

Queens County Fishermen Promote Dam Construction Red Cross Clinic Asks 270 Today

Charlottetown and Queens County The Guardian, Charlottetown, Thurs. April 12, 1962 5

Highmark Of 94 Given In Festival

Four sessions of the P.E.I. and Jersey County's highmark festival, the second last day of the festival's activities. The highest mark awarded on the highmark festival, 94, was given to one of yesterday's participants, Hector Burke, Charlottetown.

In the morning session at the Community Centre, Kevla Josey, Charlottetown won Class 5A Irish Jig (9 and under) with 97 1/2; 2. Paul Smith, Kintore, 84; 3. Rozama Grosvenor and Mary MacKenna, Charlottetown, 85 each.

Class 2P Step Dancing (10-13 yrs.) 1. Valerie Penny, Charlottetown, 85; 2. Clara Steele, Bedford; 3. Rozama Grosvenor and Judy Redmond, Lake Verde, 82 points each.

Class 2B Gaelic Chorus (senior) 1. Caledonia Gaelic Singers, Caledonia, 85; 2. MacLennan's Artense MacDonald, Charlottetown, 83 points.

Class 48 Sword Dance (13-18 yrs.) 1. Heather Burke, Charlottetown, 84; 2. Carol MacKenzie, Mt. Stewart, 84; 3. Judy MacLean, Charlottetown, 83.

Class 49 Rhythm Tap (13-18 yrs.) 1. Pauline Sherren, Charlottetown, 87; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 50 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 51 Double Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 52 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 53 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 54 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 55 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 56 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 57 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 58 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 59 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

Class 60 Rhythm Tap (senior) 1. Pauline Sherren, Charlottetown, 89; 2. Judy McKinnon, Malpeque Road and Judy Goff, Emerald, 85 points each.

The Queens County Fish and Game Association, a member of the parent P.E.I. Fish and Game Association, last year had a membership of around 100.

The first unit to promote dam construction, Earl Riggs, Charlottetown, vice president of the union, said dams are a great improvement, since they provide extra source of natural beauty, conserve water, and prevent floods from going dry by keeping moisture in the ground.

Mr. Riggs said that the Johnson's River dam, built about 1940, was the first to be constructed. A local farmer who has lands bordering on the dam, says the river now yields three times the crops it did formerly.

Whenever the association has made suggestions, the government has almost always accepted them. "We appreciate very much," commented Mr. Riggs.

Mr. Riggs said that the Queens County unit has for its project this year the replacement and increase of game birds in the province. He said they were going to use old fox ranches as homes for female birds.

The female wings will be clipped and banded, while male birds will be let go free from captivity. "Out, the bird is a game-bird, and back at the fox ranch it is in a sanctuary," stated the association president.

Asked why the male birds were let go, he said, "It is based on the oldest game law recorded, in the book of Moses in the Bible, it states that 'thou shalt not kill the dam of the flock,' and I guess this is sort of our reason."

Mr. Riggs said he hopes many more members this year will be added to the Queens County branch, so that it may carry out the planned projects with the greatest efficiency.

Yesterday's morning and evening sessions of Red Cross blood donor clinics being held at Zion Church Hall resulted in 270 donors registering on the day's objective of 420.

Keen interest was maintained in the various competitions which were continuously checked by members of the Red Cross blood donor committee for Charlottetown.

Three complete shifts consisting of some 60 volunteers drawn from the Zion Ladies' Auxiliary, St. Dunstan's Parish church of the Catholic Women's League, the Charlottetown Business and Professional Women's Club, the Nurses' Association and Red Cross high school, council and Birchwood and Notre Dame, were at work.

Red Cross officials said last night that at least another 270 donors will be required at today's concluding afternoon session. They said they would like to reach the objective and insure that a sufficient supply of blood will be available to meet the current needs.

DIES IN 100TH YEAR
TRURO (CP)—Funeral service will be held Friday for Mrs. Ruth Archibald of nearby Eastville who died Tuesday night in her 100th year. Mrs. Archibald and her sister, Mrs. Samuel Cox, who died last year, had been among the oldest twins in Canada.

Scientists Report Progress In Control Of Insect Pests

The annual conference of the Acadian Entomological Society has been in session during the past two days at the Experimental Farm in Charlottetown. Members of the society from this province and from New Brunswick, Nova Scotia and Maine, and invitation speakers from New Brunswick and Ontario, were welcomed by R.C. Parent, superintendent of the Experimental Farm.

The sessions were chaired by D.C. Reed, president of the society, and submitted papers were presented by members from the Maritime Provinces and Maine.

The theme of this year's conference was centred on biological control of insects on vegetables and fruit and forest trees, with special emphasis on the use of natural enemies of insects.

Dr. G.E. Burger, Belleville, Ont., presented a paper on the use of biological control in the control of insects on vegetables and fruit. He said that biological control is the answer to many of the pest problems resulting from the use of chemical insecticides.

RCMP TO GIVE FASTER PHONE SERVICE

A brand new revolving telephone number, system has been installed at the RCMP barracks to provide faster service to the public and assure them of getting a reply.

Inspector A.S. McNeill explained that the new number — 4554 — will now by special hook-up, reach the Charlottetown detachment, traffic branch, NCO in charge of the detachment and the preventive service.

It was this way, if a call is made to the detachment and the line is busy the traffic branch is automatically switched to the telephone of the preventive service.

Inspector McNeill said the change was made to enable the public to be certain of getting a quick answer and not being held up on repeated calls because the number called gives a busy signal.

Boarder Found Dead In City
George Dingwell, 52, was found dead in bed at his rooming house at 187 Prince Street, by police shortly after 6 o'clock last evening.

The proprietor of the boarding house, Hilton Harty, reported that he was suffering from asthma.

Coroner Dr. Lemuel E. Prowse was called but decided that no inquest would be necessary.

More Grain Per Acre Said Answer To Production Cost

MONTAGUE — On the recommendation of the minister of agriculture, Hon. A.B. MacTavish, meetings are being held in various island centres to stress to farmers the importance of increased grain production during the next year, due to a possible shortage of grain in Western Canada.

Such a meeting was held last night at Montague when the speaker, Donald F. Stewart of the plant production division, Canada department of agriculture, outlined the grain situation in Western Canada. He said that timely rains were the only thing that could save the West from crop shortage.

One of the important points stressed was that the island farmer must grow grain at a lower cost if farming here is to be profitable. "To do this," he said, "we must get more grain per acre and to get such results we must clean our grain, treat our grain, control weeds, use the proper fertilizers, and also use certified seed for guaranteed germination."

Those in attendance entered into a lively discussion with Mr. Stewart on pertinent points of grain growing.

Previous to Mr. Stewart's address, a color film on soil conservation, prepared and shown by David Rogers, P.E.I. department of agriculture. The film stressed the benefits in using certified seed.

Also present were J. Lincoln Stewart on pertinent points of grain growing.

Well Known Shoe Merchant Howard F. McInnis, Passes

Charlottetown shoe merchant, Howard Francis McInnis, died Wednesday morning. He was 63.

Mr. McInnis entered the shoe trade following a term at Prince of Wales College and worked in stores in Charlottetown, Saint John, N.B., Halifax, N.S. and Buffalo, N.Y.

He was an expert shoe fitter and designed some of the popular makes of shoes on the market.

Born in Niponset, Maine, in 1898, he was the son of the late Angus Francis McInnis and Mary Robertson McInnis who came to Charlottetown in 1903.

He attended Queen Square School and was the valedictorian, general's medal and other honours in his graduation year.

Mr. McInnis was a great reader and one of the best informed men of the day on world affairs. His services as a dramatic writer were appreciated in a number of local plays some a year ago.

He was a member of the old League of the Cross Band in Charlottetown and was a member of the band which played with the famous St. Patrick's Band. He was also a member of the Home Dramatic Club, Choral Club, St. Dunstan's Basilica choir and other organizations.

An ardent welfare worker, he was chairman of the financial campaign of the Dominion Welfare Bureau on several occasions.

He is survived by his daughter, Mrs. R. O. Walling of Newfoundland, and two brothers, James P. Sumner and Ar.

DIES IN BROOKLYN
Daniel Livingston, 50, a teacher, died in a hospital in Brooklyn, N.Y., after a long illness.

DAUGHTER RECOVERS
Mrs. George McInnis, who arrived home in Cardigan from Hamilton, Ont., where she spent the winter, has recovered from a severe case of influenza.

STEVENSON FUNERAL
The funeral for Lloyd S. Stevenson was held yesterday afternoon from the Cutcliffe Funeral Home, 100 St. John's Street, conducted by Rev. W.O. Wessell. Interment was in Sherwood cemetery.
