**THE MANITOBA SCHOOLS.**  
A Baptists Paper on the Ground Discussed  
Them Under the Heading of "This  
Horrible School Question."

The organ of the Baptists in Manitoba  
and the Territories is the Northwest  
Baptist, published in Winnipeg, and  
that paper in its issue of Feb. 13th, says  
as follows:

"The position of the Northwest Baptist  
on the school question, all along, has  
been that our legislation is not on such  
an adamant basis of righteousness and  
ungainable principle that it can  
turn its teeth to the storms until they  
punch their cheeks empty. When rights  
or supposed rights of a legal sort have  
been peacefully enjoyed for a term of  
years, sufficient generally in civil affairs  
to quiet titles, and give undisturbed  
possession, it is impossible to ally feel-  
ing and head wounds, when such rights  
are confiscated, by a pretense of rever-  
ting to fundamental principles. Had  
the clean straight thing been done  
in 1890, eliminating from our public  
school system every vestige of so-called  
religious instruction the unnecessary  
presence of which has confirmed Roman  
Catholics in the opinion that it was not  
common schools we were after but Pro-  
testant schools, no doubt our legislation  
would have outlived the storm, al-  
though it is to be doubted that there  
would have been anything like the  
storm that has been experienced, dur-  
ing these last three years. But now  
where are we? Politics aside, what  
should be done? He is no friend of  
Canada or Manitoba who says, "Oh! it  
is not our funeral; let the Dominion  
Government settle it." In all sober-  
ness we ask, can politics ever  
settle this question? We believe  
not. Neither Courts nor Cabinets are  
the right place to adjudge this matter.  
The Privy Council, without determin-  
ing what rights of the Roman Catholics  
have been invaded, clearly indicates  
that there is a case for intervention on  
the part of the Dominion. Let Manitoba  
recognize this decision. We are a part  
of the Empire. We cannot antagonize  
Great Britain or even the Dominion,  
when the Dominion's authority in such  
a matter is established by the highest  
court in Great Britain. There ought  
to be a readiness on the part of Mani-  
toba—we mean the Provincial Govern-  
ment—to be a party in discovering  
where our legislation has wronged our  
Roman Catholic fellow citizens, and  
upon discovering, willingly make every  
endeavor to do them justice."

The Baptist is an uncompromising  
Protestant sheet but does not desire in-  
justice done.

**THE BUSY MAN.**  
If you would get a favor done  
By some obliging friend,  
And want a promise, safe and sure,  
On which you can depend,  
Don't go to him who always has  
Much leisure time to spare,  
But, if you want your favor done,  
Just ask the busy man.

The man with leisure never has  
moment he can spare,  
He's always "putting off" until  
His friends are in despair,  
But he whose every waking hour  
Is crowded full of work,  
Forgets the art of wasting time;  
He cannot stop to shirk.

So when you want a favor done,  
And want it right away,  
Go to the man who constantly  
Works thirty hours a day,  
He'll find a moment, sure, somewhere,  
That he will spare to you,  
And six you, while the idle man  
Is framing an excuse.

**National Anthems.**  
The words and music of "God Save the  
Queen," or, as it was at first, "God Save  
the King," were by Henry Carey. This  
anthem was first sung in public in honor  
of the victory of Portobello, on November  
20, 1740.

"Hell dir im Siegeskranz" was adapted  
from the preceding and was proposed as a  
German hymn, in 1870, by Balhaus Ger-  
hard Schumann.

"Die Wacht am Rhein," written in 1854  
by Karl Wilhelm, has since 1870 become  
the most popular German song.

The Austrian "Gott erhalte" was writ-  
ten in 1795. Haydn had visited England  
and was very much impressed by the  
solemn strains of "God Save the King,"  
and resolved to write a hymn which would  
compare favorably with it. "Gott erhalte"  
was first performed on Emperor Fran-  
cis's birthday, February 12, 1797, and shortly  
after it was officially declared the national  
hymn.

The "Marcha Reale" (Royal March) of  
the Spaniards, by G. Gabetti, is not an anthem  
in the sense as applied here, but a military  
march, which takes its place.

"Bozic, Czara Kranj," the Russian  
national melody, was composed by Col-  
onel Alexis de Lunof in 1891. This work  
pleased Czar Nicholas I so much that he  
ordered it to be made a national chant.

A woman's brain doesn't empty into her  
heart.

An impulse should be kept on foot for a  
time.

Advertisements are the legs that busi-  
ness walks on.

Religion is the heart of the church and  
theology is its brain.

A woman never makes up her mind to  
do a thing; she does it, and makes up her  
mind afterwards.

**For Idle Moments.**  
The orbit of Jupiter is 1,000,000,000 miles  
in extent, and it takes the great planet  
4,332 days to make one round trip.  
Land in New York city has been sold  
at a price equal to \$8,000,000 per acre.  
The highest in London is \$5,000 per acre.  
It is proposed to erect a monument to  
Tecumseh at London, as a tribute to "one  
of the noblest allies of Britain."  
They don't do things in a half-hearted  
way in China. Their national hymn is so  
long that people take a half day to listen  
to it.

The latest anthropological statistics  
prove that the daily, monthly and yearly  
number of births exceeds the deaths in a  
ratio of three to one.

**Razors of Ancient Days.**  
It man at the very beginning was his-  
toric, when did he afterward years to get  
rid of at least a portion of his hair? That  
brings us down at once to shaving. At  
first the hairs on the jaws and chin must  
have been plucked out singly, and the  
process of this kind, carried out during  
immeasurable periods, have produced a  
comparatively beardless race, as are our  
Indians? If man shaved first with a shell  
or a bit of flint, his sufferings must have  
been intense. Prehistoric man in Great  
Britain, Ireland, France and Italy used  
bronze razors, for we find them to-day.  
Generally these razors had a tang, with a  
whole in the tang, so that they could be  
suspended. The razors are rounded on the  
edge, and resemble in shape those of the  
Chalcolithic-New York Times.

**MOTHERS**  
Should Know All About  
What They Use for  
Baby.

Every mother should know something  
about the composition of the food that her  
baby is fed on from day to day. Many  
prepared foods now sold are vile prepara-  
tions, and soon bring on serious digestive  
derangements.

Lactated Food is not a secret prepara-  
tion. It is prepared in the most careful  
manner from the nourishing elements of  
wheat and barley, properly combined with  
pure sugar of milk. It is nourishing,  
strengthening and life-giving, and by its  
use thousands of children have grown  
from weak and puny babes to healthy,  
happy and hearty boys and girls.

Thousands of physicians and happy  
mothers say that Lactated Food "Saves  
Babies' Lives."

**A DIPHTHERIA SCARE.**

There is no doubt but that diphtheria at  
this season in its worst form is prevalent  
in many cities and small towns. At the  
same time, that fact is no reason for fright-  
ening people out of their wits, with every  
new case of sore throat. Hundreds of per-  
sons are said to have had diphtheria who  
only had a severe sore throat. The form  
of sore which often passes for diphtheritic  
is what old people call quincy. "Patrid  
sore throat," known long before diphtheria  
was named, had cured several cases. "It  
is an old hospital ailment in Boston," says  
a man who has had it, "and it is very true,  
people up with colds, catarrh and sore throats,  
and lays the children low with diphtheria;  
its soft, pleasant, alternating with the  
wet, sticky days. This is very true, be-  
cause the air is laden with poisonous  
vapors. The first symptoms of true diphter-  
ia there is fever, more stupor, and diffi-  
culty in breathing. Very sharp pains  
are often felt in the neck glands, just below  
the ear. The tongue is coated, the throat  
and tonsils inflamed, little white spots,  
which increase and turn to a dirty yellow  
or brown color. Very many reliable peo-  
ple who have cured severe cases of  
diphtheria with Johnson's Anodyne Liniment.  
Be that as it may, it is worth try-  
ing, because we know from experience it  
will cure a common sore throat in one  
night and thousands of people claim that  
no remedy known will relieve colds, catarrh  
bronchitis, croup, etc., as promptly. If it  
cures them, why not diphtheria? I. S. John-  
son & Co., Boston, Mass., will send their  
new illustrated book, entitled "Treatment  
for Diseases," free to any person for the asking.

**THEORY EXPLORED.**  
The Belief that Bright's Disease is Incurable  
No Longer Holds Good.

SOMERSET, Mass., March 18.—The old  
theory of medical men that Bright's  
disease was incurable has been exploded by  
the satisfaction of all the people in this  
part of Canada. Arthur Coley, a well-  
known farmer, living near here, was at-  
tacked by the disease in the autumn of  
1893. He was prostrated by it during the  
whole of the following winter. He and his  
friends were convinced that he would not  
live through the past summer. But to-day  
he is alive and hearty and working like a  
man to make up for the time he has been  
sick. The happy change is due to Dodd's  
Kidney Pills, the only cure for any kidney  
disease.

**For Over Fifty Years.**  
AN OLD AND WELL TRIED REMEDY.—  
Mrs. Winslow's Soothing Syrup has  
been used for over fifty years by millions  
of mothers for their children while teething,  
with perfect success. It soothes the  
child, softens the gums, allays the pain,  
cures the colic, and is the best remedy for  
Diarrhoea. It is pleasant to the taste. Sold  
by Druggists in every part of the world.  
Twenty-five cents a bottle. Its value is  
incalculable. Be sure and ask for Mrs.  
Winslow's Soothing Syrup, and take no  
other kind.—m. w. f. wily—ly

Within the memory of middle-aged peo-  
ple Consumption and other lung troubles  
were much more prevalent and fatal than  
they are to-day. The existing improve-  
ment in the public health in this respect  
is, in considerable measure, due to a more  
widespread appreciation of sanitary laws;  
but Putner's Emulsion of Cod Liver Oil,  
with the Hypophosphites of Lime and  
Soda, and Pancreatic, may justly claim  
to have largely aided in the good work.  
Many persons who some years ago were in  
a most critical state of health, are to-day  
sound and well, as a consequence of a  
faithful use of this valuable remedy.
