VALUABLE DISCOVERY.—A vein of rich gold-bearing quartz has been discovered on Seymour Creek, near Vancouver. It assays \$407 to the ton.

COUNTERFEITERS CAPTURED.—Unlike the ordinary citizen, the counterfeiters find it easier to make money than to get rid of it. In Montreal a gang of illicit minters have been captured by their efforts to do the latter, and \$500 in silver coins has been confiscated. They are all Italians, and the money was found concealed in a cupboard in an Italian restaurant.

A BAD ACCIDENT.—In Toronto a few days ago Mrs Brandon and her daughter Maud, the latter a 16-year old girl, were terribly burned by fire at their dwelling, Queen street east. The fire was caused by the girl Maud attempting to light a fire with kerosene oil. The can containing the oil exploded, setting fire to the house. Both women were removed to the hospital where they died.

A PLEASANT OUTING.—If you are fortunate enough to attend the League of the Cross picnic at Midgell on the 28th you will spend a pleasant day. Arrangements have been made for a large number of visitors besides a great many boys, and there will be an ample supply of refreshments on the grounds. The band of the Society will also be on hand and furnish music throughout the day. There will also be races in which the boys always compete in large numbers. Don't miss it or you will regret it. Announcement later.

THE AINSWORTH COMPANY.—The performances given by the Ainsworth Company in Masonic Hall, Monday and Tuesday evenings, were first-class in every respect, and novel in some of their features. Miss Ainsworth's girlish grace and beauty, as well as her sweet singing and artistic posing, made her a prime favorite throughout. Miss Fairbanks captured the audience by her magnificent banjo playing, and was almost equally successful in her recitations. Mr. David's humorous sketches were unconventional and provocative of genuine mirth. The calcium light effects were very fine. Miss Ainsworth's serpentine illusion was very beautiful, and lacked nothing except more of a dancing movement to be perfect of their kind. Miss Ainsworth, unlike Loie Fuller and other artists in this line, depending chiefly on her arms for producing her effects. The calcium light operators managed their part of the entertainment without a hitch, not a single error marring one of the scenes. Our contemporaries can commend the Ainsworth Company to their readers without the slightest danger of making a mistake.—Chatham World.

THE DUDES BEFORE SANTIAGO.

They scoffed when we lined up with Teddy,
They said we were dukes and all that;
They imagined that "Cholly" and "Freddie"
Would faint at the drop of the hat!
But let them look there in the ditches,
Blood-stained by the swells in the van;
And know that a chap may have riches,
And still be a man!

They said that we'd wilt under fire,
And run if the foe man said "Boo!"
But the fellow may have a rich sire
And still be a patriot, too!
Look there where we met twice our number,
Where the life-blood of dukes drenched
the earth!

The swells who lie in their slumber
Prove what we are worth!

They laughed when we said we were going,
They scoffed when we answered the call!

We might do at tennis and rowing,
But as warriors!—O, no—not at all!
Ah, let them look there in the ditches,
Blood-stained by the dukes in the van,
And learn that a chap may have riches
And still be a man!
—Cleveland Leader.

THEY'RE MATCHED.—Contrary to expectation James J. Corbett and "Kid" McCoy have been matched to meet at the Hawthorn Athletic Club, New York, on Sept. 16th. The fight is to be for a purse of \$25,000, the winner to take all.

The regular rate of interest on deposits in the savings bank in the United States is 4 per cent. This is given as a reason why the national 3 per cent popular loan has not been very popular. It may also be added that it has not been very profitable to the borrowing nation, because the 3 per cent bonds could have been sold at a premium on the London market, but as a popular loan they have been sold at par. The loss of the premium on the \$200,000,000 loan is estimated at about \$7,000,000.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of woman is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 31 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

BUSY AS BEES AT MY STORE.

"MY STORE" was like a bee hive yesterday, thronged with busy buyers all day long. Customers don't need to ask why we are so busy, all they have to do is to ask the prices we are selling the goods at, that answers the question.

THESE DAYS ARE ALL TOO SHORT

We've so much to do, so much opportunity to make this best store better, so many ways of making this necessary store more necessary to you, Days too short for you too, gathering for the seasons wants at prices so small that you double the pleasures of spending. The early comers find earlier shoppers before them. The town clock strikes six and the store day is over too soon. There's never been such a volume of goods handled at this time of year in this store before. WHY?

CALL AT MY STORE AND SEE.
