Candidates Must Check Vote Records Before Friday Night

Ballot Box Hides All Scores

Results Of Workers' Last Period Actually Safe From Prying Eyes

By eight o'clock Friday night all candidates in The Guardian subscription campaign must have their accounts verified by checking with the campaign manager. Failure to verify your account by 8 o'clock Friday night will be considered formal notice of acceptance of the account as recorded and no corrections can be made after Friday night. Many candidates called at campaign headquarters last night and have completed checking their accounts, but there are a few who have not yet called.

At 8 o'clock sharp Saturday night the Campaign will be closed. Under the supervision of the Judges the sealed Ballot Box will be opened at The Guardian office, Votes for the week will be carefully counted and added to those already earned, making the count complete for the campaign and determining the winners.

Fierce Fighting Rages In Spain

(Continued from Page 1)

No accurate estimates of the death toll in the war were available. Reports from both sides, however, indicated it was high. Accounts of battles during the 18 days have recounted fatalities that might aggregate 25,000.

Today's developments:

Central Spain:

Vicious fighting marked the new struggle for Madrid in the Guadarrama passes. Three hundred rebels were killed and 84 Leftists died in a preliminary encounter. Heavy artillery firing marked continuation of the fight.

The Government decreed hospitals had first choice to food supplies and banned increase in prices. Distribution of tobacco to soldiers reduced the Madrid supply, and citizens were put on limited ration.

Rebels still held the Alcazar barracks at Toledo. The government withheld attack, apparently awaiting a food shortage to force surrender.

The Northern Front:

Four Loyalist column converged on Zaragoza, held by Fascists. Occupation of Sastago was claimed, and Catalan troops said they seized the power plant supplying the Zaragoza region with electricity.

Bombardment of the rebel city was ordered.

Fascists rushed new units toward Loyalist San Sebastian and predicted its surrender soon because of disorganization among the defenders.

Five hundred volunteer workers from Barcelona were sent across the Mediterranean to move on Palma, capital of Mallorca in the Balearic Islands.

The Southern Sector:

Loyalists sought new recruits for a siege of Seville, southern Fascist headquarters—the new recruits to enlist for two months in a military force.

Two rebel planes were shot down in a battle over the Straits of Gibraltar.

German Naval Visit At Ceuta

(Continued from Page 1)

ments in Spain's civil war, authoritative sources said tonight, before committing herself to France's proposed neutrality pact.

Eventual acceptance appeared likely, informed sources stated but drafting of a normal reply awaited the return of Premier Mussolini from a vacation.

In this connection, it was pointed out that the government still is investigating allegations that Italian military pilots flew 14 planes to Morocco to help General Francisco Franco in the revolt.

Foreign Minister Galeazza Ciano informed Count Charles De Chambrun, French ambassador here, that he would have to consult Premier Mussolini before answering the French request for a joint non-interference pact.

Mussolini went from his home town of Forli to Venice today to attend the art exhibition there, and it was not known when he and his foreign minister would be able to confer.

DECLINE COMMENT

BERLIN, Aug. 4—The Nazi government tonight declined either to confirm or to deny the reported visit of German naval officers to the Spanish rebel headquarters of General Francisco Franco in Ceuta, Morocco.

A government spokesman added, however, it was assumed commanders of German vessels "naturally would contact whatever authority was in control at that part" in carrying out instructions to look after safety of German citizens or to pick up refugees.

The foreign office denied that a visit from the French ambassador was in connection with the proposed neutrality pact in the Spanish civil war.

ACCUSE RUSSIA

VATICAN CITY, Aug. 4—(A.P.)—While official Rome was still withholding its reply to the French note regarding a three-power declaration of neutrality towards Spain, the Osservatore Romano, official Vatican organ, tonight charged the Moscow third international was chiefly responsible for the Spanish civil war.

"It is very clear that the one nation which has not been heard from in the past few days and which has not seen fit to declare its neutrality is the Soviet Union," the Vatican newspaper said.

"The Soviet Union," it continued, "while not acting as the Soviet Government, but as the Third International, has sent to Spain its principal 'specialists' who are against 'order' and who commit 'atrocities' against the rebels."

The Ossorvatore Romano further said that at present the great powers' attitude was more or less determined by their reaction to a threatened establishment of Communism in Spain.

PARIS, Aug. 4—(C. P. Havas)—Premier Blum's Government was reported tonight to feel high satisfaction over the fact that the British Foreign Office notified French Ambassador Charles Corbin that it supported in principle France's proposal that the powers agree not to intervene in Spain.

However it was pointed out the pact would be ineffective without Rome's participation. Italian Foreign Minister Galeazzo Ciano's statement that he would have to confer with Premier Mussolini before replying was received with disappointment here.

No protest against the presence at Ceuta of the "pocket battleship" Deutschland and the destroyer Luchs was planned by the French government, which held tonight that such action must originate in Madrid.

DEATHS

DOYLE—At Borden August 4th, Frederick Arthur Doyle, age 15 months, dearly beloved son of Mr. and Mrs. Stephen Doyle.

DOUGHERTY—At Victoria, Aug. 4, 1936, Diana L. Dougherty, aged 25. Funeral Thursday from her late home, service starting at 2 p.m. Interment Cape Traverse United Cemetery.

COALITION DISCUSSED IN MANITOBA

Liberal - Progressive and Conservatives Meet In Separate Caucuses to Discuss Plan.

(C. P. by Guardian's Special Wire)

WINNIPEG, Aug. 4—Liberal-Progressive and Conservative members-elect of the legislature were gathered in separate caucus meetings tonight wrestling with the problem of forming a coalition government for Manitoba in view of the fact no party will have a majority in the new House.

It was understood several proposals which might form the basis of a union of the two parties were under consideration, but no official pronouncement was forthcoming from either camp.

The Winnipeg Tribune in a news story said coalition was altogether likely and that the plan called for a coalition of forces for four years. The government would be equally representative of both parties, headed for the first two years by Premier Bracken and the second two by Errick Willis, youthful Conservative leader, who would be provincial treasurer at the beginning.

The story said one of the difficulties was the Liberal-Progressive desire for a five-four representation in the Cabinet, taking into the coalition ministry all ministers now elected.

Present ministers to be included would be W. J. Major, Attorney-General, J. S. McDiarmid, Minister of Natural Resources; W. J. Clubb Minister of Public Works; I. B. Griffiths, Minister of Health, and Jremier Bracken, who has still to face the deferred election in The Pas.

The article says selection of Mr. Griffiths as Speaker was a possible solution. Under this plan Ewen McPherson, provincial treasurer, would not run in Rupert's Land deferred election, and W. W. Kennedy, K. C., former Conservative member of parliament for Winnipeg South Centre, would be unopposed by the Liberal-Progressives in that constituency.

The Winnipeg Free Press in its news column said prominent sources in both government and Conservative quarters had made the suggestion that Mr. Bracken and Mr. Willis step aside in favor of some one who could "gain the confidence of both groups," in this connection W. Sanford Evans, former Conservative leader in the legislature, was mentioned as one who could obtain non-partisan support.

Only twice before in Canadian history have Liberals and Conservatives united to carry on government. The first occasion at Confederation, carried through by a union of the parties. The second was the union government in 1917, from which a number of Liberals held aloof. The proposed Union Government here would be unique in provincial politics.

Companies Boast Newsprint Price

(A.P. By Guardian's Special Wire)

NEW YORK, Aug. 4 — Several United States newsprint producers announced today they will raise prices $1.50 a ton on 1937 contracts.

This followed yesterday's announcement by Great Northern Paper Company that its 1937 delivery newsprint prices would be boosted $1.50 to $42.50 a ton.

Other companies now quoting higher prices are the Maine Seaboard Paper company, the Algonquin Paper Corporation, the Gould Paper Company and Finch, Pruyn and Company, Incorporated.

CIRCUS ELEPHANT KILLS MAN IN INDIA

DELHI, Aug. 4—Believed to have been frightened by the bright lens of a camera when a European was trying to get a photograph of it, an elephant belonging to a circus ran amok and killed a pilgrim at the Kurukshetra Fair.

The elephant at first charged towards the photographer, but he managed to run clear. The animal then seized with its trunk a pilgrim who came in its way, and crushed him to death.

German Ship Under-fire From Spanish Destroyer

(C. P. by Guardian's Special Wire)

TANGIER, International Zone of Morocco, Aug. 4—The 2,000-ton German freighter Seville narrowly escaped a shell fired by the Spanish government destroyer Almirante Valdes at El Araish, Spanish Morocco, early today, it was reported here.

The incident occurred within 25 hours of the arrival of two German warships at Ceuta, rebel stronghold, and was expected to intensify the tension resulting from the Spanish civil war.

The freighter had just dropped anchor in the harbor and was preparing to unload cargo for the rebel-controlled city when a shell from the destroyer went whistling over the bow and landed about 100 yards away. Four other shells followed in rapid succession, each one landing closer to the freighter.

Rebel coast defence batteries then opened fire on the destroyer and two rebel war planes from a nearby airport joined in the battle.

After 10 shells had fallen in the immediate vicinity of the Sevilla, the captain ordered the anchor up and the freighter withdrew from the battle zone.

An immediate radio message was addressed to the German cruiser Deutschland informing the warship of the incident.

In reply to question from the Deutschland, the Sevilla's master declared the shots were fired without any warning from the Spanish destroyer.

The Sevilla arrived at this port tonight and reported the incident to harbor officials of the international zone

DON'T FORGET Montague horse races this afternoon. L-5677

POLICE COURT—A man charged with common assault appeared in police court yesterday and was sent to jail for ten days. A drunk was also sent to jail for ten days without the option of a fine.

MONTAGUE horse races this afternoon. Come and watch 'em step. L-5677

ALTAR BOYS ENJOY PICNIC—The Altar Boys of St. Dunstan's Basilica enjoyed their annual picnic at Stanhope yesterday. Cars with the boys left the city at 9 o'clock yesterday morning, for the North Shore where a keenly contested program of sports was run off.

KILLED IN FALL—The sad news was received Sunday evening by Mrs. Hilbert Johnston that her brother-in-law Mr. J. Morton Haywood had passed away at Long Island, New York, from injuries received in a fall from a building. Mr. Haywood was also a brother-in-law of Mrs. A. A. McDonald.

CAR FERRY MAKES RECORD—Carfying 177 automobiles from Tormentine to Borden on Monday the car ferry S.S. "Charlottetown" broke her previous record of 137 cars in one day. On the first trip, leaving Tormentine at 8 a.m., 38 cars were brought over; on the 11.30 trip 55 were taken; on the 2.50 p.m. trip 58 and on the late trip at 6.50 there were 26. An average of 41 cars can be accommodated on the main deck while the remainder are placed on flat cars on the lower deck.

TWO "BREAKS" MONDAY NIGHT— City Police yesterday were investigating two breaks made Monday night. The grocery store of P. J. McDonald was entered and a quantity of cigarettes and all the coppers from the drawers of two cash registers taken. Entrance was effected through a cellar hatch, the intruders after reaching the cellar going up the stairs to the store. A second break was reported from McDonald & Rowe's woodworking plant where the office was broken into and a quantity of paint and varnish stolen. The adding machine, probably taken for a cash register was found behind a pile of lumber. Entrance was effected by breaking the glass in the window. Police believe the "breaks" to be the work of juveniles they said.

FUNERAL OF THE LATE BERTRAM WALSH—The funeral of the late Bertram Walsh was held from his late residence Tuesday morning to St. Ann's Church, Hope River, where Solemn Requiem High Mass was sung by his son, Rev. P. Walsh of Palmer Road Parish, with Rev. J. A. Gaudet as Deacon and Rev. J. A. Murphy as Sub-Deacon. Rev. J. P. McKenna, Master of Ceremonies, Rev. Gavin Monaghan, Censer Bearer. Assisting in the sanctuary were: Rt. Rev. Msgr. G. J. McLellan, Rt. Rev. Msgr. M McDonald, Rev M. J. Smith, Rev. J. A. McDonald, Rev. F. McQuaid, Rev. R. F. McDonald, Rev. G. V. McCabe, Rev. P. McMahon, Rev R. McKenna, C.SS.R., Rev. J. D. McNeill, Rev. J. B. Croken, Rev. E. L. Murray, Rev. R. G. Ellsworth, Rev. W. V. McDonald, Rev. John Butler of Kansas. Assisting in the Choir was Rev. J. C. Pitre. The pallbearers were: Alexis Murphy, John Connors, John L. McGuigan, James McIsaac, Louis Walsh, and Thomas Reid. Service at the grave was conducted by Rev. P. Walsh.

presidents of the Ontario Plowmen's Association and have been connected with the organization for the past quarter century and, while they have not done very much judging at the annual provincial meet, Mr. McLean has officiated as judge at local plowing contests throughout Ontario down through the years.

He was champion plowman when what is known as the high-cut plow was used. In recent years a change in the type of plow has been brought about due to development in cultural implements, but the principles underlying good plowing remain unchanged.

Twenty-five years ago in Ontario there were four or five plowing matches annually, now there are more than eighty. In addition to the provincial meet there are township, county, inter-county, and district matches. There are also home plowing competitions where junior plowmen plow from two to five acres on their home farms. Judges visit the individual farms and make the placing. From this competition there has developed a very keen interest in the class at the provincial matches known as the county competition in which three junior plowmen from each county compete. At the last provincial match there were 18 counties in the class.

The big field event at the Experimental Station today has been arranged by the Provincial Department of Agriculture, in co-operation with the Dominion Experimental Station.

Urges Teachers Affiliate With Labor Congress

SASKATOON, Aug. 4—(CP)—C. N. Crutchfield, Shawinigan Falls, Que., suggested today, in his secretary's report to the first session of the 15th conference of the Canadian Teachers Federation, the question of affiliating with the Trades and Labor Congress of Canada should be studied.

The 30 delegates attending represented nearly 35,000 public and high school teachers in all Canadian provinces.

Mr. Crutchfield suggested also investigation in the matters of national scholarships in education and establishment of a research bureau in education in connection with the federal bureau of statistics.

J. R. MacKay, Saskatoon, past president, said he feared lower standards of living forced upon teachers in recent years had begun to result in a definite decline in teachers' influence on the pupils for good citizenship.

Mr. MacKay declared he had heard pupils talking of their teachers in such a way as to convince him children were losing respect because the lowered standard of living which some teachers had to accept through salary reductions forced them to the borderline of subsistence.

WOODSWORTH RE-ELECTED C.C.F. LEADER

(C. P. by Guardian's Special Wire)

TORONTO Aug. 4—Under the leadership of J. S. Woodsworth, re-elected president of the Co-operative Commonwealth Federation for his fourth consecutive term, the national convention went on record tonight sanctioning a policy of neutrality for Canada, nationalization of the Bank of Canada and four-fold policy for unemployment.

The convention also endorsed the 30-hour week for labor, following the plea of A. A. Heaps, C. C. F., members of parliament for Winnipeg North, that such a resolution be passed. A group of trade union delegates protested without success that a 40-hour week would be more practical.

Mr. Woodsworth was unanimously chosen president for the coming year after four other nominees had withdrawn. He said he would retain his position as leader of the C. C. F. group in the House of Commons as well. M. J. Coldwell, C. C. F. members of parliament for Rosetown-Biggar, was chosen vice-president.

The resolution on banking and credit control which the convention passed, stated the "failure of the Liberal Government to carry out its election promises to nationalization the Central Bank shows its real link with the financial barons."

The C. C. F. reiterated its policy of credit and investment control and demanded the complete elimination of all private ownership and control from the Bank of Canada.

"There must be public ownership and control of the whole banking resources of the country if the credit resources are to be devoted to socially useful purposes. 'Social Credit' parties by ignoring this essential issue, are tending to lead our people up a blind alley."

Security boards as recommended by the price spreads commission should be set up, the resolution read.

In regard to unemployment the convention passed a four-fold resolution favoring adequate old age pensions at 60, training projects for unemployed and Dominion scholarships to universities, a policy of socially needed public works of permanent value and reorganization of the Federal-Provincial-Municipal measures for relief.

Liner Lady Nelson at Saint John Port

ST. JOHN, N.B., Aug. 4. — The liner "Lady Nelson", Canadian National Steamships, Captain T. R. Coffin, arrived at this port today (Tuesday) via Boston with passengers returning from cruise trips to Bermuda, the British West Indies, and British Guiana. Her cargo consisted of sugar, molasses, bananas and general. The "Lady Nelson" will sail from Halifax on August 13 next with an extensive list of passengers on summer cruises to the romantic isles of the West Indies and to British Guiana via Boston. Summer cruises to the islands of the Caribbean are growing in popularity with Canadians and also with Americans and among them are to be found many who make a cruise each year.

The social life on board these liners is most enjoyable and the temperature is moderated by delightfully cool breezes, particularly at night.

LORAIN, Ohio, Aug 4. (CP) — Dr. H A. Sifling went out golfing and made a new kind of birdie. Shooting from the rough, he lifted his ball into a bird's nest in a tree.

FRENCH PLANES DISPATCHED TO BORDER

Ready To Aid Spanish Loyalists If Neutrality Plea Goes Unheeded By European Powers

(By John Lloyd, Associated Press Staff Writer)

PARIS, Aug. 4—(AP)—France tonight sent six war planes to her southern border—a warning she may deliver supplies to Spain unless European powers heed her plea for non-intervention to stave off the possibility of war.

Fear international conflict might rise from the Spanish civil war mounted here with reports that two German warships dropped anchor today in Ceuta, Spanish Morocco, and that their officers called on Rebel Commander Francisco Franco.

(The German Imperial Government in 1911 dispatched a gunboat to the Moroccan port of Agadir, an action interpreted as a threat to French interests there. The incident stirred both France and England and nearly precipitated a major conflict).

Leftist France saw in this development and the earlier flight of two armed Italian planes to Morocco the beginning of a race to arm the warring factions, authoritative sources said.

Need For Action

To stave off the possibility of a war to determine whether Maxist-Socialism or Fascist dictatorship would be dominant in Europe, the French Government contended the only solution was speedy acceptance of her proposals that European powers agree to supply neither rebel nor Loyalist Spanish forces with the tools of war.

But, it was asserted strongly, France will not be left behind in the arms race if the neutrality agreement is not effected.

This was explained as the reason for dispatching the six pursuit planes to the south. They took off from Villacoublay for Toulouse, ordered to await instructions there. At a word from Paris they could hop quickly to Madrid.

Seen As Warning

The planes originally were built for Lithuania but were said now to have been purchased by the Spanish Government. Their presence in the south, it was indicated, was intended as a concrete warning of French determination.

French officials said the British note suggested other "interested" powers be consulted, presumably meaning Germany and Russia.

But doubt existed as to the attitude Premier Mussolini of Italy might adopt. Manoeuvring by him to delay general agreement on neutrality was considered possible.

An expression from Germany also was awaited. Although originally intended as a tri-partite agreement—France, Italy and Great Britain—increasing tension led to an approach to other nations.

Visit Foreign Offices

The French ambassadors to Berlin and Rome visited the German and Italian foreign officers today in an effort to speed the neutrality stand.

Sources close to the foreign office here said Germany expressed willingness to remain neutral in the Spanish war is Russia and Belgium agreed to do likewise.

Great Britain wanted Portugal included in the agreement, it was stated here, but would make the stand effective as soon as Italy agrees.

Minister of Foreign Affairs Yvon Delbos conferred with Italian Ambassador Cerruti today. Ambassador Albornoz of Spain, whose Leftist government has sought arms from France, also called on Delbos.

French Planes Seized

Seizure of four French commercial planes by the Madrid government further complicated the international picture.

Pierre Cot, Air Minister, admitted to the Chamber of Deputies that the panes had been requisitioned, but after, he added, they had made several trips to and from Spain with French refugees.

An investigation would be made, Minister Cot said.

Both the rebels and government forces, he explained, had taken over private commercial planes of several foreign powers. He denied direct delivery by the French Socialist regime of any ships to the Madrid government.

Cites Four Points For British Security

(C. P. By Guardian's Special Wire)

TORONTO, Aug. 4.—Lord Snell, British Labor peer and chairman of the London County Council, in a brief interview today named four steps he said aer needed to bring security to Britain: A government that will believe in the League of Nations, a League of Nations that will stand up to its responsibilities, greater consolidation of the British Commonwealth of Nations and a permanent peace settlement on social and economic justice.

Lord Snell said he thinks Canada's chief possibility of learning from the Old Country is in "development of a strong labor party." The present Co-Operative Commonwealth Federation is "a child going through the same infant sicknesses as the British Labor party, sprung, nevertheless, of honest parents."

Court Battle Shifts To Tampa Fla.

(By Reiman Morin)
(Associated Press Staff Writer)
(A.P. By Guardian's Special Wire)

LOS ANGELES, Aug. 4—Mary Astor's battle for her baby shifted to Tampa, Fla., when her attorney obtained legal permission to try for evidence there "proving a previous marital relationship" of her ex-husband, Dr. Franklyn Thorpe.

The movie star is attempting to break the court order giving Dr. Thorpe complete custody of their four year old daughter, Marylyn.

Along with the custody action, her lawyers brought an annulment suit. They based it on the assertion Dr. Thorpe married Mrs. Lawton Miles in Florida, and was not divorced from her when he married Miss Astor.

Mrs. Miles, a pretty blond matron, has been a constant spectator at the court battle between the surgeon and Miss Astor. She and Dr. Thorpe have both vehemently denounced the assertion they were married.

At the same time, she was named as one of four women who allegedly stayed overnight, on ocasion, with Dr. Thorpe after he divorced Mary Astor. The testimony was given by Nellie Richardson, a nursemaid.

Meanwhile court sessions have been postponed until next Monday, to allow Miss Astor time to finish a motion picture.

The "set" was sealed tight today as a director raced time in order to finish her last scenes this week. No visitors were allowed and Miss Astor declined to discuss her case. Her attorneys described as "a campaign of character assassination" the frequent questions put yesterday to the star about her friendship with George S. Kaufman, New York dramatist.

New Zealand Govt. Budget For Surplus

WELLINGTON, New Zealand, Aug. 4—(CP Cable)—Provision for an additional £1,710,000 (about $8,550,000) for old age, war and other pensions, and of £250,000 (about $1,250,000) more for defence are included in the first Labor budget presented today to the House of Representatives by Finance Minister Walter Nash.

Revenue will be increased by £1,000,000 ($5,000,000) from the income tax and by £800,000 ($4,000,000) from the land tax, but there will be no increase in general taxation.

Budgeted revenue totals £31,067,000 and expenditure £31,054,000, leaving a surplus of £13,000 ($65,000).

CRICKETER WINS CASE

CHESTERFIELD, England, Aug. 4. (CP)— A charge of being drunk while driving against Harry Elliott, England and Derbyshire wicket-keeper, was dismissed here the other day.

Lorne Valley And Vicinity

Mrs. Herb MacKenzie of Charlottetown is visiting in Lorne Valley, the guest of her parents, Mr. and Mrs. A. C. MacDonald.

Miss Evelyn MacGrath, who is working in Bangor spent the week-end in Lorne Valley, the guest of her parents, Mr. and Mrs. Kimpton MacGrath.

The annual school closing of Lorne Valley School was held in the school room on the afternoon of June 30th. Five pupils, namely, Gordon MacLeod, Bessie MacArthur, James MacCannell, Helen MacAulay, and Evelyn and Irene MacInnis were presented with their leaving school certificates. Their tecaher has taught in Lorne Valley School for the past five years, and he will also teach in this school the coming term. One of this teacher's students passed P. W. C., four more passed the matriculation and twenty pupils passed the leaving school exams in the course of the past five years. The teacher is Daniel J MacArthur.

Mr. W. S. Warren of Brooklyn, New York, is visiting in Cardigan, the guest of his brother, Mr. L. W. Warren, and also the guest of his mother. Mr. Warren has not been to this Island for the past 18 years.

A dance was held in Lorne Valley Hall on Tuesday, July 28th, a large crowd being in attendance.

Miss Florence Jewell of North River, who has for the past week been visiting in Lorne Valley, the guest of Mr. Daniel J. MacArthur, returned to her home on Saturday last.

Mr. Warren MacDonald of Lorne Valley spent the weekend in Souris.

Considerable road work has been done on roads in this vicinity.

Mr. Daniel J. MacArthur of Lorne Valley is spending a few days in North River and vicinity.

Miss Rose Sullivan, who had been visiting friends in Cherry Valley for the past few days, has returned to her home in Cardigan Head.

Master John Menchin of New Perth is visiting in Cardigan Head, the guest of his grandmother, Mrs. Rachael MacLeod.

Mr. Winston Douglas of Charlottetown is again in Lorne Valley, after having spent a few days in Bangor.

Mr. George Leard, owner of Leard's Mills, has invited the school children of Lorne Valley School to his premises on Friday next to spend the afternoon in sports, etc.

Tenders For Coal

Written tenders will be received by the undersigned up to noon on Monday, 10th of August, to supply Springhill or other slack coal suitable for a stoker to Prince Street and West Kent Schools, and also to supply screened or run of mine coal to Queen Square School. The price quoted, to include delivery and storage of coal in the vaults of the above schools. The coal supplied to be weighed on the City scales at the expense of the dealer supplying the same. Coal must be stored to full capacity of the vaults in Queen Square school, but not more than fifty tons of slack coal to be put in the vaults of Prince Street and West Kent schools, at one time. Coal to be placed in vaults as quickly as possible.

It is to form part of the contract, that as the board requires further coal during the Winter and Spring, the dealer receiving the contract will supply requirements with the same kind of coal at tender price but the Board receiving the benefit of any reduction in the price of coal.

The lowest or any tender not necessarily accepted.
