The Colonial Herald.

Goodness of heart is man's best treasure, his brightest honour, and wisest acquisition. It is a ray of divinity that dignifies humanity, attracts admiration, and assimilates him to his Creator, but, like pure gold, is liable to be counterfeited.

It is wonderful how some people make a little knowledge go a great way, and how they manage, by judicious nods and winks, and the circumspect use of affirmatives and negatives, or by well-introduced hem's or ha's to impress other people with the idea that they (the winkers and nodders) are miraculously endowed beings, second Davys as chemists, Byrons as poets, Herschells as astronomers, Handels as musicians, and Raphaels as painters. Silence will do more for a man's reputation in this way than one may imagine, and many a "clever fellow" has won his title by the means we have just alluded to.

GROVE.—A lonely grove, "time-out of mind," the resort of lovers; at least of those who have sense enough to conceal their folly from the observation of the world.

INDEPENDENCE.—What a glorious and animating word is independence. Whisper but a distant promise thereof into the ear of man, and straightway, though he were sluggish, and dull, and torpid as the sleeping sloth, he shall arise to gird on his armour and prepare for the strife. The hope of independence stirreth up his soul; and, as the war-horse that heareth "the trumpets and the thunder" of the battle, and the "shouting afar off," he paweth in the valley, and rejoiceth in his strength, and he goeth on." Independence is the admired, the coveted of all, the ideal goal of earthly happiness; and we all press onward, by paths various as our manifold and dissimilar passions and inclinations, to attain the prize. And hope, undying hope, is by our side, grasping at shadows of coming good, and ever crying "Lo, here," and "Lo, there," as a glimpse of unreal things appears amid the rolling dark clouds of futurity. All join in the pursuit, but what is the end thereof? Alas! it may be compared to the race of children, hunting the gaudy butterfly of summer, which playeth before their eyes in tantalising, many-coloured beauty, flitting from tree to tree, and from flower to flower, often apparently within reach, and then darting away to a distance.

THE WIFE.—It is not unfrequent that a wife mourns over the alienated affections of her husband, when she has made no effort herself to strengthen and increase his attachment. She thinks because he once loved her, he ought always to love her, and she neglects those attentions which engaged his heart. Many a wife is thus the cause of her own neglect and sorrow. The woman deserves not a husband's love, who will not greet him with smiles when he returns from the labours of the day; who will not try to chain him to his home by the sweet enchantment of a cheerful heart. There is not one in a thousand so unfeeling as to withstand such an influence, and break away from such a home.

On Motion, that Persons be appointed by this Association to attend at the different Districts, on the day of the Simultaneous Meetings, with Copies of the Addresses and Memorials, and to explain more fully the object of them. Three cheers were also given for that spirited and patriotic Repealer, Mrs. Thomas Collins. Her last favour is hereby acknowledged, and will be laid before the Association at its next Meeting.

The chief Speakers who addressed the Meeting on the importance and necessity of a Repeal of the Union—were, Daniel Brenan, Esquire, John Little, Esquire, John Gainsford, Esquire, Mr. Edward Whelan, and the Chairman. On motion, the proceedings of the Meeting shall be inserted in the Palladium and Colonial Herald Newspapers.

On motion of Daniel Brenan, Esquire, the Chairman, having left the Chair, and John Gainsford, Esquire, being called thereto, the thanks of the Meeting were given to Dennis Reddin, Esquire, for his able and dignified conduct in the Chair. The Meeting was further adjourned by the Chairman to Monday the 15th January.

PUBLIC MEETING.

A Meeting of the constituency of the Second Electoral District was held at De Sable School House, on Thursday, the 4th instant, Mr. Niel M'Niel in the Chair,—when the following Resolutions were proposed and adopted.

Moved by Mr. Currie; seconded by Mr. John McKinnon:—1st *Resolved*, That as the Hon. J. S. MacDonald has forfeited the confidence of the Electors of this District, through the uniform disregard he has paid to the popular appeals for a redress of the wrongs done them, and his manifest anxiety to secure Government official patronage and power, such wholly disqualifies him to serve the people as a free and independent agent; and it is the opinion of this meeting, his future appeals for our Legislative Representation ought to be rejected

Moved by Mr. McCallum; seconded by Mr. Niel Stewart:—2d. *Resolved*, That as the Electors of this District, resident in the Eastern section thereof, have so unanimously nominated Mr. John W. Le Lacheur, as a person worthy the elective suffrages, this meeting accord in, and agree to the adoption of a similar resolution; and hope the Electors throughout will, in the ensuing Election, manifest their patriotic independence and unanimity in rendering Mr. John W. Le Lacheur their undivided suffrages. Moved by Mr Finlay Malcolm; seconded by Mr. Archibald McCallum:—3d. *Resolved*, That the foregoing Resolutions be published in the Palladium and Herald Newspapers.

By order of the Meeting,

NIEL M'NIEL,—Chairman.

January, 1844.

TO THE EDITOR OF THE COLONIAL HERALD.

Sir; I was present this day at Elliot River Bridge, during the polling for the election of a Member for the Second District of this County, when I heard one of the Candidates, Mr. John Le Lacheur, allude to the rebels of Canada, whose conduct he publicly and repeatedly held forth to the electors as an example for the people of this Island. An explanation of his meaning was asked him, when he loudly applauded their conduct, pronounced them Patriots, and reiterated that it was an example for the people of this Island.

I am, Sir, yours, &c.

AN ELECTOR.

Queen's County, Friday, 19th Jan. 1844.

FIRE.—On Sunday last, at a little after four o'clock, a fire broke out in the house of Mr. David Wilson, Merchant, of this town, in one of the bed rooms on the second floor. Mr. and Mrs. Wilson, with the greater part of the family, were attending Public Worship at the time. On the alarm being given, it was promptly and numerously responded to, and within a short time, with the help of the Town and Barrack Engines, the element was got under, and further danger averted. How the fire originated it is impossible to conjecture, unless (which indeed seems improbable) that one of the smaller children had incautiously lighted a paper or some other combustible at the stove, and thus been the innocent originator of the disaster. A great part of the furniture was removed, and in the removal suffered much by breakage, &c. The damage cannot, we think, be estimated at less than £100. The building was insured at the London Alliance Office, and we have been informed, that the Agent here, the Hon. Charles Young, has, without any delay or demur, come forward and agreed to indemnify the unfortunate occupier. One thing that struck us, as rather peculiar, at this fire, was the very great scarcity of buckets. No people, we think, can turn out more readily or in greater numbers on these occasions than our towns-people, and did so on Sunday; but from some unexplained cause there was not a sufficient supply of buckets, which might, had the fire got ahead, have proved very prejudicial. The Alliance Company have given £5 towards the erection of the new Building, at the rear of the Court House, to be used as an Engine House.—*Gaz.*

Charlottetown, January 15th, 1844.

At a Meeting of the Fire Wardens of Charlottetown, held this day—

It was unanimously Resolved, That the thanks of the Fire Wardens be given to the Officers and Men of the Garrison, and to their fellow-townsmen, for rendering those prompt and active services which were so effectual in arresting the progress of the fire yesterday on Mr. Wilson's premises.

The Fire Wardens also express their approbation at the promptitude and indefatigable exertions of the Fire Engine Companies.—*Ib.*

SIR FRANCIS HEAD'S "ROUGH RIDES,"—150 MILES A DAY!—Captain Sir Francis Head is perhaps the hardest rider in the kingdom; he can manage to get over 150 miles a day *without fatigue*, as was proved during his trip across the Pampas. But are any aware of the grand secret by which Sir Francis accomplishes all this, and have they the ambition to *rival* him? If so, we will inform them of something worth knowing. It is well ascertained that "Holloway's Ointment" possesses the astonishing property of completely reviving the fatigued traveller by creating stringency of muscle! and "Holloway's Pills" are a most admirable auxiliary by their alterative and tonic qualities. Let these be bountifully employed, and we shall have hundreds of Sir Francis Heads! In all disorders, such as Gout, Rheumatism, Scrofula, Cancer, Paralysis, Wounds, Glandular Swellings, &c. &c., the effects of the above, justly called, specifics, are truly astonishing.

FRAUD.—A new species of artifice has just come to our knowledge, against which we feel it our duty to put the public on their guard. The high reputation which "ROWLAND'S MACASSAR OIL" has acquired throughout the world, has excited the cupidity of some UNPRINCIPLED imitators who have endeavoured to introduce into the *East* and *West Indies*, *America*, &c. &c., their *highly noxious imitations* for the real article—the wrappers and labels of which so closely resemble those of *Messrs. Rowland's*, as to require a somewhat careful observation to detect the imposition. The only mode for the purchaser to avoid the imposition, and escape the baneful effects of their vile counterfeits, is to inspect, with great care, the wrappers and labels, and follow the directions attached to the word "CAUTION," in Messrs. Rowland's Advertisement, which frequently appears in our paper—*See Advertisement.*

J. SPENCER SMITH,

[All the Papers.]

To the Electors of the Second Electoral District of Queen's County.

GENTLEMEN;

THE House of Assembly having, on Saturday last, declared the office of Commissioner for the Recovery of Small Debts to be an office of emolument under the Crown, consequently my seat, as one of your Representatives, has been vacated; and as I do not consider my integrity or principles fettered in the slightest degree by holding the office of Commissioner for the Recovery of Small Debts (although I do receive the large emolument of fivepence for every Summons issued, and twopence for every Judgment given by the Small Debt Court in Charlottetown, and that not from either the Crown or the Public Treasury,) I feel that it would be a great dereliction of duty, on my part, were I to decline coming forward again as a candidate at the approaching Election, to fill up the said vacancy, particularly so when I reflect that when you did me the high honor of returning me with such a large majority, at the head of the Poll, at the last General Election, it was your impression, as well as my own, that I should continue one of your Representatives during the existence of the present House of Assembly; therefore I shall make it a point (if my health permit), to attend at the opening of the Poll, at Crosby's Mills, Lot 30, on Friday, the 19th of January next, and then give you such an explanation of the circumstances which induced me to accept the office of Commissioner, as, I trust, will prove satisfactory; and should you still deem me worthy of a continuance of that confidence which you have invariably placed in me, during the last thirteen years, you may rely that I shall, at all times, to the utmost of my humble abilities, endeavour to promote the general interests of the Colony, with a due regard to your local wants.

I have the honor to be,
Gentlemen,
Your very obdt. humble Servt.,
JOHN S. MACDONALD.

A RARE OPPORTUNITY

of combining every kind of Mercantile Pursuit with Fisheries and Farming.

TO BE SOLD, by private contract, WATER LOTS 23 and 24, in GEORGETOWN, comprising more than Six Town Lots, and more than one acre and a half, having three fronts—one on Victoria Street, extending more than six chains; on the Harbour, an extent of 168 feet; the same on Water Street. At the corner, formed by the intersection of the two Streets, stands a two-story House in progress, 32 feet by 29, conveniently laid out for the accommodation of a Retail Trade, and a suitable Residence for a respectable household. The land is sound, and of an excellent description. Here is sufficient room for the most extensive Warehouses for storing Grain, Fish, Transit or Commission Goods, and Cargoes of Vessels arriving late in the season and shut out from other ports by the ice, as well as a Retail Store; but the Retail business must be only a secondary consideration in the future commerce of Georgetown, as there is no great extent of back country to supply. The most frequented entrance to the Town will be by the Jail, for persons on business coming from the Northward and North East. The best holding ground, the most screened anchorage, and the boldest water for a Wharf, are off Victoria Street, and there is no locality more adapted for a Fishing Establishment, should a Company be formed—as no doubt there will be—than this property.

To prevent trouble, the price is £400. It has been the disingenuous and unmanly practice of some—*who said they would get it for a song*—to attempt, on all occasions, to depreciate the importance and value of this property, and deter intending purchasers. Let such, in future, examine and judge for themselves.

The Subscriber also offers for sale, Pasture Lots Nos. 2, 3, 4, 21, 22 and 23, comprising Forty-eight acres. The very best and best situated of any block of Land in the Royalty of Georgetown—most approximate to the Town—a good fertile soil—fronting 30 chains on the Common, which contains several hundred acres. There is a fine Spring on Lot 23, and on Lot 2, close by, a beautiful site, on rising ground, for a Mansion House. A great part of the land is covered with fine Hardwood. This property, in connection with the above, is well deserving the attention of capitalists who desire to invest money on very improveable landed security; or of any Company who might be desirous of combining Fishery with general Commerce and Agriculture. Price, £600 currency, or £12 10s. per acre, which cannot be deemed unreasonable, when its peculiar advantages are duly estimated; nor is it at all figurative and illusive to anticipate that its value will rise to £100 per acre; and, in the event of a Fisheries' Company being established, the time may not be remote when it will form a pleasant suburb to Georgetown. For a view of the Premises, apply to Mr. George Parker, Lot No. One; and to treat, to the Proprietor, at Woodly Grove, Township Sixty-one.

J. L. LEWELLIN.

☞ Should the above Town Property not be disposed of before the Spring, it will then be offered by Auction in Eight Building Lots; or the Advertiser may relinquish his favourite pursuit—Farming (as his continued and unwearied efforts to advance this most important avocation have met very little countenance or co-operation)—and accept the invitation of his friends, to assist in forming an Establishment such as is above alluded to.

N. B. Sometime since a Town Lot, *without any water privilege*, was purchased for £100—not many years before, it sold for Four Pounds!! Recently, Half a Town Lot, with a store on it, or low Building, realized at Auction, about £200. This does not look like depreciation!!! Georgetown has a free port.
