Stock Cleaning Brings Out 236 Suits for Boys

They looked like "odd lots" to us; for there were seven different kinds, priced \$8.00 to \$12.00. Sizes missing here and there, but a complete assortment, now that they are all put together in one group. Your boy will like the suit and you will surely like the price, if he wears out suits as most boys do, \$4.98 and \$6.50.
