COMMUNIST TROOPS IN KOREA EXCEED MILLION MARK

Federal Authorities Fear Grain-Handlers Strike

States Will Not Restrict Imports Of Cod, Haddock

OTTAWA, Sept. 5 (CP)—The United States Tariff Commission has rejected proposals that it restrict imports of groundfish fillets, the Fisheries Council of Canada reported today.

It said the rejection is "welcome news" to Canada's fishing industry, which last year shipped about \$10,000,000 worth of cod, haddock and other groundfish fillets to the American market and expects to ship even more this year.

Grounded O'Brien, council manager, said the restrictions were proposed by the New England Fishing Industry.

The New England application was made last September. Hearings on the case were held in Washington last November and Mr. O'Brien as well as C. J. Morrow of Lunenburg represented the Fisheries Council and presented Canada's case.

A survey by the U. S. Tariff Commission followed and as a result, reported that it found no injury to American producers resulting from imports. The current

Would Snarl Movement Of Record Crop

OTTAWA, Sept. 5 (CP)—Federal grain and transport experts today expressed concern over the possibility of a grain-handlers strike at the Lakehead snarling movement of Canada's record grain crop this year.

W. J. Fisher, deputy transport controller, said the walkout of some 1,400 workers, if it materialized, would have "serious implications." The strike has been set for Sept. 15.

Movement of virtually all grain at Lakehead terminals would be halted, he said. If the strike lasted any length of time, grain would begin backing up, straining the facilities of country storage elevators and finally piling up on farms.

Orderly movement of railway boxcars on the prairies would be disrupted and some part of the Great Lakes shipping fleet would become idle.

91 Percent Of Island Seed Potato Acreage Passes Tests

According to information received from H. L. McLaren, District Inspector of the Seed Potato Certification Office, 21,041 acres or 91% of the total of 23,109 acres entered for inspection in this Province have passed final field inspection this year.

The following shows the acreages which passed by variety in comparison with those of last year:

	1952	1951
Irish Cobbler	4,422 1/2	4,550
Green Mountain	2,204 1/2	2,644
Katahdin	2,023 1/2	2,135 1/2
Sebago	10,099	9,260 1/2
Canis	1,322	92 1/2
Keawick	184 1/2	41 1/2
Pontiac	544	175
Warba	131 1/2	52 1/2
Netted Gem	43	61
Sequoia	12	87
Bliss Triumph	14	22
Kennebec	13	—
Chippewa	12	38 1/2
Early Epicure	9 1/2	1 1/2
McIntyre	5	10 1/2
Total acres "Passed"	21,041	19,502

But Van Fleet Does Not Fear Autumn Attack

SEOUL, Sept. 5 (Saturday)—(AP)—Gen. James A. Van Fleet said Friday the Communists now have built their Korean armies to more than 1,000,000 men but he doubted if they would dare an autumn offensive.

The United States Eighth Army commander spoke against a backdrop of new air blows at Red targets, renewed air battles that saw three Communist Mig jets downed and another strong Chinese attempt to recapture Bunker Hill that cost them an estimated 400 in dead and wounded.

Van Fleet told a press conference that while the Communist military machine built up its manpower, the Allies had bolstered their lines "providing us a strong coast-to-coast installation."

The general did not say how much more than 1,000,000 he thought the Communist armies had gone. He last estimated their strength at 900,000 men in March.

Van Fleet said the Reds had lost 30,000 men in casualties in beating against the bristling Allied defenses during the last three months.

British Labor Votes To Increase Trade With Reds

MARGATE, England, Sept. 5 (AP)—Britain's organized labor unions today unanimously adopted a resolution urging a big boost in British trade with Russia and her satellites.

The annual convention of the 8,000,000-member Trades Union Congress, backbone of the Labor Party, said increased East-West trade is necessary to help stimulate Britain's export drive.

It expressed alarm at the growing difficulty of maintaining British exports in the face of trade restrictions and warned that "extended slump conditions and unemployment" may result.

The resolution called on all governments—both East and West—to meet without further delay to discuss increased trade and the removal of artificial trade barriers.

Labor leaders addressing the convention said increased East-West trade might help the cause of world peace but emphasized that such an increase depends on Russia as well as on the Western governments.

The Western powers have generally agreed with the United States to prohibit the export of any strategic war-potential goods to Iron Curtain countries.

Recent Soviet assertions that Russia is willing to do more business with the West have been written off by most Western trade officials as propaganda.

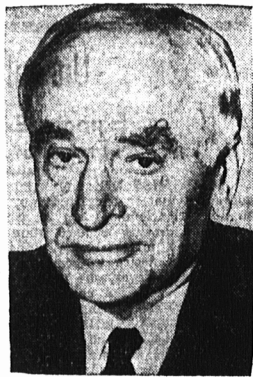

The T. U. C. convention also unanimously adopted a resolution demanding that the government start action now to apply equal pay for women in the civil service. The government has promised to study the gradual adoption of equal pay for women civil service workers, but no action has been taken so far.

The T. U. C. ended its week-long convention by electing Tom O'Brien, a Labor member of parliament, as new chairman of the executive general council.

Coming Events

- **Reserve October 8th for Pownal Ladies Aid Chicken Supper.
- **St. Columba's Chicken Supper and Dance, September 9th.
- **Reserve September 24th for Turkey Supper in Long River Hall.
- **Buying timothy seed daily. McGuigan and Boyle.
- **Annual Thanksgiving Supper, Victoria United Church.
- **Try our Purina Finance Plan for feeding your hogs and poultry. Dillon and Spillett.
- **Sandy's Drive-In Theatre, shows Tuesdays, Wednesdays and Fridays at 9 P. M.
- **Dancing Stanley Bridge Rink Hall every Tuesday night. Music by Munroe's Orchestra. 9 to 12.
- **Dance, Launching School, Monday, September 8th. Turners Orchestra.
- **Bingo, Elliot Hall, Monday, September 8th. Sponsored by Fairies Weeders. Door prize.
- **Dance in Vernon River Hall, Monday, September 8th. Rollie Macenzie's Orchestra.
- **Buying and Cleaning Timothy Seed daily. Paying top price. Elmer MacDonald, Crapaud.
- **Chicken supper and dance Iona Hall, Wednesday, Sept. 10th. Supper served from 6 to 10.

- **Swift Canadian Co. Limited, have just received a carload of hog concentrate, dairy concentrate, poultry concentrate also hog grower, Swifts Laying Mash and Dairy Ration. Pick up your requirements at our warehouse on Fitzroy Street, Charlottetown.

Critically Ill

Although Cordell Hull, 81, is reported slightly improved from a cerebral thrombosis attack, the veteran statesman and legislator is still on the critical list at a Washington hospital. Mr. Hull was secretary of state during three of President Roosevelt's terms.

Ontario And B.C. Papers Get Awards

ST. ANDREWS, N.B., Sept. 5 (CP)—British Columbia and Ontario papers gained the lion's share of Canadian Weekly Newspapers Association awards announced tonight. The C.W.N.A. annual meeting is being held here.

The Powell River, B.C., News led the winners by taking all three first places in the competitions for papers with a circulation between 2,000 and 3,000.

The winners:

Circulation over 3,000—best all around paper, Barrie, Ont., Examiner; best front page, Chilliwack, B.C. Progress; best editorial page, Newmarket, Ont., Era and Express.

Circulation between 2,000 and 3,000—Powell River News, in all three classifications.

Circulation between 1,000 and 2,000—best all around paper, Gananoque, Ont., Reporter; best front page, Dryden, Ont., Observer; best editorial page, Gananoque Reporter.

Circulation between 500 and 1,000—best all around paper, Ladner, B.C., Optimist; best front page, Ladner Optimist; best editorial page, Brighton, Ont., Ensign.

Circulation under 500—best all around paper, Staveland, Alta., Advertiser; best front page, Winkler, Man., Progress; best editorial page, Hartney, Man., Star.

More Polio In British Columbia

VANCOUVER, Sept. 5 (CP)—Nine new cases of poliomyelitis were reported today in British Columbia, bringing the total to 248. The death in Vancouver of a four-year-old girl brought the province's polio fatalities to 21.

Eisenhower Willing To Name Negro To Cabinet

CHICAGO, Sept. 5 (AP)—Dwight D. Eisenhower indicated today he would be willing to name a negro to the cabinet if he could find one with "merit" and "the qualifications needed to serve the United States well."

The Republican candidate for president also made his strongest bid yet for a working alliance with Senator Robert A. Taft of Ohio.

Eisenhower said of his defeated rival for the nomination:

"I'll try to draw him on to my team, not only as a consultant but as a man to lead a very important section of the fight."

The general spoke up in answer to questions fired at him by Republican leaders and party candidates from Illinois, Indiana and Michigan.

Edgar G. Brown, a Republican candidate for Congress from Illinois, posed the question of the appointment of a competent "upstanding negro" to the cabinet in the event Eisenhower becomes President. Brown himself is a negro.

"This was the answer: 'With respect to the appointment of a negro to any place, I would say this: I will search for merit wherever it is. I will search for the qualifications needed to serve the United States well and if, in a particular field, you can find someone whose appointment would give reassurance to the great body of negro men, I should very much like to do such a thing. Make no mistake; I said negro men. I meant it in the generic sense, the negro race.'

"On other points and campaign issues, Eisenhower said that:

1. He believes "we can come close to balancing the budget," and the first step is "complete honesty, complete efficiency, and ruthless elimination" of unnecessary expenditures.
2. He believes "one of the greatest defects in our foreign policy is that there is none."

Local Man First Officer On Visiting Naval Craft

H. M. C. S. Porte St. Louis, one of the newest additions to the Canadian Navy put into port here last night on her way from Quebec to Halifax. The "Gate Vessel" is expected to sail this morning. One of the newly-designed ships for harbor guarding duty, she was recently launched at the Lauzon, Quebec, shipyards.

She is under command of Lieut. Cmdr. H. Bruce Carnal, D.S.C., and the first officer on board is Lieut. Cmdr. Robert C. McMillan, D.S.C. and Bar. son of Mr. and Mrs. L.B. McMillan of this city. Lieut. Cmdr. McMillan returned to active duty with the Canadian Navy in May of last year after a distinguished career during the war years.

A former Aide to the former Lieutenant Governor J.A. Bernard, he won his first decoration while serving aboard a minesweeper in the Mediterranean. A surprise sweep by enemy planes caused havoc in the port in which the minesweeper was lying and killed all other officers on board. The then Lieut. McMillan took command and was personally responsible for shooting down five of the attacking planes. He later won a Bar to the Distinguished Service Cross.

He returned to this country

Lt. Cmdr. R.C. McMillan
briefly in 1943 for a cross-country tour on Naval duty before going back to active sea duty. When the war ended he came to his native city and served aboard H.M.C.S. Queen Charlotte as Training Officer. Last year he went back to active duty with the Royal Canadian Navy.

Largely Attended Opening Of Salvation Army Crusade

The Salvation Army Team of Evangelists who opened their Mid-City "Crusade for Christ" in Zion Presbyterian Church last evening, were accorded a splendid Provincial and Civic welcome at noon yesterday by Premier J. W. Stewart Jones and Mayor J. D. Stewart.

On a stage erected at the approximate location of the first Salvation Army open air meeting held in Charlottetown sixty-three years ago, Premier Jones spoke of the happy relations that existed between the Army and the people of the Province down through the years. He hoped that the influence of good which has permeated their activities here as elsewhere, would continue and expand.

Mayor J. D. Stewart expressed the great pleasure it gave him, on behalf of the City Council and the citizens generally, to welcome the Army Evangelists and wish them success in their Crusade. His Worship spoke of the ease with which the better things of life can be overlooked in the world of today, and the influence for good which the Army extends in all countries.

He remembered with gratitude the part played by the Salvation Army overseas during the war, and like others who were in that congregation.

Mr. Britain asked parents to exercise necessary "discipline and control" in their homes while polio is rampant in the province. He said the government had taken steps to prevent spread of the disease by delaying school opening. Parents could co-operate by making sure their children are kept away from places where they might be exposed to polio.

Quebec Will Not Sign Agreement

QUEBEC, Sept. 5 (CP)—Premier Duplessis of Quebec indicated today his government will not fall in step with Ontario which recently signed temporary tax agreements with the Federal government.

Apparently referring to this tax agreement, Mr. Duplessis said "the government will never sign the death warrant of the Province of Quebec."

In a statement which contained no direct reference to tax agreements, Mr. Duplessis said "we are irreparably opposed to assimilation, centralization and absorption."

He did not say, however, that his government will never sign an agreement. He has previously criticized Federal-Provincial tax agreements.

Under the Ontario agreement announced last week, that province will rent personal income and corporation tax fields for five years to the Federal government in return for annual payments. The agreement differed from agreements with eight other provinces which include inheritance taxes.

Reputation Due To Evaluation

DIXVILLE NOTCH, N. H., Sept. 5 (CP)—Quebec's reputation as a "poor" province is the result of too-low municipal evaluation, Charles del. Mignault, chairman of the Quebec Municipal Commission, said today.

Addressing the three-day meeting of the Quebec Union of Municipalities, Mr. Mignault said under-evaluation of properties in Quebec gives "an appearance of poverty to our province."

"It is a recognized fact that this excessive low valuation has been harmful to our province from an economic viewpoint."

He said property assessment is a serious business.

"The consequences of hasty and badly-made valuations have often resulted in the impossibility of municipalities undertaking needed public improvements."

Treatment For Bladder Cancer

CHICAGO, Sept. 5 (AP)—A new radium-needle treatment is saving many people with bladder cancer, Dr. Raymond Darget of Bordeaux, France, reported today.

Radium-filled needles are put into the cancerous part of the bladder, to kill cancer with X-rays. A balloon inside the bladder, filled with lead solution, keeps the rays from damaging the healthy tissue of the bladder. This damage has been a serious drawback before in using radium.

The needles are left in place four to six days, then are pulled out, he told the International College of Surgeons.

Half of 200 patients given this treatment are alive five years later, with their bladders kept intact, Dr. Darget said. Cancer is usually considered cured if it doesn't recur within five years.

Bladder cancer causes about three per cent of all cancer deaths. The usual treatment today is to remove the entire bladder. The tubes leading from the kidneys then are made to empty into the colon.

Large Number Pilgrims Killed

NEW DELHI, Sept. 6 (Saturday)—(AP)—More than 350 Hindu pilgrims were killed and many were missing in a high Himalayan snow storm that overtook them at 18,000 feet altitude in Himachal Pradesh state, survivors reported today.

Reports in morning papers here quoted the first group of survivors returning to the plains as saying the fate of many hiding from the storm in caves was unknown. They said many died of exhaustion on the return journey.

The Mani Mahesh festival annually in the high Himalayas—regarded as the seat of the Hindu gods—attracts thousands of pilgrims.

The post-monsoon storm hit them at Shangarajol, 65 miles from Chamba in Himachal Pradesh.

Bandits Stage \$25,000 Robbery

TORONTO, Sept. 5 (CP)—Two bandits who called each other "Willie" and "George" made off with \$25,000 in cash in a daylight holdup of a Dominion Bank branch today.

Police said three employees who arrived early for work left the bank door unlocked and the bandits "just walked in". The bank is in Toronto's west end at Roncesvalles and Howard Park Avenues.

First reports said the thieves hid in the bank during the night. Police said the men forced the bank manager to open the vault and escaped an hour before the normal 10 a.m. opening for public business.

N. B. Schools To Delay Openings

FREDERICTON, Sept. 5 (CP)—Polio cases in New Brunswick soared to the 200 mark today as a provincial government minister and a health officer urged parents to keep their children out of crowded places.

With 16 new cases reported in six counties, six of them in Kent, Hon. James W. Brittain appealed to parents to keep children away from congested places and areas.

The Minister of Education and Municipal Affairs was joined in the plan by Dr. J. A. Melanson, chief medical officer.

Mr. Brittain asked parents to exercise necessary "discipline and control" in their homes while polio is rampant in the province. He said the government had taken steps to prevent spread of the disease by delaying school opening. Parents could co-operate by making sure their children are kept away from places where they might be exposed to polio.

Will Form Small Diocese

LONDON, Ont., Sept. 5 (CP)—The Church of England in Canada today decided to form a small diocese as the home of the primate in office.

The 18th general synod, in the second day of meetings here, decided to form the See to relieve the primate of diocesan duties. It voted unanimously after hearing a warning by Chancellor R.V. Harris of Halifax that "we have already killed two primates" by overwork.

There was no question among the 300 delegates that the primate of all Canada was faced with a too-heavy task. But there was considerable discussion as to how a change should be made.

Chancellor Harris said there were three ways: Creation of a small diocese; freeing the primate entirely of diocesan duties, such as is the case with the presiding bishop of the Episcopal Church in the United States; or appointment of a co-adjutor bishop to assist in his diocese.

British Forestry Expert Dies Suddenly In Ottawa

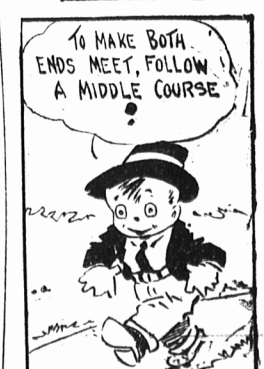

OTTAWA, Sept. 5 (CP)—Lord Robinson, United Kingdom forestry expert, died suddenly here today. He was heading Britain's delegation to the sixth Commonwealth forestry conference.

Pneumonia was given as the cause of the death of the 69-year-old first Baron of Kellier Forest and Adelaide. He entered hospital two days ago after a strenuous 3,000-mile tour of Ontario and Quebec by conference delegates.

He was chairman of the Forestry Commission of Great Britain since 1932 and was credited with formulating forest policy and the creation of state forests in the United Kingdom.

Delegates met briefly in silence for a minute in his memory and then adjourned for the day.

Resources Minister Winters, president of the conference, said Lord Robinson had given vigorous leadership in development and utilization of the forests of the Commonwealth.

HALIFAX, Sept. 5 (CP)—Official forecasts issued by the Dominion Public Weather Office in Halifax and valid until midnight Saturday with an outlook for Sunday.

Synopsis:
The weather over most of the Maritimes Saturday will remain fine.

Regional forecasts:
Prince Edward Island—Clear with little change in temperature. Light winds becoming southwest 14 after noon. Low and high at Charlottetown 50 and 75, Moncton 41 and 75, Fredericton 43 and 80, Saint John 52 and 75.

Outlook for Sunday—Sunny. Summary for Saturday—Clear.

High tide today at Charlottetown at 12:17 P. M.
High tide on the North Shore at 7:03 A. M. and 7:18 P. M.
Summerside tide eighteen minutes later than Charlottetown.
Sun rises today at 5:40 A. M. and sets at 6:42 P. M.
