The Greatest and Best Invention of the Age FOR FARMERS. Manny's Patent MOWING and REAPING MACHINE. ONE acre of Hay or Grain cut on rough or smooth land in an hour, for less than one shilling cost, with the assistance of four or five men, in the purchase of one of those ever renowned labor-saving Manny's Patent Mowing and Reaping Machines. Now on Exhibition and Sale, with W. H. BROWN'S Patent Hay Rake, and Brown's Patent Horse Pitch Fork, at Overhill Cheap Store, where the cheapest Country Store on the Island, and with the greatest variety, from a Needle to an Anchor Stock.

3 Gold, 6 Silver Prize Medals, and \$100 Cash HAVE BEEN AWARDED to Manny's Patent Mowing and Reaping Machine. At the Crystal Palace and State Fairs of America, where Manny's Machine has been fully tested with several other Machines, and proved to be the best, most durable, and cheapest Machine of the kind ever offered to the public, for saving time, and labor, and saving the Farmers, by which five weeks labor and cost can be saved over the old fashion mode of harvesting with hook and scythe, which will pay a fifth part of the entire Machine in one season. It can now be got for five in a Settlement joint together, and for which will be given for payment by the Subscriber, for all those ordered by the 20th of May, so as to have them ready in time for harvest, to enable the Farmers to ship their produce in good weather, and a month sooner, and not fear having their grain ripe at once, when one of those money saving machines can be had on such favourable terms and easy payment, at Overhill Cheap Store.

This is an opportunity that cannot be met every day, to clear and make large farms, and have a month's work done by less than 10 or 15 men, in one week. This is coming up to Telegraph operation, and will make the Farmer independent, and look out for better times and more produce. These wonderful Machines are available to Shipbuilders and Captains, Mechanics, Teachers, Widows, and all those whose time is more valuable at other callings, and will be set up by the maker. A trial given the best, and warranted fully perfect, and taken back. Annexed are a few testimonials from some of our most extensive Island Farmers, that can be depended on, and who are willing to give satisfactory reference, if called on. Further particulars known from W. H. BROWN, at Overhill Cheap Store, 27 Wellington Street, April 22, 1861. N. B.—All parties wishing to use any of these Machines, would do well to roll the land in time for this—this is important. P. S.

We certify that each of us have purchased one of Manny's Patent Mowing and Reaping Machines, the operation of which we are highly pleased with, and it has proved most satisfactory than we expected, having performed all our work much better, and at less cost than hand labor, and having our hay and grain secured much sooner than our neighbors, with the old fashion scythe and hook. We consider Manny's Machine the most valuable invention ever discovered, or seen on this Island, for the benefit of the Farmer, and strongly advise every one requiring such to secure them in time, if they can arrange in any way to have one in each settlement, when the benefit will be found to save money and time—so valuable to farm workers. WILLIAM ACORN, Miller & Farmer, Lot 49, (Signed) ROBERT MITCH, Farmer & Stock Master, Gallows Point, April 22, 1861. N. B.—Any one wishing to see our Machine, can call at any time, or to the agent at Overhill Cheap Store, where they can see an exhibition and sale.

I certify that I had one of Manny's Patent Mowing and Reaping Machines at work on my farm last season, and I found it proved admirably well, and far superior to any one of the kind I ever saw in England, having performed all our work much better, and at less cost than hand labor, and having our hay and grain secured much sooner than our neighbors, with the old fashion scythe and hook. I found it much less expensive, and the work better done than by hand. My opinion is that where these Machines are a little better known, as Farmer that wants to save money, or time, will be without one. JOHN DOUSE, Port Sallick, April 22, 1861. I hereby certify that I have purchased one of Manny's Reaping and Mowing Machines last summer, and I can testify to its superior construction and capabilities to perform the work for which it is designed in a first rate style. I have cut over very rough as well as smooth ground, and on all occasions its work was done well. I have also cut with it several of my neighbors, and all were highly delighted with its performance. I can truly say it is one of the most useful articles that has been brought to this country, and I have no doubt it will be extensively used, as it saves considerable time, labour, and expense, which all farmers wish to save. Lot 49, May 25, 1861. PHILIP LANE, J. P. Several other testimonials can be seen with the Agent at Overhill.

Charlottetown Marble Works. GREAT GEORGE STREET. THE Public are respectfully invited to call and examine the best assortment of MARBLE ever imported to this Island. HEADSTONES, TOMBS and MONUMENTS furnished at reasonable prices, and equal to the best. July 15, 1861. S. WELLS.

THANKS TO THE PUBLIC. W. A. & J. LOCKERBY most respectfully tender their grateful acknowledgments for the very liberal support they have received since their commencement in business. They would also inform the public that they have taken into the business another partner, Mr. AUGUSTUS HERMANS, late Engineer of Hickey's Steam Factory, who is prepared to execute all orders in Lock, Gunsmithing & Bell-hanging, in the most and best style, and with despatch. The business in future will be conducted under the name of LOCKERBY & HERMANS. WILLIAM A. LOCKERBY, JOHN LOCKERBY, AUGUSTUS HERMANS, Oct. 16, 1860.

DISPENSING ARRIVALS.—The French Frigate Bonaparte, and the steamer Jerome Bonaparte arrived on Monday last from France via Sydney; the latter had on board Prince Napoleon and family. In the afternoon the Prince, Princess Clotilde, and several attendants, drove through the principal streets of our city, accompanied by W. Cunard, Esq., French Consul, paid their respects to the Lieut. Governor, &c. Yesterday morning the Prince amused himself on our harbor in his tiny steam yacht; and in the afternoon, accompanied by the Princess, visited Dartmouth.

Yesterday afternoon H. M. S. St. George, with Prince Alfred on board, arrived from Pictou. The vessel passed, under easy steam, close to the wharves, the Band discoursing sweet music from the quarter deck.—Halifax Star, July 24.

THE EARTHQUAKE.—The earthquake which was noticed in Montreal a few days ago, it appears, was felt in portions of New England, and in the central and northern parts of New York State.

The demand for Holloway's Pills and Ointment in India is now becoming immense, not only among all classes of Europeans, but also with the Native population of all castes. The following particulars may be interesting:—

EXTRAORDINARY CURES IN INDIA. Copy of a letter dated January 10th, 1861, from P. Meherji, Esq., Proprietor of the large and influential native newspaper, "The Bombay Samachar."

Dear Sir,—I have the pleasure to inform you that your medicines are growing into such high repute here among the native castes, who derive immense benefit from their use, that at Surat, some gentlemen, from motives of humanity, take a subscription of merely one anna each from the houses in the village, and are in the habit of monthly distributing a number of your intrinsic preparations in proportion to the number of residents in each house, and in many instances inquire into the truth of this and other similar statements, and are told that in many instances your Pills and Ointment act like a "miracle."

The cases chiefly referred to by this gentleman, are disorders of the liver and stomach, and impurities of the blood, wherein these Pills have no equal.
