

Marriage.

I hold the perfect mating of two souls, Through wedded love, to be the sum of bliss; When earth, this fruit that ripens as it rolls In sunlight, grows more prime, lives will not miss Their counterparts, and each shall find its own; But now, with what blind chance the lots are thrown. Yet bonds of gold, linked hands, and chancel vows, Even spousal beds, do not a marriage make, When such things chain the soul that never knows Love's mating, little vantage shall it take Wandering with alien feet throughout the wide Hushed temple, over those who pine outside.

Edmund Clarence Steadman.

The Assistance He Needed.

"Philander," said a pretty girl to her bashful beau, "I wish you'd tie this ribbon at my throat; I can't see how to do it without a glass." "Of course, I'll only be too glad to," he said, and at once grasped the strings. After an unsuccessful effort of five minutes, during which he got as red as a brick house, and perspired like a pitcher of ice-water on a July window sill, he stammered: "I—I don't think I can tie a respectable knot, Miss Mary." "Suppose, Philander," she whispered with a pretty little blush, "suppose you call in a preacher to assist." Like the unveiling of a beautiful mystery, the situation unfolded itself to Philander, and he feels better now.—Merchant Traveller.

A Holiday for the Wife.

Give your wife a vacation. She needs one. Little cares are harder to be borne than great responsibilities, and she has many more little cares than her husband and sometimes as great responsibilities. The doctors tell us more women break down mentally than men, and they also tell us that this is because they have more cares to carry, and have to carry them continuously. When your work is done you can lock it up in your office and put the key in your pocket. But she never locks her work up till sleep comes and turns the key upon it. A woman's work is never done. And modern life has increased and intensified it. Cares have multiplied faster than convenience. Life is more complex, its demands are greater and more numerous, society more exciting. Who needs a vacation if she does not? And she cannot get it at home. The more quiet and restful the home is to you the more evidence that it is a care if not a burden to her. A housekeeper can no more take a vacation in her home than a merchant in his counting house. Even though her absence occasions inconvenience give her an occasional vacation.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The word is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption, and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effective an alternative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

Is composed of the genuine Honduras Sarsaparilla, with Yellow Dock, Sill-lingia, the Iodides of Potassium and Iron, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.
