Work becomes a delight when

### Airship Sighted On St. Lawrence

(C. P. By Guardian's Special Wire) MONTREAL, July 1.—The German airship Hindenburg was reported 10 miles above Father Point, Que., at 7:20 p. m. A.D.T. tonight by the Department of Marine Signal Service.

The Signal Service said the latest report placed the airship over Biscuit Island in the St. Lawrence River. The Hindenburg was headed for Montreal and it was believed the giant airship would fly over the city between 9 p. m. and 10 p. m.

At St. Hubert airport officials said they had no notification the Hindenburg was enroute. There is a mooring mast at St. Hubert, about 14 miles from downtown Montreal, where the Hindenburg could be landed if they had had notification, officials said. At present, however, the necessary ground crew is not on hand and the equipment is not ready, leading to the belief the dirigible would fly over Montreal and then head for New York.

Mr. John B. Roper of Royalty was elected President at the annual meeting of the P. E. Island Silver Fox Breeders and Exhibitors Association, which was held in Summerside on Tuesday afternoon. Mr. Samuel Johnson of Fortune Bridge was elected Vice-president.

There was a very large representation of fox breeders from all over the Province, and important matters relating to feeds and fox ranching in general were discussed.

Criticisms and discussions were of an instructive nature and made for progress and advancement and fox breeders could look with confidence to the future of the industry.

Mr. Shaw submitted a report from the committee to look into lower freight rates for feeds and stated that assurance had been given that the matter would receive consideration.

### Roberts Says Phelps Mistaken

TORONTO, June 29.—"Prof. Phelps is thoroughly mistaken," Sir Charles G. D. Roberts, dean of Canadian poets, said here today when questioned about a statement made by Prof. W. L. Phelps of Yale University.

Prof. Phelps said "One sure way to oblivion is to be a Canadian poet."

"I have found an unmistakable interest in Canadian poetry and Canada is quite as attentive to her poets as other countries, as England and the United States," Sir Charles said.

E. J. Pratt, poet and professor of English at Victoria College, Toronto, said Canadians were not as active in the production of literature and the organization of societies to foster it as in the United States.

### Falconwood Jail Farm Suggested By Grand Jury

#### Supreme Court Opened On Tuesday—True Bills Found In Manslaughter And Robbery Cases

A recommendation that the jail be established on Falconwood property and thus give prisoners an opportunity to work on the farm was contained in the report of the Grand Jury submitted at the term of the Supreme Court which opened in Charlottetown Tuesday.

"We feel that this would be a decided improvement and tend to raise the moral and physical condition of the prisoners," the report continued.

The jury inspected the infirmary and Falconwood Hospital and reported that both institutions were being conducted in a very satisfactory manner. The report contained a number of recommendations several of which pertained to highway traffic in the province.

True bills were found against Russell Abbott and William E. Phillips, each separately charged with manslaughter and Alfred Olmiston, Cyrene Kelly and Fred Phillips charged with robbery with violence.

The three accused will be arraigned this afternoon at 2:30 o'clock.

Chief Justice J. A. Mathieson presided at the opening of the court. On the bench also were Mr. Justice A. E. Arsenault and Mr. Justice A. C. Saunders.

Evidence was heard before Mr. Justice Arsenault in the appeal case the King, respondent vs Major MacKinnon, appellant. Mr. J. O. C. Campbell appeared for the respondent and Hon. T. A. Campbell, Attorney General, for the Crown. It was an appeal from a conviction by Mr. K. M. Martin, stipendiary magistrate for the city of Charlottetown, for operating a motor vehicle while under the influence of liquor. The case will continue when the court resumes at 10:30 this morning.

The following was the report of the Grand Jury.

#### GRAND JURY'S REPORT

To Hon. John A. Mathieson, Chief Justice Supreme Court of the Province of Prince Edward Island.

May it please your Lordship: Acting under your instructions we have inspected the several public institutions and beg to report as follows:

Falconwood:—We found this clean and in first class condition in every respect. On inspection the food was found to be all that could be desired.

Dr. Murchison and his staff are to be congratulated on the excellent work they are doing and the splendid condition of the institution.

We would recommend that fire escapes be placed on the building occupied by the male inmates.

Prince Edward Island Infirmary:—We found this an excellent institution, capably managed and spotlessly clean. We congratulate Mrs. Garrick, the matron, and her staff on the excellent work they are doing in caring for the inmates of the Queen's County Jail.—We found this institution clean and the food satisfactory. We were informed that two inmates were suffering from venereal disease, using the same toilet and mixing generally with the other prisoners. We would recommend that an isolated ward be provided for such cases. In our opinion it would be advisable to establish the jail on Falconwood property and thus give the prisoners an opportunity to work on the farm. We feel that this would be a decided improvement and tend to raise the moral and physical condition of the prisoners.

### Five Killed When Bus Overturns

(A. P. By Guardian's Special Wire) NATURAL BRIDGE, Va., July 1.—Death came swiftly to five of 34 persons aboard a huge bus which crashed into a bank and overturned early today only a few yards from the 215-foot gothic bridge. Seven others were injured seriously enough to require hospital treatment.

J. J. Olderson, the driver, died as he made what some believed was a deliberate effort to wreck the sliding bus and prevent its plunging into the chasm. It stopped with the wheels in the air against the big fence advertising the bridge, the top crushing Olderson and four persons in the forward end.

The dead in addition to Olderson: J. P. Hamilton, of Birmingham, Ala.; John Keese, Washington; Lena Holden, Goodview, Va., and an unidentified woman.

### J.P. Morgan III

NEW YORK, July 1.—The head of the almost-legendary House of Morgan lay ill tonight in his great, rambling country estate on secluded East Island, off Long Island.

John Pierpont Morgan, whose family more than any other has written the story of financial Empire in the United States, was brought home early today from Manchester, Mass., suffering, said physicians and members of the family, with an attack of neuritis which although painful was not regarded as serious.

### Bennett Opens Civic Celebration In Vancouver

(By Charles Nichols Canadian Press Staff Writer) VANCOUVER, July 1.—The shouting and tumult of Vancouver's jubilating thousands echoed over this seaboard city today on the 50th anniversary of its founding.

Provincial representatives, the representatives of sister provinces and hundreds of unofficial visitors from other parts were on hand as the city's golden jubilee was declared officially open by Rt. Hon. Sir B. Bennett.

Rt. Hon. Vincent, London's Lord Mayor, sent his congratulations from London by air to Canada's most westerly mainland metropolis. Over 6,000 miles the Lord Mayor's message travelled to be picked up in Vancouver and conveyed into earphones looped over the sun-burned head of Mayor G. G. McGeer.

The Lord Mayor's message, delivered at midnight in the Empire's capital, conveyed best wishes to Vancouver and wished it the "prosperity in the future that it has enjoyed in the past."

All the city was draped in jubilee banners, flags and bunting in the joint recognition of the jubilee of the city and the birthday of the Dominion.

Brilliant colors marked out the path of a military parade from the heart of the city to the reviewing stand where there were speeches and reviews.

Side by side on the uncovered platform sat Mr. Bennett, Premier of British Columbia and other dignitaries. Politicians were mentioned only jokingly as the speakers paid compliments to this city.

VANCOUVER, July 1.—The British Columbia Conservative party tonight fell into step behind new leadership, pledged to policies embodied in a new, broad platform.

Winding up the first party convention in 10 years, 400 delegates to the provincial party convention overwhelmingly voted Dr. Frank P. Patterson of Vancouver, a native of St. John County, N. B. into office Tuesday night.

The delegates swept aside the candidates of R. L. Maitland, K. C. of Vancouver and Herbert J. Anderson, in the hands of the man who served as president of the association for two years.

Shortly before the ballots were distributed among the restless delegates, in continuous session for six hours before the new chief was named, Dr. Patterson pledged himself to a policy "sound but not reactionary—progressive but not radical."

### UNITED BAPTIST ASSOCIATION CONVENTION

#### Rev. H. L. Denton Is Elected Moderator For Ensuing Year.

The 69th annual association of the Island Baptist Churches, convened with the East Point Baptist Church on June 25th, to June 28th. A large number of delegates were present and all sessions taxed the seating capacity of the church. The sessions were in charge of Rev. H. L. Denton, Charlottetown, as Moderator and Rev. J. B. Wilson, Summerside, as Clerk. The digest of church letters and reports of the different organizations of church work showed a great increase in the membership and the interest in all departments of the work of the denomination. Despite the trying economic conditions facing many of the rural fields, these churches are more than holding their own both materially and spiritually. The work of the educational, institutional at Wolfville was represented by the Field Sect., Rev. E. A. Kinley. The British and Foreign Bible Society by Rev. J. M. Murcheson. The Maritime Baptist report was presented by Lic. Kenneth Eaton, O'Leary; the Grande Ligne Mission, which is celebrating its centenary this year was ably represented by Rev. L. E. Therrien, Principle of Fellar Institute. The Foreign Mission and Home Mission Boards represented by Rev. Dr. Gendinning and Rev. Dr. Mason. The Western Mission Board was represented by Rev. H. R. Bell, East Point.

The Sunday sessions were in charge of the Moderator, Ross Bethune, Charlottetown. The preacher of the association sermon was Rev. T. O. DeWolfe, Tryon, who preached a very inspiring and challenging message on the "Release of Life". The afternoon session was a special service in the interest of the Grande Ligne Mission, at which Rev. L. E. Therrien, presented the work of that mission among French-Canadians in a forceful and thought-provoking way. The evening session was an Evangelistic Service with Rev. Heston

### MAJOR POWERS PLACE FAITH IN LEAGUE

Massey Presents Canada's Stand On Sanctions. MAY WITHDRAW

Smaller Nations View European Trend With Misgivings.

GENEVA, July 1.—Three of the world's greatest powers rallied to the support of the League of Nations tonight in the face of veiled hints of smaller powers at withdrawal.

The three were Great Britain, France and Soviet Russia. Spokesmen for the first two said their governments would not recognize Italy's annexation of Ethiopia and all voiced continued faith in the League's future.

Delegates from Canada and South Africa presented opposite views with respect to continuation of sanctions against Italy.

Speaking for Canada, Hon. Vincent Massey, High Commissioner to London, said there would appear to be no practical alternative for Canada but to support the discontinuance of sanctions.

Worse Than Useless

In the view of the Canadian government "the continuance of ineffective economic pressure which would not secure the original objective, would be worse than useless."

It had been urged members of the League should definitely undertake whatever compulsion might be necessary, but it seemed clear there was no appreciable number of effective members who would be prepared to embark on such a course while there was uncertainty as to whether the objective might not be lost sight of in "very serious disturbances that might arise."

Charles Te Water, High Commissioner for South Africa, declared 50 nations led by three of the most powerful in the world were about to declare their powerlessness to protect the weakest in their midst.

"The authority of the League about to come to naught, my government desires me to say here this renunciation by the most powerful."
