## Laws of the Frisbee

1/ The most powerful force in the world is that of a disc straining to land under a car, just beyond reach. (The technical term for this force is "car suck".)

2/ The higher the quality of a catch or the comment it receives, the greater the probability of a crummy return throw. ("Good catch. . . Bad throw.")

3/ One must never precede any maneuver by a comment more predictive than, "Watch this!" (Keep 'em guessing.)

4/ The higher the costs of hitting any object, the greater the certainty it will be struck. (Remember: The disk is positive; cops and old ladies are clearly negative.)

5/ The best catches are never seen. ("Did you see that?" "See what?")

6/ The greatest single aid to dis-

tance is for the disc to be going in a direction you did not want. (Wrong way = long way.)

7/ The most powerful hex words in the sport are: "I really have this down -- watch." (Know it? Blow it!)

8/ In any crowd of spectators at least one will suggest that razor blades could be attached to the disc. ("You could maim and kill with that thing.")

9/ The greater your need to make a good catch, the greater the probability your partner will deliver his worst throw. (If you can't touch it, you can't trick it.)

10/ The single most difficult move with a disc is to put it down. ("Just one more!")

## The Un-amazing Pace of School Hallways

By James Lee  
 The Peak  
 (Simon Fraser University)

## NOTICE:

I would like to extend to all of UPEI a very sincere, grateful, heartfelt thank you on behalf of the Haitian Emergency Relief Initiative.

Staff and students on our campus really seem to understand the devastation that occurs in Haiti.

I should note that, although this fundraising was specifically for emergency relief, Haiti and many other countries around the world need our help daily. If we could remember to live as citizens of the world, we could really make a difference.

I'm proud of everyone who donated time, money or concern to the cause. Your actions will not be forgotten by the Haitian Emergency Relief Initiative.

Initial Goal -> raise \$1000 in 1.5 weeks

Final Tally -> raised \$2096.43 in 1.5 weeks

Thank you,  
 Susan Fitzpatrick
