

Back Stretch

at Roosevelt last season, was fourth in 2:07 1/2, third in 2:08 1/2 and fourth in 2:09. Fairfield Bay did not start. Both are entered in the \$1,000 Miramichi Stake which will be raced at Chatham July 1st. Others we noticed that day was Little Delbert, that seemed to have all his speed and Bruce's Sister 3, 2:13 1/2, fastest Maritime bred 3-year-old pacer last season.

The Len O'Meara stable is also attracting a lot of attention. All the members seem to be in excellent form and none have been asked for great speed. The fastest mile was probably paced that day by Impact, that won in 2:05 in California at the November meeting there. A last eighth finish in 15 seconds is very handy for this horse. Another member of this stable we liked very much is the beautiful grey pacing mare My Darling 2:08 1/2. She has been easy miles around 2:22. Then there are the trotters Real Fingo, that Len handled so successfully last year and gave a record of 2:15 1/2, won 10 firsts, three seconds and six thirds in 29 starts, and was one of the top trotters in a winning start last season. She has the faculty of coming home with a terrific finish. The other trotter that is showing good manners and speed is April Bud 2:15 1/2. Len looks to have the key to this chap and if so trotters beware. Several other good horses make up his total and we would call it a strong stable.

Walter Hennessy has the free for all pacer Royal Value 2:04 1/2 that showed a brilliant mile in his first start last season, then had to be let up on, now appears perfectly sound and we look to him to be good in his class. Another one in the Hennessy stable is Sneezy Sam 2:15 1/2, that is showing up well. The Ike Morside stable has been strengthened by the splendidly bred pacer Prudence By 2:05 and next to Sir Joseph, her appearance on the track gets the most attention from the fans. She is a very high toned lady, resembling her granddaddy, Prue Gratton 2:03 1/2. She paces the same way and has all the fiery speed and ambition to get away that characterized the winner of the \$25,000 Kalamazoo Derby. Not too much has been done with her this season prior to coming here and she is showing good judgment in numbers of slow miles under her belt. In mid-July watch for Prudence Hy. That good trotter Rajah Hanover 2:13 1/2, owned by Myron Bell, looks especially good this year. He let him drift a bit around 2:25 but he came home flying. He will be well liked in his class. Incidentally there are a lot of trotters this season who seem to have an almost equal chance to win the money and the trotting classes are bound to be more popular than ever.

The Harold Stead stable that had some home work before moving to the track is showing up nicely. We especially liked the pacer Sulk Chief in his workout miles that day. Also Sir John D., the newcomer from Newfoundland whose dam is Harvest Melody 2:10 1/2, that equalled the track trotting record here in her first start in 1936. He is a very smooth pacer and in company with the trotter Peggy Ellis 2:11 1/2 was timed miles around 2:30. Peggy raced very well indeed in the opening race last year and now looks as though she is in even better form than when she came here from Quebec, having had the advantage of winter's care and spring training from that good horseman, Harold Stead.

Emmett "Cowboy" Bernard, who has had the old standby Miss Donna Mae 2:11 out, also the trotter Sunny B. 2:18 1/2, that he has since changed to the pace and that good trotter Joandale 2:18. Lem Neal, who has moved in and is being welcomed by everyone, showed up the home-owned pacer Sir Felix L. 2:09 1/2 in a workout around 2:35. Also the very promising trotter Miss Pall 2:18 1/2. There is not a better or easier gaite one at the track than this daughter of Pagliacci. The Lorne Kelly stable has been given all its training since moving to the track by Sam Birt and rain or shine Sam sees that he charges get the right amount of work. The sisters Muriel E. 2:16 and Marion E. 2:14 were both stepping miles around 2:30 and taring to go.

The Ellwood Shaw stable paraded Hagaban 2:10 and he was not asked for anything better than 2:30. Aber McGraw 2:10 1/2 worked in about the same notch as Ellwood has a number of good prospects in addition to the above. From the Justamer stable, owned by Dr. R. F. Seaman, we had the pleasure of having a workout with Waymark 2:16 1/2. He was trotting beautifully and came the last half of a mile in 1:08 heading Lassie Lucille driven by the writer. The 4-year-old pacer Karen Dirksen 2:14 and she was asked for slow miles, but attracts the attention of everyone whenever she appears on the track. She is an excellently bred mare purchased at Harrisburg three years ago.

The Horace B. Willis stable with faithful Howard MacKay, exercised Argot winter 2:07 that day, Keppoch Playgirl 2:14 and the trotter Big Boy, that looked real good in a mile in 2:35. The Sam Kennedy stable is particularly strong this season and one of the best liked in it is Morrell Woody 2:07 1/2. She is a very busy pacer and is said to have a lot of steam. Sam's best mile has been around 2:30 this year. She has also had Fairgo 2:10 1/2. The writer worked on the track. Hunter River is well represented with the Elmer Smith stable. Bud's Echo 2:15 1/2, one of the best trotters last season, worked in the same notch and Calumetta around 2:35. This young trainer

deserves a great deal of credit for the way he is handling his horses and the good results he had with them last year.

Montague is well named "the Beautiful" but it also has the distinction of having more race horses for its size than any similar place on Prince Edward Island. Horsemen there have the advantage of a really good track to train on and when prepared for racing is very fast the track records being: pacing 2:07 1/2 made by Patrick Direct 2:07 1/2, driven by R. Isnor, in 1934 and trotting, 2:08 1/2, made by Heatherbell 2:08 1/2 driven by Col. D. A. MacKinnon in 1936. At present the following horses are being trained over it. The pacers: Frazier J. Walter 2:16, Real Joe 2:14 1/2, Cottage Frank, a 3-year-old by Simcoe Harvester, Ruthie, also a 3-year-old by Real Money, Doctor J. D., a 4-year-old by Real Money, dam Daisy Budlong, Springhill Tidy, five years old, his stable mate, Dinah Scott, a 4-year-old trotter, Dot's Pal by Pagliacci, and the brood mare Valley Long, who has a beautiful foal at foot. The above are all owned by Annear and Lowery and are being trained by Alfred Lowery, who also has that good pacer Colonel Budlong 2:18 1/2, owned by Hon. Dougald MacKinnon in splendid condition and working miles around 2:32. Jolly Bud, a 5-year-old pacer by Jolly in the Lowery barn and has been miles in 2:31 for trainer Johnny Gay. Jolly Bud is owned by Harold Cadmore and Johnny Gay. Leo Collins is training a 2-year-old trotter owned by Jim Shaw, that is showing up very well and Cecil Drake is working Penny Royal 2:20 1/2, Billy Budlong 2:32 and Roy Harvester.

Sydney's first races Monday afternoon drew an attendance of 2,000 persons. The afternoon was beautiful and the track fast. The three horses, Lynch Chief, Judge and the other trotter that was purchased at Harrisburg sale, distinguished themselves and showed that the buyer had made excellent selections. In races 1 and 3 Classified Trot and Pace, the 9-year-old trotter Judge Morris 2:09 1/2 won handily in 1:05 1/2. He is owned by Angus Morrison and Sydney River, was driven by Joe MacDonald. Gallant Bobby was 2:2. In races 2 and 6 Lynch Chief 2:11 1/2, a 5-year-old that took his record last year at Maywood Park, Chicago, and is eligible to the 2:23 pace, won in 1:02 1/2 for driver M. Chaisson, and was second to Bud's Best 2:12 (Dr. MacDonald) in last race, time 1:03 1/2. He is owned by Mrs. Kearney. New Waterford. And now we have to praise Bud's Best, that won race 6 and forced Lynch Chief in race 2. Bud's Best is by Calmet Budlong and is out of Alestra 2:13 1/2 and was bred by Bert Young, Winsloe.

In races 3 and 7. Classified Trot and Pace, Colonel Hansford 2:10 1/2, owned and driven by Tim Donovan, Glace Bay, was 1-1. Grey Eagle 2:10, 2-2. Grey Eagle was purchased at Richelieu Park, Montreal, last fall and was four times first, three times second and five times third in 1934. In last race, time 1:06 1/2. Mack Fingo is, Bonnytime 2:08 (M. Chaisson) All, Hand Book 2:03 (D. Ratchford) 2-1. Time, 1:02 1/2, 1:03. Bonnytime has terrific luck and won a nine-sixteenth mile race at Maywood Park last summer in fast time so early in an unfavorable season for training are quite outstanding. Bonnytime is owned by MacKinnon and Beach, New Waterford, and Hans Book by Richard Jabales, North Sydney.

Truce races Monday afternoon also drew a large attendance and the racing was thoroughly enjoyed. Race No. 1 was won by the 15-year-old Mack Fingo 2:13, owned and driven by F. Morside, time, 1:06 1/2. Mack Fingo is racing on the pace this season. Races 2 and 7 were won by Reta Federal 2:16 1/2, owned by M. C. Taylor, Moncton, and driven by Jimmie Given, best time 1:06 1/2. Race No. 3 was won by Fingo's Girl 2:18 1/2 (Connors), owned by J. Morash, Halifax, time 1:09 1/2. In races 4 and 8 Miss Alice Guy 2:13 (Pinkney), owned by A. Morash, Dartmouth, was 1-2. Reed's Cardinal 2:14 (E. Haley), owned by E. Smith, Sydney, 2-1. Time, 1:05 1/2. Races 5 and 9 for trotters were won by Pepper Boy 2:14 1/2, owned and driven by George Turner, Dartmouth, time 1:07 1/2, 1:07 1/2. Stewart, Murray River, 2-7. Carrie Pigeon (E. Haley), owned by E. Smith, 4-2. Races 6 and 10 were won by Josedale Clansman 2:09, owned and driven by Don Turner, Dartmouth, Junior Hal 2:10 (Given) 2-6, Miss Kitty, Bunter 2:10 (Daniels) 6-2, time, 1:04, 1:05 1/2. What was probably the fastest quarter of the Maritime was that Monday was stepped by Josedale Clansman in the 6th race at Truro—30%.

A valued friend sends us this news: "Was over to Saratoga Raceway Wednesday last and saw some of the boys you know. Angie Allen has had two boys, horses and two others. There are several good prospects among them. He isn't going to Vernon Downs this year. He does a lot of driving for other men and does very well at it. I met Johnny Quinn from Charlottetown, who has an eleven horse stable owned by Bohemia Farm of Maryland, and the home of the tall, Dan Truax. He did quite well with those horses in Maryland last fall and had a string of horses for Eddie Myer of Harrington, Delaware, at Freehold, N. J. last summer. The owner of Bohemia Farm breeds these horses himself and is always expecting to get another Pronto Don 1:59, one of the world's greatest money winners. He has a couple that can go around 2:07. Quinn spoke of you and was very interested in any and all news I had from 'Down East'. He married the former Mary Lou O'Connor of Rhode Island, who matined horses and won consistently with them three to five years ago when she was about seventeen. She is a very

Won 60 Bouts Without Loss

Ron Paulsen, 15-year-old Edmonton boxer, who hasn't lost a bout in 60 fights, is Canadian bantamweight champion. Paulsen, five foot, 10 1/2 inches, is Canada's youngest titleholder. His record may earn him a berth on Canada's 1936 Olympic boxing team. (CP Photo).

Hunter's Corner

was just as elusive. Finally got the mess sorted out and laid the rod in the boat. It is a pleasure to have the Mayor of Charlottetown on the platform this morning, and from this College which has enjoyed such a long association with the City, we extend to His Worship and the Council congratulations on the centennial and good wishes for the century to come.

"The senior high school and college program is, or should be, interrelated very much on life itself, and here we try to have the students meet challenges which they will be called upon to face later on. They need to learn to work, to think, to assume responsibility, and to live with their own ideas. All valuable functions in later life, and they must learn to do these things themselves. They are not here merely to cover a curriculum and get a certificate; they are here to learn to live. They enter at sixteen years of age and leave at either eighteen or twenty. These are the years for maturing, for changing from child to adult, and it is very important to see that the young person has the chance to go through this process as effectively as possible. It is fascinating to watch the change in students from when they enter first year to when they graduate. Some change quicker than others, but the big majority gain an experience at an important stage of their lives which will be invaluable later on.

slot in the locked compartment of the box. He tells me there are a lot of good sports who always pay up. A number are repeats who visit the dam once or twice a week but the money is always deposited. . . . sometimes a dollar at others 50 cents. He tells me that often he visits the dam to find that the boats have been used and no deposit made. I know he speaks the truth for a friend of mine was fishing off the bank one evening and watched four anglers, two in each boat, row ashore and after gathering up their catches, put the box without even glancing in its direction. They couldn't have by-passed it more carefully if a big Airdale had been chained to its base. My friend also informed me that all four were carrying terrific catches of twenty plus. The proprietor informed me that if the situation, in respect to non-payment for boats used, did not improve he would be forced to padlock them. This will mean that anglers will have to drive two miles to the homestead for the key and will have to return same when they are through fishing. A few may have neglected the little chore of paying for the use of the boat not realizing a fee is charged but others are definitely not in this category. A word to the wise is sufficient. . . . don't spoil a good thing.

many generations, the good will of the city in which it sits. It is a pleasure to have the Mayor of Charlottetown on the platform this morning, and from this College which has enjoyed such a long association with the City, we extend to His Worship and the Council congratulations on the centennial and good wishes for the century to come.

"The session just ending has been a busy and successful one. From the standpoint of studies the big majority of students worked industriously and gained, we hope, a large measure of knowledge and experience. Some have not done well — there are always some who don't in every institution, educational or otherwise, — but they have seen what the educational process is and, with increased effort and attention, they can return to the task and complete it. The extra-curricular activities have also been successful and have contributed greatly to the educational background of the students who participated in them and kept up with the studies.

"The senior high school and college program is, or should be, interrelated very much on life itself, and here we try to have the students meet challenges which they will be called upon to face later on. They need to learn to work, to think, to assume responsibility, and to live with their own ideas. All valuable functions in later life, and they must learn to do these things themselves. They are not here merely to cover a curriculum and get a certificate; they are here to learn to live. They enter at sixteen years of age and leave at either eighteen or twenty. It is fascinating to watch the change in students from when they enter first year to when they graduate. Some change quicker than others, but the big majority gain an experience at an important stage of their lives which will be invaluable later on.

"I want to congratulate the students generally for their co-operation in maintaining the order and decorum of the College. I have had a close working knowledge of several high schools and colleges and I have never seen a group of students conduct themselves as well as our students. The Prince of Wales students. The proportion of restless souls is comparatively small, and they fortunately have in the others many examples of maturity and good sportsmanship to follow.

"Students' Affairs have been handled well by the Students' Council under the presidency of Goodwill MacDougall, and we compliment the Council which is made up of representatives of the various years elected by the student body. Again an splendid yearbook has been produced by the staff of the Welshman who have given us a valuable record of the year's activities.

Sports and Music

In athletics a successful program of extra and intra-mural sports was carried on. The auditorium makes a fine gymnasium and the physical training courses have proved a healthy form of recreation. The army, navy, and air cadets had a good year. The football team carried off the intercollegiate Championships and the Curling Team made a splendid showing in Dominion-wide competition. It is always interesting to note too that many of our best athletes do splendidly in their studies thus showing what happens when students learn to combine their activities in proper proportion.

"Music and dramatics continued to be high in both quality and educational value. The girls' and the boys' choruses had a good year under the efficient direction of Miss E. Lillian MacKenzie and they presented a fine concert. The Concert Series brought distinguished young Canadian artists to our stage. The students' variety concert was probably the highlight of the year. It was well received for it revealed the large amount of dramatic and musical talent in the student body. It is always significant to note how such a group encourages students who might otherwise never learn to speak or sing in public and how it adds to the spirit so necessary to school and college life.

"The annual Samuel Robertson Memorial Lecture was delivered this year by Dr. Chas. W. Whitton, Mayor of Ottawa. Entitled "The Decay of Democracy," it presented a challenge which all citizens would do well to note. It has received much publicity in all parts of Canada and it is to be published in pamphlet form in the near future.

"An interesting link with the past was given to the College this year by Mrs. Harriett Dudley of Yarmouth, N. S. It is a portrait of her grandfather James Breeding who taught from 1820-1839 in the National School which was the forerunner of the Central Acad. This picture now hangs in our lower corridor in recognition of the first in a long line of devoted teachers who have taught on this site.

Memorial Plaque

"At this ceremony we are to unveil a memorial plaque in honour and remembrance of students of the National School who served in the Second World War. The plaque was erected and paid for jointly by the student body of 1954-55 and the Board of Trustees of the College. On this tenth anniversary of the end of the war it is well that we recall the names of those who served. The plaque was erected and paid for jointly by the student body of 1954-55 and the Board of Trustees of the College. teaching rapidly declines in effectiveness. And so often these are the last to realize that they could be replaced by a gramophone, a textbook, or a television set and no one would miss them. There are no exceptions; you can't teach well for very long if you stop studying.

"I therefore say to all of you who are going forth today that you should resolve to treat your brain like you do your stomach—give it nourishment each day, for starvation of the mind is a serious handicap in any walk of life.

"In this connection let me point out a weakness which is becoming increasingly alarming in our society and which you can make allowance for now. Far too many people get the idea that success in life means running something rather than doing something, and, as a result, we are living in an age of societies, organizations, committees and frittering away our energies in doing things of secondary importance.

Many observers of democracy feel that we are over-organized, over standardized, and over administered, that we are losing the art of thinking and acting as individuals, that we are being led rather than living and that we do what is fashionable rather than what is right.

Individual Effort

"It is true that man must learn to take his place in society, but it is also true that he won't be very effective as a member of society unless his individual life and work are effective. It's too easy to shirk his own work and run a committee or tell other people what to do. More harm has been done in this world by undisciplined social reformers and meddling busybodies than by any other group. You as students should resolve to do your work and organize your personal lives first, then, and only then, participate in society's organizations. If this process is reversed you will be of little use either to society or yourself. After centuries of experience removing the beam from your own eye before bothering with the moats in the eyes of others is still good practice.

"Each of you should remember, too, that the person you are going to be most intimately associated with in your lifetime is yourself. If you are a well-adjusted individual with a high spirit and a noble conscience you will live well and be a worthy associate of others. If you can't live with yourself don't expect to make your full contribution. Your student days are the time for self-discipline, self-reliance, and self-dedication. Anyone can cover courses and get certificates, but these are only the incidentals of the much larger and more permanent process. Be sure not to mistake the form for the substance.

Major Changes Unlikely

The prime minister kept silent about the makeup of his government in the wake of the balloting. No major shakeup was expected, but some politicians anticipated minor changes.

Foreign Secretary Harold Macmillan was sure to carry on in the foreign office. R. A. Butler, No. 2 man in the party, was a cinch to stay as chancellor of the exchequer.

The government will have no Communist MPs to contend with. All 17 Red candidates were resoundingly defeated.

Labor was hurt badly by the big stay-at-home vote. Less than 27,000,000, or 76.82 per cent of the nearly 35,000,000 eligible voters went to the polls. At the last election in 1951, 82.3 per cent of the eligibles cast ballots.

Lorne Valley

"Miss Jane MacGrath and Master John MacGrath were visitors to the City on Tuesday.

Mr. Fred MacLeod who has been taking third year at Prince of Wales College has returned to his home in Lorne Valley. His mother, Mrs. James MacLeod is spending some time with him. They are receiving a warm welcome from their many friends here.

Mr. John McAuley, Charlottetown, spent the holiday week-end with his mother, Mrs. M. McAuley. He also visited his brother-in-law and sister, Mr. and Mrs. Stanley Ferguson.

Guests at the home of Mr. and Mrs. Malcolm MacLeod on May 22 were Mr. and Mrs. Alex MacDougall and children, G. E. I. D. Roger, Fernie and Wendolin, Montague, Mr. and Mrs. Leigh Cobb, Millburn, and Mr. Kenneth MacLeod, Charlottetown.

Mrs. Minnie Ferguson, Salt Springs, N. S., is spending some time with members of her family here. A former resident of this vicinity, Mrs. Ferguson always finds the welcome mat down when she returns on a visit.

On Sunday, May 22, service at Lorne Valley Church was conducted

Eden Party

overwhelming trend to the right, this first May election in 26 years showed that the pattern of voting still is pretty well fixed. The Liberals, with one probable winner to come, seemed likely to have six Commons members, the same as in the last House. Six other candidates of all types suffered the usual drubbing.

All party leaders emerged unscathed, including Liberal Clement Davies. In addition, 24 women members were returned to what will be the first new Parliament of the Queen's reign. This total equalled the record set in 1945.

Churchill Back Again

Sir Winston Churchill, fighting his 15th national election in a 55-year span, easily won Woodford and remains an ordinary member of Parliament in his 11th year as a Candidate of Canadian origin or background did well. One notable performance was recorded by Cmdr. Charles Donaldson, Conservative, formerly of Vancouver, who increased his majority in a Scottish constituency from 629 to 7,170.

One of the strangest election developments came in Northern Ireland where a Sinn Fein candidate, imprisoned for an armed attack on a British military barracks, was elected to represent the Mid-Ulster constituency. The jailed candidate was Thomas Mitchell, whose Sinn Fein organization is dedicated to uniting Northern Ireland with the Irish Republic by force if necessary.

Queen Elizabeth got word of the Conservative win through a radio installed in the royal box at Epsom, where she watched the Oaks, a turf classic. She will preside at the ceremonial opening of the new Parliament on June 14.

NEW 5-YEAR MANDATE

The nation's verdict means that the conservatives have received a five-year mandate with far greater parliamentary authority than they wielded with their slim, 17-seat margin in the old House of Commons.

Not in 90 years had the party in power been able to increase its majority in a parliamentary election.

It seems that the country has said to us 'get on with the job.' Eden told party workers. "We will do everything in our power to fulfill the trust of the country, which has treated us with such generosity."

New Anaesthetic Reported Safer And More Effective

GENEVA (Reuters)—Two American doctors reported by the International Code of Surgeons Thursday on a new anaesthetic developed in the United States—viadril—claimed to be safer and more effective than any now known.

The report on the new anaesthetic was presented by Dr. Gilbert S. Gordon, Jr., associate professor of medicine, and Dr. Frank J. Murphy, chief anaesthetist, both of the University of California's school of medicine in San Francisco.

An announcement said viadril (hydro-oxylone sodium) was used by Dr. Gordon and Dr. Murphy at Guadagni, of the university's Langley Porter Clinic in San Francisco, successfully in more than 130 operations.

MANY ADVANTAGES

The new anaesthetic, a steroid, class of compound represented by cortisone and the sex hormones, but viadril has no hormonal activity. By Mr. Murphy's suggestion, other steroid compounds may be found which will exhibit even more useful anaesthetic properties.

The anaesthetic properties of steroids first were noted in 1941 by Dr. Hans Selye at McGill University, Montreal.

The doctors cited the advantages of viadril over present anaesthetics in that it allows a great margin of safety; allows easier control of the patient by being an easier anaesthetic; causes less respiratory throat area reflexes; smaller depression; diminishes nose and amounts are needed to prepare patients for surgery; and patient recovery is faster and easier.

by the Minister, Rev. D. A. Campbell who took his text from St. Matthew 13:3. Mrs. Daniel Shaw presided at the organ.

Mrs. George MacInnis spent a few days in Charlottetown recently. While there she was the guest of her son-in-law and daughter, Mr. and Mrs. John Spencer, Mount Edward Road.

Mr. Vernon MacDonald, Charlottetown, motored to Lorne Valley on May 21, to spend the holiday week-end with his brother, Mr. Wilbur MacDonald.

Mr. and Mrs. Earle James, Midfield, motored to Lorne Valley on May 18, where they were the guests of Mr. and Mrs. Francis MacInnis.

Miss Mary MacKinnon was visited by her brother, Mr. Clarence MacKinnon of Toronto, Ont., on May 17.

An enjoyable week-end was spent at the home of Mr. and Mrs. George MacInnis when they had the pleasure of having all the family with them, namely Mr. and Mrs. Lloyd MacNevin and children, Marion, Roddy and Barbara of Pugwash, N. S., Mr. and Mrs. Oliver Douglas and children, Marlene, Lloyd, Kathy and Karen of Head of Hillsboro, and Mr. and Mrs. John Spencer, Charlottetown.

Mr. and Mrs. Edward "Ted" MacGrath and son Gary of Truro, N. S., motored to Lorne Valley, on May 21, to spend the holiday week-end with Ted's parents, Mr. and Mrs. Munro MacGrath.

Miss Chris Shaw, Charlottetown, spent the holiday week-end in Lorne Valley. She was the guest of her parents, Mr. and Mrs. Daniel Shaw.

Mrs. Harry MacLeod and daughter, Dawn, Salt Springs, N. S., were week-end visitors to this vicinity. They were the guests of her former brother and sister-in-law, and Mrs. William Ferguson. —A.M.

LONG CREEK W. M. S.

The May meeting of the Long Creek W. M. S. was held at the home of Mrs. Reg MacFadyen with twelve members and two visitors in attendance.

Meeting opened by singing "Worship the King." John Currie was in charge of the devotional period and chose as her text, Matt. chapter six, followed by repeating the Lord's Prayer in unison, and a hymn.

Minutes of the previous meeting were read and adopted.

Collection amounted to \$4.90.

A card acknowledging an expression of sympathy and received from the "MacPhee family," two members contributed to our birthday box.

A special collection was taken for "White Cross Supplies"; this amounted to \$2.58.

Mrs. Brent Currie, kindly invited the members to her home for the June meeting. The meeting closed by repeating the Mizpah benediction.

Lunch was served by the hostess and a social hour spent.
