Acreage Of Canadian Wheat Set For Six Per Cent Boost

OTTAWA (CP)—A record 29,697,000 acres of wheat will be planted in Canada this year, six per cent more than 1963, the Dominion Bureau of Statistics has estimated.

Potato crops would cover 273,300 acres or four per cent under last year, DBS estimated. All provinces except Manitoba and British Columbia showed declines.

The wheat figure represents a seventh straight acreage boost—if it materializes — and reflects wheat growers' determination to capitalize on record export opportunities. If the forecast is reached, it would eclipse the standing record of 28,700,000 acres planted to wheat in 1940.

The bureau emphasized that its survey represents farm intentions as of March 1 and the actual seeded areas may vary considerably from the forecast, dependent on various factors including the impact of the survey itself.

Evidence of the desire to cash in on Russian, Chinese and other export markets lies in the summerfallow this year—a major Prairie land use practice—may see 26,000,000 acres lying fallow. This is five per cent less than a year ago and would be a third straight decline.

Last year's actual wheat acreage was 27,566,000 compared with the postwar low of 21,600,000 acres in 1957 and the five-year average of 24,700,000 acres for the period 1958-62.

Corn for grain, mainly an Ontario crop, may increase 11 per cent to 611,000 acres; mixed grains would rise only one per cent to 1,400,000 acres.

Social Credit Leader Claims Reds Active In Quebec Scene

MONTREAL (CP) — Robert Thompson, national Social Credit party leader, says Communist extremists are provoking divisions and tensions between English and French Canada.

When this is recognized the tensions will be brought into perspective, he told students of Loyola College here.

Devoting most of his remarks to the Russian Communist aim to overthrow Western democracies, Mr. Thompson said that Premier Khrushchev's softer words recently do not represent a change of policy, but only a change of strategy.

"A particular point of achievement having been reached, the backhead for communism having been securely established in the world, the strategy from now on is not that of the big bomb but that of the creeping Prairie fire."

He said this fire is fed by revolutionaries trained in Cuba in the techniques of overthrowing a government, such as in Zanzibar. The techniques include inciting divisions and grievances within a nation and a judicious use of violence to undermine law and order.

"We have almost reached this stage with the French-Canadian problem in Canada," he said

He added:

"It is no accident that George Schoeters, the professional explosives expert of the FLQ, spent time learning his business in Cuba."

Mr. Thompson said Negro problems are being used in the United States to incite the same racial passions and a small force employing such tactics can be a constant thorn in the side of all law enforcement agencies.

Later in his speech, Mr. Thompson said countries such as Canada may not like to think we are at war with communism, but we are.

"We are because communism has openly declared economic war on us, and is exploiting our every weakness."

We should recognize that the stability of our own government and nation is under attack from this same source. It is only then that we will be able to get the tensions of our own nation, especially those between French-speaking Canadians and English - speaking Canadians into perspective.

"It should be more widely known that it is, I believe, that the extremes of separatism have received practically no support from the majority of the French Canadian people themselves. . . ."

VISIT YUGOSLAVIA

More than 1,100,000 foreign motor vehicles entered Yugoslavia in 1963 and the figure is expected to be higher in 1964.

Cigarette Sales In U.K. Decline

LONDON (AP) — Cigarette sales in Britain fell off during the last two months because of the U.S. surgeon-general's report on the adverse effect of smoking on health, a cigarette industry executive says.

Roger Clarke, chairman of Imperial Tobacco who is retiring, told the company's annual meeting in Bristol Tuesday that, by contrast, sales of pipe tobacco and cigars had gone up. He said the immediate effect of the latest report did not seem so great as that from the Royal College of Physicians two years ago.

Clarke urged a continuation of research to find out whether there were ways in which cigarettes could be modified to eliminate or limit any undesirable elements.

Although Imperial may experience some fall in profits this year, investment income is expected to increase and the dividend should be maintained.

Opening lead — five of hearts.

This hand occurred in a multiple team match. At the first table, declarer ducked two rounds of hearts and took the third one with the ace. East discarding a club.

Declarer entered dummy with a club and played a diamond and finessed the queen. He then played a club to the ace and led another diamond. When East followed low, declarer played the ace and continued with another diamond which East was forced to win with the king.

As a result of this line of play, South made nine tricks consisting of a spade, a heart, four diamonds and three clubs. It would not have helped East to put up the king on the first or second diamond lead from dummy because South would then have ducked the king to achieve the same result.

At the second table, East found the right defense to beat the contract. Here, also, three rounds of hearts were led, but East, on the last heart, made the sensational discard of the king of diamonds. There was now no way for South to develop the diamonds without letting West in to cash his hearts, and the outcome was that he went down one.

At the third table, the declarer found the best way to play the hand and succeeded in making the contract. He ducked the king of hearts on the opening lead, as the other declarers had done, but climbed up with the ace when East returned a heart. He realized that there was no advantage to refusing the second heart if West had a five - card suit, and very little disadvantage to taking the second heart if West had a four card suit.

He then played the diamonds the same way as the declarer at the first table, and thus succeeded in cashing four diamond tricks without letting West come into the lead. There was no way for the defense to stop him from making the contract.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

S V D A C W Z C A C J B C Q V Z Z P W
C W Z S V F C A A R V E P J A L V R P J Z —
A L V P Z P J V J P P D V K V R A
