DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS

Toronto: Market higher, trading moderately active.

Montreal: Narrowly higher, moderate trading.

New York: Mixed to higher, active trading.

CURRENCIES

MONTREAL (CP) — United States dollar in terms of Canadian funds unchanged at $1.07 ¾.

Pound sterling unchanged at $3.00.

NEW YORK

NEW YORK (AP)—Late improvements by some key issues rescued the stock market from irregularity Thursday and gave it a thin gain on average. Trading was moderate.

General Motors and Chrysler, which traded at a loss for a good part of the session, rallied in late trading, GM rising 1⅛ to match its high of 97⅞ and Chrysler gaining ¼ at 58½.

The Dow Jones industrial average rose .94 to 846.02. The Associated Press average of 60 stocks rose .5 to 317.3

U.S. Smelting which plunged 8⅛ to 126⅜ on news it has deferred a recapitalization plan which would have entailed a 3-for-1 stock split.

The election in Chile today caused further selling in Anaconda, off ⅞, and Kennecott, off 1½. A leftist candidate for president has promised to take over the properties of those companies in Chile if he wins

Canadian Pacific was outstanding on the Canadian list, adding 2 points. Higher by ½ were International Nickel, Granby Mining and Hudson Bay Mining. Distillers Seagrams lost ½.

American Exchange prices were irregularly higher. Canadian Javelin added ¼ and Fargo Oil 1-16. Off ⅛ each were Canadian Marconi, Jupiter Corp., and Scurry Rainbow Oil.

Maritimes Urged To Await Report On Nfld. Power

ST. JOHN'S, Nfld. (CP) — Premier Smallwood says he hopes no one in the four Atlantic provinces will make any "final and firm commitments" on power before the final feasibility report on the Hamilton Falls project is received.

Mr. Smallwood informed St. John's sources that he met with Premier Robichaud of New Brunswick following Tuesday's official meetings in Charlottetown and "I brought him up to date on our Hamilton Falls project to bring power through eastern Labrador, Newfoundland, the Maritimes, and into New England."

"Of course," he said, "I am endeavoring to keep the Maritime premiers thoroughly informed on the whole question. My hope is that no one in the four Atlantic provinces will burn any bridges—that no one will make any final commitments on power until we receive the final report."

The Newfoundland government has retained the British firm of Preece, Cardieux and Ryder to study the billion-dollar project. Proposed plans call for a giant transmission system which would carry the power to New England but would drop off surplus power in the Maritimes.

Some authorities have expressed doubt over the success of the project as the power must not only travel thousands of miles by towers but must pass underwater by transmission cable.

Sugar Prices Seen Likely To Fluctuate

VANCOUVER (CP)—Sir Jock Campbell, visiting British industrialist, said here violent fluctiations in Canada's wholesale sugar price will continue as long as Canadian refiners buy sugar in a free market.

Sir Jock, chairman of the Commonwealth Sugar Exporters group, an organization of sugar growers, said Canada is one of only a few countries which do not buy sugar under a contract - agreement with a supplying country.

He said less than 10,000,000 tons of a world production total of 55,000,000 tons are sold on the free market, with the remainder marketed under protective arrangements which are reflected in stable wholesale and retail prices.

Sir Jock said price changes have been particularly violent since the rift between the United States and Cuba — the major world producer of sugar.
