orders punctually attended to. 6 n cod—sept15
