Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, May 7—International Telephone has abandoned plans to do some refinancing at this time and the reason given is the change in the securities market. It is very probable that European conditions also had something to do with this change of plans. Montgomery Ward sales for the month of April were 18.3 per cent ahead of the corresponding period of last year and for three months ending April were 10.3 per cent ahead of the 3 months ending April 30. Dividend meetings scheduled for today, according to the New York Times are Crown Cork and Seal, May Dept. Stores and Purity Bakeries. We would expect an irregular market today and from a trading stand point, on further strength would be inclined to lighten up.

PRODUCE

MONTREAL, May 7—Butter prices firmed slightly on Montreal open produce markets today under increased demand. Carlots or less of no 1 were quoted at 19 to 19 1-2 cents per pound while lots to retailers were 20 1-4 to 3-4 for solids and 21 to 21 1-2 for prints.

Graded egg shipments in carlots or less were quoted at 20 1-2 to 21 cents a dozen for A large, 18 1-8 to 19 1-2 for A medium and 18 to 18 1-2 for B.

Cheese again was quoted at 10 3-4 cents per pound for no 1 Ontario colored, current arrivals.

Montreal Mart Not Affected By N.Y. Trend

(C. P. By Guardian's Special Wire)

MONTREAL, May 7. — Selling flurries that swept Wall Street late today had little effect on Montreal Stock Exchange and all but a half-dozen issues held their ground.

Light liquidation depressed a couple of metals and other issues, but gains of as much as a point were shown at the close by constructions, utilities and papers.

Smelters got away fast during early dealings but finished a point lower at 56¼ after reaching as high as 57¾. Nickel slipped ¾ to 45¼ while Noranda managed to hold a gain of ¼.

Utilities assumed leadership in late dealings and Canadian Hydro-Electric Preferred closed up 1¼ points. Quebec Power was ahead the maximum fraction while small gains were posted for Power Corporation, Shawinigan and Montreal.

Constructions came to life after an idle spell and fractional improvement was shown by Steel of Canada Common and Preferred and Dominion Bridge. Foundation and Canada Cement were steady to firmer.

Minor losses were registered by "A" and "B" shares of Canadian Industrial Alcohol after a display of fractional strength. National Breweries worked a bit higher but eased to close unchanged.

Late demand for papers brought fractional gains for St. Lawrence Corporation Preferred and St. Lawrence Paper Preferred. Bathurst was even. Canadian Pacific Railway eased slightly.

Sales 16,490 shares; bonds $8,050.

NEW YORK, May 7—Leadi..g foreign currencies scored gains in the exchange market here today.

Dull Session On New York Stock Market

By Frank MacMillen,
Associated Press Financial Writer
(By Guardian's Special Wire)

NEW YORK, May 7.—Bids were few and far between in today's stock market and, with support lacking, leading issues fell back 1 to 4 or more points.

Transfers totalled 1,005,410 for the day against 1,131,370 yesterday. It was the bullest full session since March 30. The Associated Press average of 60 stocks was down 1.1 points at 58.7.

The Canadian list on the big board was soft. Mines lost yesterday's gains with Dome down 1½ and McIntyre off 1⅝. Canadian Pacific, International Nickel and Walkers lost slightly while Distillers-Seagram picked up ¼. Canadians on the curb were neglected.

The reaction was blamed principally on technical factors having to do with the recent recovery.

In some quarters the European situation, with emphasis laid on the French financial crisis and the possibility of a nearby revaluation of the franc and other gold bloc currencies, was thought to have had considerable to do with stimulating bearish sentiment.

General Motors was again the most active stock with a loff of 1⅝ at 63. Johns-Manville yielded eight points at one time, but finished for a net decline of five at 91. Monsanto Chemical lost six at 86. Down one to two or so were Chrysler at 94, Gold Dust at 16, U. S. Steel at 56⅛, Bethlehem at 49⅜, American Telephone at 153½, Santa Fe at 70 and Union Carbide at 78½.

Commercial Investment Trust, strong in the preceding session, proved an exception to the general weakness by advancing 1⅜ at 81½. The oils were resistant, as were some of the aircrafts.

MINING

(Canadian Press)

TORONTO, May 7—The setting in of a decline on the New York board put the quietus on the budding boom in the cheap gold issues in the mining section today. The gold share index weakened about two points to 133.42 and the miscellaneous mines index was off narrowly to 129.36.

Hard Rock was prominent and at the close at 1.86 was up 7 cents for the session. Most of the other heavy traders were on the down side at the close. Howey weakened 9 cents to 70, Argosy 5 cents to 1.50, Goldale a cent to 27, J. M. Consolidated 4 cents to 57, Paymaster 3 to 97 and Shawkey 2 to 76.

Senior golds held to an even keel, recording only narrow changes. Dome, off 1-2 recorded the only sizable change. Pickle Crow tumbled 20 cents, Little Long Lac 5, Read-Authier 7, Pamour 5, Chibougamau 5 and McKenzie 4. Buffalo-Ankerite dropped 15 cents and Teck Hughes was up 10. Among the penny issues Roche was a highlight with a gain of 6 to 26. Algoma, Manitoba-Eastern and MorrisKirkland a point.

There were no important changes in the base metals.

McKim's Directory Ready For Public

MONTREAL, May 6—Prefaced by a digest of the present day condition of Canadian business, in which a steady increase in purchasing power as well as a cautious increase in actual spending are specially featured, the 1936 edition of McKim's Directory of Canadian Publications is just off the press. It reports an increase in the Canadian Publication field, listing the new total at 1,786.

Larger than its predecessors, this Edition of the Directory is the twenty-ninth in an unbroken annual series that was started by the McKim Advertising Agency in 1907, eighteen years after its founding in 1889.

Giving essential information about newspapers, magazines, farm journals, trade papers and miscellaneous publications, the Directory also presents condensed but highly useful market information about the various provinces, and about the particular cities and towns where publications are located. Population, industries and outstanding characteristics of market areas are some of the features included.

As in past years, this directory will be sent to an ever increasing list of manufacturers and other firms in Canada, the United States and the United Kingdom, interested in advertising in Canada. Enquiries concerning the Directory should be addressed to any of the six McKim Advertising Agency offices, at Montreal, Toronto, Winnipeg, Vancouver, Halifax and London (England.)

GRAIN

(Canadian Press)

WINNIPEG, May 7—Depressed by liquidation, wheat prices drifted downward in quiet Winnipeg grain exchange operations today to record net losses of 3-4-7-8 cent.

Futures closed at their lowest levels of the day, May at 77 3-8, July 78 1-4 and October 79 1-2 to 5-8 cents, as local traders followed the lead of Chicago operators and disposed of their holdings.

Continued favorable weather over the southwest winter-wheat belt prompted the flow of offerings. Little support was available to absorb the selling with today's export sales of Canadian wheat totalling only 300,000 bushels.

In the aggregate the volume of trading was small. Coarse grains prices eased fractionally with wheat.

Markets At A Glance

(Canadian Press)

Toronto and Montreal—Industrial stocks lower.

Toronto Mines—Lower.

New York—Stocks lower ground.

Winnipeg—Wheat down 3-4 to 7-8.

New York—Cotton higher; sugar lower.
