THE AXE AGAIN.—Four employes in the railway machine shop have received notice of dismissal. They are Thomas Smith, Simon Grant, John Trainor, and John Collings. They are all first-class workmen, and have always given the fullest satisfaction. But their places are wanted for grits, so they have to go.

RESOLUTION OF SYMPATHY.—Wadman Division, Sons of Temperance, of Granville Corner, has passed a resolution sympathizing with Bro. O. B. Wadman in the loss which he sustained by fire a few weeks ago. The hope is expressed that Mr. Wadman will soon be in a position to resume business.

EARLY CLOSING.—Beginning on the 24th June and ending on the 17th September, both days included, the principal grocers in the city have decided to close their stores on Mondays, Wednesdays, and Thursdays at six o'clock in the evening and on Tuesdays and Fridays at seven o'clock. This is a move in the right direction.

CAPTAIN BAQUET DEAD.—Very many persons in Charlottetown will hear with regret of the death of Captain Baquet, of the steamship Campans, which occurred at his home in Quebec, on Sunday last. Captain Baquet was in his 63rd year. Some months ago he was granted a year's leave of absence on account of ill health, since which time his place has been filled by Captain Demers.

SOUSA'S BAND.—It is unnecessary to remind music lovers that they will hear on the occasion of Sousa's early visit to this city a peerless military band—in all probability the finest the world has ever heard—headed by America's foremost composer, who has been christened by the press of this continent "The March King". Mr. Sousa is an inimitable conductor, in fact a born leader. Don't fail to hear him and hear his superb concert.

THEY WERE IN DISTRESS.—The Summerside correspondent of the Guardian writes: As the Northumberland was nearing Point du Chene yesterday a boat was seen the occupants of which were making signals of distress. The steamer was headed for the scene of the trouble and on reaching them it was found that the boat was leaking badly, a large hole having been made in her by the accidental discharge of a gun. The party, consisting of Dr. Allen, of Amherst, and Mr. Brown, of Shediac, were taken on board the steamer and restored in safety to their native land.

FOOTBALL.—An interesting game of football was played at Victoria Park yesterday afternoon between the P. W. C. students. They played in the same order as before excepting for a few changes in positions, and L. Miller played in M. McLeod's place. Ritchie, Read, Adams and Miller made some fine runs for the 2nd year, while Shaw, Pendergast, McNeill and McRae did good work for the 3rd year. The match resulted in a victory for the 2nd year team who were defeated in the former match. Mr. Louis McMillan refereed. At the finish the defeated team stood the sola water for the players. We understand another match will be played on Thursday afternoon.

POLICE COURT.—This forenoon Richard Collins and Daniel McMillan were arraigned on a charge of being drunk, disorderly and fighting on Queen Street on Saturday afternoon. They were remanded until Monday next to procure the attendance of witnesses.

Patrick Cluney was charged with being drunk and disorderly on the streets last evening. Patrick denied the charge, and intimated to the Court that he was on his way to a wedding at the time of his arrest by Officer Taylor. The Court told Patrick he was a common nuisance, and imposed a fine of \$5 or 30 days. Patrick took the days.

Peter McMahon, for being drunk and incapable, was fined \$2 or 10 days.

MRS. KENLY'S CLASSES.—Yesterday afternoon a member of THE EXAMINER staff looked in upon Mrs. Kenly's classes in artistic needlework. There are ninety-three ladies receiving instruction at the hands of Mrs. Kenly, and there was a goodly number of these present at the time of the reporter's visit. Everyone seemed to be infatuated with the work, and all appeared to be making the most of their opportunities. The reporter was shown several samples of work that had been performed by some of Mrs. Kenly's pupils, and they were artistic from every point of view. Mrs. Kenly also exhibited a table cover (repistry work) made by herself, which was awarded a medal and diploma at the World's Fair. It is a beautiful specimen, and is valued at \$120. Mrs. Kenly speaks highly of the interest taken in the work by the ladies of Charlottetown, and expresses herself as being well pleased with the progress they have made in their lessons. The classrooms are in the Y. M. C. A. building, and are well worth a visit.
