

The Daily Examiner

DECEMBER 3, 1885.

The Subway.

Notice is hereby given that application will be made at the next session of Parliament for a charter to construct a Tunnel or Subway at or near Cape Tormentine and Traverse, connecting the Province of New Brunswick with Prince Edward Island.

We clip this notice from the last number of the Canada Gazette. It is a most pleasing notice. It looks like business; and if "The Northumberland Straits Company" really mean business, the days of our separation from the adjoining continent are numbered.

The Riel Matter.

THE overheated imaginations which saw in the execution of Riel an injury to the French-Canadian name and race, are gradually cooling down.

It is said by some persons that Riel was hanged from motives of party expediency. This seems unlikely; for the persons aggrieved by the execution of Riel are chiefly supporters of the Government!

Those who really think that Riel ought not to have been hanged, should agitate, not for the downfall of the Government which had the courage to carry out the law and the sentence of the court in spite of a section of their supporters holding the balance of power between the two parties, but for the abolition of the law of capital punishment.

Exports for November.

We are indebted to Mr. E. L. Lyford for the following summary of exports for November, from Queen's and King's Counties:—

Table with columns for OATS, POTATOES, MEATS, MISCELLANEOUS, STARCH, MACKEREL, FISH, ALL OTHER, CANNED MACKEREL, LOBSTERS, EGGS. Includes quantities and values for various goods.

About Reciprocity.

THE Toronto Globe's Washington correspondent says:— "It is learned at the State Department that negotiations have been pending for some time between the United States and the British Government for a renewal of the clause of the Treaty of Washington which was abrogated last July."

duce a resolution asking the President to negotiate for a Reciprocity Treaty with Canada. If this resolution receives the favorable attention of Congress, it may induce the President to change his views, but at present he is reported as unfavorably opposed to this method of reducing the tariff on imports.

If this report be true the outlook for Reciprocity is very doubtful. But it may not be true. It is from the Globe.

THE PUBLIC HEALTH.

CONDITION OF PATIENTS. Miss Somers is very low to-day. Miss Breen and Miss McDonald are very sick. The other patients are doing well.

DEATHS. Since THE EXAMINER was issued last evening, Miss Rosa Wood, who took sick at Mr. McCloskey's, Pownall Street, passed away. She went to the hospital on Monday. She was 20 years of age. Lemuel Way, aged 16, died at noon.

ACKNOWLEDGEMENTS. His Worship Mayor Beer acknowledges with thanks the following donations for patients at the smallpox hospital:—Mrs. John Beer and Mrs. Dr. Beer, 1 box delicacies, Mrs. Admiral Bayfield, 9 garments women's underclothing; W. A. Weeks, 1 keg grapes; Mrs. Arthur Swaby, Montreal, 1er M. S. G. D. Longworth, a package of the great smallpox specific, now in use in Montreal.

FLAGS REMOVED. Flags were removed from nine suspected houses, the time of quarantine having expired. Disease only developed in two of these houses.

BENEFITS OF VACCINATION. The flags were to-day removed from the houses of Mr. Bernard McAree, truckman, and Captain Forrest. Mrs. Forrest and Mrs. McAree contracted the disease fourteen days ago, and were immediately removed to the hospital. The former died, and the latter is almost convalescent.

RE-ASSURING REPORT FROM CRAPAUD. A correspondent at Crapaud writes:— Pempshire continues to improve. There are no other cases as yet in his house. The children are suffering from the effects of vaccination. The building purchased by the Board of Health for an hospital has been moved to a field east of Victoria, belonging to D. W. Palmer, Esq. It has been divided into two wards, and is being fitted up and made comfortable.

PRECAUTIONS AT MORELL. At a meeting of the Board of Health for Lots 59 and 40, held this evening, the following resolutions were adopted:— 1. That the house of Julius Cox be released from quarantine to-morrow.

HEALTH MOVEMENTS AT WOOD ISLANDS. The Board of Health for Lots 60 and 62 met on the 30th November. Members present, Duncan Crawford, Wood Islands, Chairman; R. K. McKenzie, Flat River; Daniel McLaren, Flat River; Duncan Taylor, Wood Islands; Donald Beaton, Melville; John McDonald, Caledonia.

PRECAUTIONS AT MURRAY HARBOR. A correspondent at Murray Harbor writes: The Board of Health down here were very vigilant ever since the outbreak of smallpox in Charlottetown; but the moment they became aware that a person who slept at the Rielin House had escaped to Murray Harbor, they actively entered on their duties and that person had a yellow flag speedily placed where he had taken up his quarters.

Warburton & Smallwood, NOTICE OF CO-PARTNERSHIP. The undersigned have this day entered into partnership, under the style and firm of Warburton and Smallwood, Barristers, Attorneys-at-Law, Notaries Public, &c.

ed that the father of that case, Mr. Burn's, is down with the disease. Vessels on entering Murray Harbor have been very strictly looked after, forced to come under quarantine until discharged by the Medical Health Officer.

MURRAY HARBOR BOARD OF HEALTH. The above Board of Health met Nov. 23, 1885, at the residence of Cartney McLure, Esq., Murray River. Members present: Messrs. James Clow, M. L. C., Cartney McLure, Geo. A. C. McIntosh, M. D., James Cuddy and Gavin Reid.

Resolved, That this Board demand the immediate vaccination of all parties within their bounds not vaccinated within seven years, and any not complying with this demand, be forced under a penalty. That any parties within their bounds on whom may rest any suspicion of their having been exposed recently to the contagion of smallpox, to have their houses promptly "flagged."

NOTES. The Micmac Remedy was tried on Miss Hawkins and failed. The crew of the Lucy Pope were discharged from quarantine to-day.

The case of the boy McLaren at Georgetown, is a serious one, and it is believed he cannot recover. Dr. Robins returned from the South Shore this afternoon, where he has been vaccinating the inhabitants.

At a meeting of the Board of Health held this evening, it was decided not to interfere with the medical officer in "flagging" houses. Mr. Burn's, Blacksmith, Montague, whose wife and son contracted the disease while visiting Long Street, is also down with the disease.

A merchant of this city, who went down to an eastern port with a schooner to purchase a cargo of potatoes, was "boycotted" for three days. The farmers refused to sell him a bushel, and the Board of Health ordered him off. However, on Sunday last a kind clergyman came along and three times from his pulpit assured his hearers that the merchant was not infected, and thus gave him a clean bill of health.

Summerside Exports.

Table listing exports from Summerside, Dec. 1. Includes items like pork, beef, mutton, and various goods with their respective values.

On the 3rd inst., at Charlottetown, the wife of Francis H. Arnaud, agent Merchant's Bank of Halifax, of a daughter.
