

## P.E.I. Opportunities Outlined By Speaker

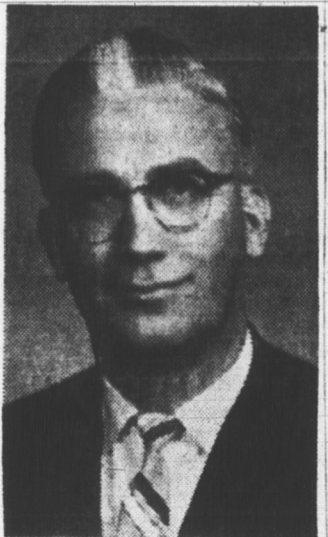

Agriculture, tourism, fisheries and professional opportunities on P.E.I. were discussed by J. Lincoln Dewar, guest speaker at the official opening of the fifteenth annual Rural Youth Fair last evening.

Influencing all of these opportunities, Mr. Dewar said, would be the proposed causeway. He said it would have a marked influence on these opportunities and that the province would never be the same after its completion.

In regards to agricultural opportunities Mr. Dewar stated that the farms of the near future will be much larger, requiring much more capital and skill and would be much more exciting than those in the past. He said, "there won't be as many farmers but they will live better."

Where tourism is concerned he said that with exciting attractions like the Confederation Centre and improved transportation and some very prominent people beating drums for us we are bound to have a great increase in tourists. Well trained, intelligent, interested and courteous people will be needed in this field.

**SKILLED IN TRADE**  
Until recently the fisheries industry has been shore bound. Mr. Dewar stated with only small boats in use. He told his audience that this too is changing with

## Potato Pickers Shortage Feared

SUMMERSIDE — An acute shortage of pickers is expected by the local employment office who advised farmers to get their orders in early. Monday night approximately 100 pickers are expected from various parts of the Maritimes.

and pickers are expected to arrive all next week in a steady stream — but not in sufficient numbers. The situation was much the same last year when about 500 workers arrived for the potato picking season and another hundred could have been used.

**ORDERS PLACED**  
This year farmers have already sent in orders for over 300 pickers and it is expected that the total will rise to at least 500 in the next week. No more pickers are available

in any of these centers which are regular sources of supply: Newcastle, Moncton, Bathurst, Amherst, Springhill, and Inverness.

O'Leary students and anyone else in the area interested in picking potatoes will be registered at O'Leary on the 30th of the month.

**BRITISH SELL ABROAD**  
In 1964 Britain exported \$245 worth of goods per head of population, contrasted with the United States' \$147.

## \$50 Fine Given For Gas Theft

Kenneth David Cheerie of Kinkora pleaded guilty yesterday in the Queen's County Magistrate's Court to a charge of stealing gas valued at less than \$50. He was fined \$50 and costs by Magistrate James B. Johnston.

James Wendell Meyers of Burbank pleaded guilty to a charge of false pretences. He allegedly cashed a cheque on a

bank account in which there were not sufficient funds to cover it. He was remanded until Sept. 27 with bail set at \$50 cash. Velda Gallant of North Rustico was charged with causing a disturbance in or near a public place by swearing. She was not in court and on hearing the evidence of two witnesses Magistrate Johnston dismissed the charge.

In the case of Harold Stuart White of Kelley Cross, charged with arson, Magistrate Johnston said in view of the report from

Riverside Hospital he concluded the accused was fit to stand trial. The case was adjourned until Oct. 5.

Fines of \$20 and costs were handed out to two people, one for intoxication and the other for illegal possession of liquor. Two others pleaded not guilty to charges of illegal possession and their cases were adjourned until Oct. 6.

Norway's international merchant fleet now totals 15,210,000 tons, in 2,835 ships of more than 100 gross tons.

# The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Huguette Samson, a 22-year-old married woman who earns \$56.50 a week.

Huguette and her husband, who is earning \$4,200 a year, hope that Huguette will work for a few years before family needs require her attention full time.

Assuming that Huguette does just this, her contributions to the Plan will benefit her in several ways. For example, if she works only for another five years, at age 65 she will receive a small retirement pension of \$8.38 a month in addition to her \$75 a month Old Age Security.

Through her husband's contributions to the Plan, should he die when they have three young children, Huguette would receive a widow's pension of \$57.81 a month plus \$25 a month for each child—a total of \$132.81 a month. She would also receive a lump sum payment of \$500.

At age 65, based upon both her own and her husband's contributions she would receive a pension of \$57.53 a month plus \$75 a month Old Age Security—a total of \$132.53.

If she decided to supplement her income at any time by returning to work, she could still receive the widow's and orphan's benefits, could substantially increase her retirement pension, and could also ensure her entitlement to a disability pension if she became disabled.

All benefits under the Plan will maintain their value. The actual benefits payable will probably be higher than those given here since benefits will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If you are employed and, like Huguette, have earnings of \$2,938 spread evenly over the year, you will pay at the rate of 81¢ a week. Your employer will pay the same amount.
