Municipal Loan Fund Seen Aiding Projects

OTTAWA (CP)—Finance Minister Gordon has predicted in the Commons the Government's $400,000,000 municipal development and loan fund will spark an overall increase of 50 per cent in municipal construction projects through the next three years.

He said the fund will be used to finance two-thirds of the cost of a project undertaken by a municipality with its province's approval. Rate of interest would be based on the cost of the federal government of its long-term borrowings.

Projects completed by March 31, 1966, will be eligible for a writeoff of one-quarter of the loan. The finance minister said this will materially reduce the financing costs to the municipalities.

Opposition Leader Diefenbaker said the plans needs careful examination because Mr. Gordon did not indicate where he was going to raise the $400,000,000.

Earlier Mr. Diefenbaker said the government should consult the provinces about an invasion of their jurisdiction which he said is involved in the proposal. Both Mr. Gordon and Prime Minister Pearson said the bill to establish the fund will fully protect provincial rights.

Mr. Gordon said $400,000,000 will cover the demands of the municipalities during the life of the fund, to March 31, 1966. Fully utilized, this would provide the base for $600,000,000 worth of projects.

He said this represents an increase of 50 per cent in the construction type projects which will qualify for loans and an increase of 25 per cent in all municipal capital spending.

The loan fund would be administered by a board working in collaboration with Central Mortgage and Housing Corporation.

Gilles Gregoire (SC — Lapointe) said the municipal fund proposal is patterned after a Social Credit idea that was first expounded in 1935. He was pleased that the Liberals had been converted to it.

WANTS THEORY ADOPTED

He urged Mr. Gordon to adopt the Social Credit theory of debt-free money, which he said the Liberals supported in a non-confidence vote in the last Parliament. This would mean that municipal loans would be interested-free and that the Bank of Canada would expand the money supply.

R. G. L. Fairweather (PC—Royal) said the new Brunswick legislature must approve all municipal debenture issues, which would mean that N.B. municipalities would have to wait until the next session of the legislature, scheduled for 1964, before benefitting from the proposed federal program.

He also suggested that the loan program will be of greater benefit to larger cities, instead of helping smaller communities where unemployment is severest.

Tensions Reported Eased At Presbyterian College

TORONTO (CP) — Tensions in Montreal's Presbyterian College that caused the principal and one professor to submit their resignations to the 1962 general assembly of the Presbyterian Church in Canada, have been resolved, it was reported by a special committee here.

This year's general assembly, after receiving the report of a committee that investigated affairs at the college during the last year, was asked not to accept the resignations of principal Robert Lennox and Prof. Joseph C. McLelland.

Reporting as chairman of the special committee Rev. Dr. G. Deane Johnston of Brantford, Ont., said that it had made a complete survey regarding the authority, areas of responsibility and interrelationships as between the principal, the faculty, the board and the Senate of the college.

The two resignations were given to the general assembly last year when the board of Presbyterian College nominated for the chair of New Testament Rev. Sheldon MacKenzie, an alumnus of the college. The principal favored the appointment of Rev. J. Charles Hay, a graduate of Knox College, who had been sessional lecturer in New Testament for four years.

Dr. Johnston told general assembly Tuesday that this issue is no longer relevant as both men have withdrawn from the picture.

Dr. MacKenzie is interim minister at First Presbyterian Church, Montreal, and Dr. Hay is supplying the Aldershot Presbyterian Church near Burlington, Ont.

♦ 65
♣ KQJ4

The bidding:

West	North	East	South
1♣	1♦	Pass	4♠
Pass	Pass	Dble.	Redble.

Opening lead — four of diamonds.

This hand was played in a recent team match. At the first table, South got to four spades redoubled on the bidding shown. Whether North should have overcalled with a diamond is perhaps debatable, and whether South should have redoubled four spades is also doubtful, but the fact is that South wound up in a shaky contract.

West led a diamond. Not realizing this was a singleton, declarer won with the ace and continued the suit, hoping to obtain a discard on the third diamond in dummy. But West ruffed the king and then led the eight of hearts.

East took the ace and returned a heart. Declarer ruffed, cashed two high trumps, and played the ten of spades. East won with the jack and played still another heart. South ruffed, cashed the eight of spades, led the king of clubs, and later made two club tricks to go down two —1,000 points.

Of course, a 1,000- point penalty is a serious loss in bridge, and it doesn't much matter whether you're playing for money, marbles or chalk. In team of four play, especially, such a loss is viewed with great disfavor.

At the second table, peculiarly enough, the bidding went exactly the same way. Again a diamond was led and continued. West ruffed, and then came a parting of the ways.

West cashed the ace of clubs at this point and continued with a club which East trumped. East cashed the ace of hearts and then returned a diamond. South ruffed with the eight and West overruffed with the queen. West returned a club which East ruffed. It was the sixth trick for the defense. South made the rest, but went down three—1,600 points.

Oddly enough, both declarers could have made the hand by winning the diamond lead, playing the A-K of spades, cashing two more diamonds and discarding a heart, and then leading a club. They would have lost two clubs and a spade, and would thus have been plus 1,030 points instead of having a four-digit minus.

MP's Stamp On Union Mail Is Mystery

VANCOUVER (CP)—Two officials of the United Fishermen and Allied Workers' Union (Ind.) say they don't know how a union press release got into the mail bearing the private stamp of a member of Parliament.

Secretary - Treasurer Homer Stevens and union newspaper editor George North both admitted Tuesday night they had access to the member's office in Ottawa, but denied using the rubber stamp — called a frank —which gives MPs free mailing privileges.

Liberal Grant Deachman said in the Commons Tuesday he received a union press release in an envelope franked by a New Democratic Party MP. The release, he said, was Communist-slanted.

The envelope bore the frank of Dr. William D. Howe, NDP member for Hamilton.

Dr. Howe denied he had authorized the use of his stamp.

Barry Mather NDP member for New Westminster who shares the office, said he had invited 10 fishermen's union officials to use the office during their stay in Ottawa.

Mr. North said about 12 copies of the press release in question were mailed in Ottawa to MPs last Friday while he and Mr. Stevens were there.

"I know the releases were put in envelopes," Mr. North said. "But I don't want to say anything about who mailed them."

Mr. Stevens said the release was "an official union statement that set forth the policy of the union" on the issue of Japanese fishing in Canadian waters.

CONQUER PEAK

KATMANDU, Nepal (AP)—Two Americans and two New Zealanders in Sir Edmund Hillary's Himalayan expedition climbed the 22,340 - foot - high Mount Mangtega on June 5, a radio report said Wednesday. The report from Namche Bazar to the Nepali foreign ministry identified the two Americans as Tom Frost of Orange, Calif., and David Dornan of Jackson, Wyo. The New Zealanders were Dr. Michael Gill and James Wilson.

ZOO FEED PLAN BRINGS PROTEST

VANCOUVER (CP)—Let zoo visitors feed the animals

An appalling suggestion, supervisor Alan Best of Stanley Park zoo told his parks board, where the idea arose.

"I recoil at the thought," Best said. "The public is too irresponsible."

Commissioner Everett Crowley, noting animal food costs the park board $10,000 a year, suggested zoo visitors be permitted to buy packets of food for the animals.

"People love to feed animals," he said.

But Best sees all kinds of problems in the suggestion:

"On a rainy day there would not be enough people in the zoo and the animals would go hungry.

"On a sunny day, the animals would get too much to eat. . . ."

As for letting the public feed the sea-lions, he said: "I don't want any part of this."

He could see public feeders holding the fish and trying to make the sea-lions jump for it.

"When these animals get hold of a fish they don't let go until they've swallowed it.

"Its just too bad if there's a hand on the other end."

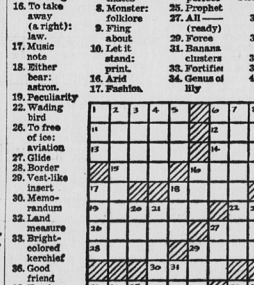
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X E
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
