In territory under such conditions, it would be out of the question to attempt to transport a sick person by road, and, believe me, Lloyd's of London would have nothing to do with you if you came by ice boat.

Only last Friday a resident of Rocky Point had to make the trip to Charlottetown by road. He was in perfect health leaving Rocky Point—in fact he would tip the scales at 220 lbs. He had a very good car on leaving, but not so good when he arrived in the city eight hours later. It took him that time to come twenty-one miles; and he is not over the results of that weight himself, but he was minus some of his running gear. What would you expect on a secondary road? So you can see what chance of survival a sick person would have.

The most remote and isolated outposts on the Western hemisphere are contacted by some means available; the Department of Transport despatches ships and planes to the rescue of these inhabitants and keeps communications open; if not, provision is made to comfort and provide for them. If our Government is sincere in meeting their obligations, I feel that this situation also can be remedied before something serious happens.

You may ask, what is the writer beefing about? He is not over there. That is true, although I belong there. I just happen to be one of the lucky ones who has escaped the trap; but believe me, it is costing me plenty to be away from home.

Incidentally I may mention that one of our native sons of Rocky Point is engaged in action in Korea, as a member of the P. C. L. I. Surely we all know what he is fighting for. One reason, and a very good one, is to make this world a better place in which to live. That man left a wife and family at home, who are now marooned in Rocky Point, to go and make sacrifices for us all. Surely in return we can do something for these people, instead of sitting behind a desk and passing the buck.

I am, Sir, etc., P. J. M. Charlottetown.

life whatever," was George's tribute to Miles. Pte. Roger Chartrand of Ottawa and Arthur LeBlanc of Chatham, N.B., claimed they saw the Chinese get up and laugh when they had the Canadians pinned down.

LeBlanc claimed he even heard one say: "Come and get it Canadian."

One Chinese who got up was killed by Pte. Ken Erikson of Winnipeg. Left behind with L. Cpl. George Torodoff of Niagara Falls, Ont., during a withdrawal, Erikson nailed him with his rifle at 15-foot range when the man got up right under his sights to watch the retreating Canadian.

The Chinese tried to sneak in a spy with a supply party of South Koreans returning from an advance position Saturday but he was spotted by Lee Jung Ok, the chief interpreter, and turned over to brigade headquarters.

Canadians Suffer

of Hamilton, which had gained its initial objective on a nearby hill with comparative ease. Pausing only to exchange wet blankets for dry and to replenish their water supply—they had been drinking boiled snow for three days—Lilley's company moved in to consolidated behind Stult's newly-won positions.

Special Air Strike

The Canadians' action, duplicated in intensity by operations of the United States 1st Cavalry Division on their left, was supported by a spectacular air strike in which four jets and four Corsairs of the United States Air Force dropped napalm bombs on the Chinese and rocketed and machine-gunned their positions.

A patrol led by Lieut. Rick Constant of Calgary, trying to link up with the Americans to the west, ran into a force of Chinese and North Koreans and withdrew after a brisk fight.

Complimented by Sontje for bringing his patrol back intact, Constant said: "I don't like engaging these people only to withdraw."

But two of his Bren-gunners, L-Cpl. Peter Mews of Yarmouth, N. S., and Pte. Harold Shea of Toronto, knocked out an enemy machine-gun nest before pulling back.

Constant's section leaders are Sgt. William Sin of Calgary, Cpl. Milton Adolph of Calgary, Syd Shuman of Hamilton and Art Clarke of Regina.

The enemy is using small-arms and light automatics against the Patricia, although battalion headquarters was under mortar fire today.

L-Cpl. Syd Day of Moose Jaw, Sask., the only fighting company clerk in the battalion, was at headquarters during the attack, waiting to guide a party to the positions of Capt. George's company. He expressed distaste for the mortars.

"I want to get back to my company where we have only small-arms to contend with," Day said.

Anglican Field Secretary Named

TORONTO, Feb. 25 (OP) - Rev. Leonard F. Hatfield of Antigonish, N. S., has been appointed assistant and field secretary to the social service department of the Church of England in Canada, it was announced tonight.

Mr. Hatfield, a native of Port Greville, N. S., was educated at Dalhousie and King's College, both in Halifax. After graduation from King's as Governor-General's gold medalist, he was assistant curate at All Saints' Cathedral in Halifax, later becoming rector of the Antigonish parish.

WEATHER 3 WAY RELIEF IN 3 SECONDS HEAD THROAT CHEST COUGHS - COLDS MASON'S 49

The Rev. Canon E. M. Malone, M. A., L. Th., who will celebrate the forty-fifth anniversary of his ordination to the Anglican Church Priesthood this morning. Canon Malone stated last evening that the observance would be a very quiet one and would take place at the morning service today at St. Peter's Cathedral, which is a celebration of Holy Communion.

He was ordained in the All Saints Church on the Island of Saint Thomas in the Danish West Indies. These Islanders are now known as the Virgin Islands and are one of the possessions of the United States.

Canon Malone observed the twenty-fifth anniversary of his incumbency at St. Peter's Cathedral in November, 1946.

New School At Mermaid Opened

The ratepayers and pupils of Mermaid held the official opening of their new school on Wednesday evening, February 21, at 8:00 P.M.

After little Lawrence Bingley most capably welcomed everyone to the new school, Mr. Athol MacDonald, Chairman, introduced the guest speakers: the Hon. Frederick Large, Minister of Education; Dr. L. W. Shaw, and Mr. Edward McPhail who congratulated the trustees and the building committee for a splendid job in erecting such a fine building.

Mr. Shaw in his remarks comparing the advances made throughout the years in methods of agriculture, commended the district in recognizing the need to keep the educational facilities on a par with other industries.

The Hon. Mr. Large reminded the audience that the larger unit of administration was something to be kept in mind, as it was proving very successful in other provinces.

The new school contains one bright glass room, teachers room, cloak room and a well equipped wash room. The floor is finished in battleship linoleum and new desks and blackboard have been installed, making the work of pupils and teacher a pleasure rather than a task.

The contractor and builder, Mr. Cyrus MacDonald, was absent due to illness.

The teacher and pupils presented a very fine programme and were highly commended for their efforts.

Mr. Russell Matheson played the organ during the programme which was as follows:

Opening - "O Canada". Speech of Welcome - Lawrence Bingley.

Remarks by the chairman. Guest speakers by the pupils "Bringing up Junior".

Recitation - "My Most Embarrassing Moment" by Carol Peters. Reading - "Aunt Jemima's Courtship" by Louise McEachern.

Organ Solo - "L'Anelanche" by Deanna Matheson. Recitation by Ralph Spin. Skit - "Rus and Gus" by Louis McKenna and Bernard Lacey.

Closing speech by Anne McEachern. The King.

A vote of thanks to the guest speakers was moved by Mr. Joseph Lacey and seconded by Mr. Fred McKenna.

The following address was then read to Mr. Joseph Lacey by Mrs. W.L. MacEachern and a smokers stand was presented by Mrs. Athol MacDonald on behalf of the Women's Institute.

Mr. Joseph Lacey, Mermaid, P. E. Island.

Dear Mr. Lacey: We, the officers and members of the Mermaid Women's Institute, could not allow this happy occasion, the official opening of our new school, to pass without expressing to you our deep appreciation and gratitude for the great interest and responsibility you have taken in our endeavours.

The new slate of officers were appointed as follows: Robert Webster, President. Merlin McCarthy, Vice President. Harry O'Brien, Secretary-Treasurer.

John Kenny, Russell Dingwell and Louis McGuire Jr. were appointed as Club directors. Prize money was presented to the members. The meeting was thrown open for a general discussion on the project for this year and over 2,000 chickens are ordered to date.

Mr. MacLean, Department of Agriculture, was present and discussed with the members the different breeds and crosses of chickens available this year. The next meeting will be held March 15th at 7:30.

Supply Groceries For War Victims

OTTAWA, Feb. 24 - (CP) - Mothers who buy groceries for growing children may be interested in this \$7,000 food order:

1,000 pounds of cocoa; 4,000 pounds powdered milk; 1,500 pounds lard; 1,000 pounds spam; 6,000 tins sardines; 1,800 pounds jam; 3,000 pounds macaroni; 1,250 pounds meat balls; 4,000 pounds sugar; 1,800 pounds cheese.

This is the order Dr. Lotia Hirschmanova of Ottawa has just put in for child war-victims in Europe, youngsters who are supported by Canadians under the foster-parent program of the Unitarian Service Committee of Canada.

Dr. Hirschmanova, executive director of the committee, has considered the food to foster-homes in Austria, Italy, Greece and France. This is the first large food order the committee has put in this year. All purchases are made from voluntary donations.

U. S. Steel Situation

CLEVELAND, Feb. 25 (AP) - Allocation programs and direct military orders are taking an increasing percentage of the steel produced in the United States, Steel magazine says today.

Last week, eight new allocation programs were announced. Steel magazine says they will require some 183,450 tons of steel monthly for construction of locomotives, ships, barges and drums, the metal-working journal says.

Added to the three previous programs that will mean that 500,000 tons monthly will be allocated.

In addition to the allocation program, Steel points out, each mill must set aside a percentage of its total production for direct military orders. The percentage set aside varies with the kind of steel produced.

Production went up again last week when U. S. mills operated at 99.5 per cent of their rated capacity and turned out almost 2,000,000 tons of ingots.

SANTA MONICA, Calif., Feb. 25 (AP) - A light plane registered to a flying service club owned by singer Frances Langford and her husband, Jon Hall, crashed into two houses early Saturday. Apparently no one was injured. Police began a hunt for two men, who they said, climbed out of the plane and ran.

PACIFIC TERRITORY The territory of Papsu, placed under authority of Australia in 1906, has an area of 90,000 square miles.

that you may be assured of some permanent and lasting form, it is our pleasant duty to present you with this small token.

We sincerely trust that your associations with us will always be as agreeable and pleasant as they have been thus far, and that in the great struggle of life your efforts will merit the rewards which they so richly deserve.

Signed on behalf of the Women's Institute. Mrs. J. Matheson, President. Mrs. Kathryn Farquharson, Secretary.

Mermaid, P. E. Island. February 25th, 1951. A delicious luncheon was then served by the Women's Institute during which time organ selections were played by Mrs. L. J. MacDonald.

Rev. Richard Ellesworth, Professor of Biology at St. Dunstan's University, was guest speaker yesterday morning at the annual Communion Breakfast of the Basilica Youth Club held in the Whelan Memorial Hall.

The Communion breakfast, second held since the inauguration of the Club two years ago was well attended. The members earlier attended Mass in St. Dunstan's Basilica and received Holy Communion in a body.

Mr. Vincent King, Club president, presided over the breakfast and spoke briefly. Other speakers were Rev. James Kelly, who offered Mass for the Club, and Mr. Edward Laughlin, past president.

Father Ellesworth spoke on Catholic youth. He outlined the more important of the obligations with which they are faced in the world today and pointed out the way in which these obligations might be fulfilled.

Breakfast was served by the Ladies Auxiliary of the B.I.S. The ladies were warmly thanked by the president, Mr. King.

Island Ayrshires Make Fine Showing

Three of Canada's highest scoring Ayrshire cattle in R.O.P. test during 1950 were bred by Prince Edward Island Ayrshire men according to a report by the R.O.P. Branch.

The cattle were bred by A. MacRae and Sons, Charlottetown, R.R. 6, and George P. Matheson and Sons, Wheatley River.

Fairview Fashion Linda, bred by A. MacRae and Sons, and last year sold to John Bracken and Son, Manolick, Manitoba, led all Canadian in the 365 day division, mature class. She placed second in records made on twice a day milking.

The Island bred cow produced 19,017 pounds of 4.36% milk for 829 pounds of butter fat. She scored 19,742 points.

To lead her class in the mature division, she beat out another MacRae bred cow, Fairview Lucy. This animal produced 16,743 pounds of milk and 723 pounds of fat. Her milk tested 4.32 over the 365 day period and she scored 14,816 points.

The Mathesons from Wheatley River, had the Canadian leader in the four year class. This animal, Kirkside Velma, produced 17,002 pounds of 4.88 milk for 829 pounds of fat. She scored 19,168 points.

Kirkside Velma and Fairview Fashion Linda were the highest fat producers in the Dominion with their output of 829 pounds. Fairview Fashion Lady, with 19,017 pounds of milk was the highest milk producer.

Woman Blitz Victim Praises Hospitals

WINNIPEG, Feb. 24 - (CP) - Mrs. Pat Beckett, whose right leg was amputated below the knee as the result of injuries suffered in air raids in England, says "D. V. A. hospital services in Canada are excellent."

Mrs. Beckett, the mother of a two-year-old son, is being fitted at Deer Lodge Veterans' Hospital here for a new "suction type" artificial leg.

Although she already owns two conventional types of artificial leg, gifts of the British Government, she feels the new Canadian type will prove much more comfortable and make it easier for her to get around.

Mrs. Beckett is believed to be one of two Canadian mothers in Western Canada in receipt of a British disability pension for leg amputation.

NAIROBI, Kenya, Feb. 25 - (Reuters) Rita Hayworth has made a sudden decision to break off a projected tour of East Africa and Middle Eastern countries with her husband Prince Aly Khan, it was learned Saturday. She plans to return to Cannes, France. (A message from Lausanne, Switzerland, Friday night quoted a usually-reliable source as saying that the film star is expecting another baby).

GIBRALTAR, Feb. 25 - (Reuters) - The Duke of Edinburgh, husband of Princess Elizabeth, arrived at this British stronghold today. He is in command of the frigate Magpie. The Duke went to see a bull-fight at La Linea, neighboring Spanish town.

186 Carloads Of Potatoes Shipped During Last Week

A total of 186 carloads of potatoes were shipped from the Province during the week ending Feb. 24 bringing the total shipments for the season to 5,561 carloads according to the weekly Potato Marketing Bulletin report issued last night.

The bulletin stated that the shipments during the past week slackened considerably due to several reasons. First of which is that the seed quota - the U. S. A. was filled on Feb. 10 and the American market was not strong enough to "hope" to surmount the high rate of duty and pay prevailing prices here.

The domestic market has also shown a weaker tendency towards the end of the week with a small demand.

The refrigeration car situation is proving no problem as there are plenty cars available but road and marketing conditions do not warrant their full use.

Growers will be well advised to try to hold off loadings for this week or so in an effort to clear the market and in every case to check carefully with the dealer before loading.

It is estimated that the present holdings of marketable potatoes (about 3,000 carloads) is 1,000 carloads below the amount in storage here at the same time last year. The total in storage for the rest of Canada is also considered lower than that of 1950. These facts provide a ray of hope in an otherwise depressing picture.

Prices in general were tablestock selling for 55 cents a 75 lb. bag and set hovering at a little above the Marketing Board level of 44-50 cents a bushel.

COMPARATIVE VALUE Skim milk is said to be as good a source of calcium, phosphorus, iron and protein as whole milk.
