How to Make Money.

The following statistics gathered from reliable sources are both interesting and instructive and may be turned into money, so to speak, by farmers and poultry raisers.

Table with columns: Me., Penn., Ohio, Mass., N.Y., N.C., N.H., Ind., Ala., R.I., Tenn., S.C., Vt., Iowa, La.

It will be noticed the average number of eggs laid per hen per year ranges from three dozen to over seven dozen and that those states which produce the largest number of hens did not make the most money because, as the figures show, they only got an average of four to five dozen per hen per year while the Louisiana States show an average of from six to over seven dozen.

The question arises then why do hens in the New England States average more than seven dozen eggs per year per hen, while in Louisiana they only average three dozen? The reason must be found in the fact that in the New England States, Sheridan's Powder to make hens lay is almost universally used, while in the West and South, it is not used much.

Louisiana has not gone behind but the Northern states have gone ahead! There is no doubt at all but what the extensive use of Sheridan's Powder to Make Hens Lay, and for the improvement of poultry has boosted the poultry industry more than all other influences put together.

One man in Mass. near Boston has made twenty thousand dollars a year for last five years and many more have from five hundred to a thousand dollars while thousands of women, children and invalids have earned a comfortable living. All who want to know just how to make money, keeping and tending poultry should send to I. S. Johnson & Co., 22 Custom House St. Boston, for a copy of the Poultry Raising Guide Price 25cts.

A TRIP TO EUROPE.

An ex-British Consul's Experiences—A Friends Kindness, Protects Him from an Old Enemy.

F. J. Crilland, of New York, formerly British consul at Mobile, Ala., and Charleston, S. C., when about to start for Europe found himself short of a valuable article which he feared he would not be able to obtain in Europe.

"Last year, when suffering from the worst cold and cough I ever experienced, for which medical skill appeared to afford no relief, you kindly gave me a bottle of Hawker's Balsam of Tolu and Wild Cherry which afforded me great relief at once, and in a short time I found that the cough had entirely left me. I have carefully read a little of the contents of that first bottle bearing I could not obtain another, and I wished to have such a valuable remedy at hand."

DOUBLE VICTORY.

It must be gratifying to our Canadian people to learn of the double victory at Chicago of the well-known piano firm of Octavius Newcombe & Co., who have been awarded medal and diploma for both their upright and grand pianos.

The judges on pianos at the Chicago Exposition made the following report upon the Newcombe Pianos: "The Newcombe pianos receive an award for tone quality of a high order of excellence, full and musical, with fine singing power and duration, well-made and well regulated action, firm, elastic and prompt touch. The best material and highest class of workmanship are found in these pianos. The cases are artistic and finished in the best manner." Mr. S. N. Earle is agent for the Island for these magnificent instruments.

Testing His Honesty.

Your druggist is honest if when you ask him for a bottle of Scott's Emulsion he gives you just what you ask for. He keeps this in the best form in which to take cod liver oil.

A Halfway Manager Says:

"In reply to your question do my children object to taking Scott's Emulsion, I say No! on the contrary, they are fond of it and it keeps them pictures of health."

CAPTAIN JOHN B. HIRK, of schooner Lillian, says:

"I have used Patner's Emulsion with great satisfaction where Cod Liver Oil is called for. I recommend it as so disgusting the oil that patients never refuse to take it."
