Charges U. S. With Bare-Faced Aggression

By FRANCIS W. CARPENTER
LAKE SUCCESS, N. Y., July 3—(AP)—Communist North Korea charged the United States today with "bare-faced aggression" and protested violently to the United Nations against "American armed intervention in Korea."

The protest, one of the most bitter documents against the United States yet received in the U. N., was dated July 2, written in Russian and signed by Pak Hen Nen, North Korean Foreign Minister. The note did not mention the Soviet Union, which the West has charged with instigating the war.

North Korea is not a member of the U. N., but the U. N. sent the protest to the 11 members of the Security Council—Russia included—because the North Koreans are a party to the conflict.

The U. N. sent copies of the Security Council's cease-fire order to Pyongyang, North Korea, via Moscow. The note received today came from Pyongyang via Moscow to New York.

The North accused the United States of "brutally" bombing its "peaceful" population and of trying to cover its intervention in Korea with the name of the U. N.

The North Koreans also claimed military successes in the first week of the war.

They said in the long document that their army had cleared the "enemy" (South Korean forces) from a large area of the southern half of Korea and "liberated Seoul, the national capital."

Seoul was the capital of the re-

Three Canadian Destroyers Sail On Wednesday

VICTORIA, B. C., July 3—(CP)—The three Canadian destroyers, posted to Pearl Harbor where they will stand by awaiting developments in Korea, are scheduled to leave port Wednesday.

Preparations for the sailing began at the naval dockyard here in earnest today. The ships were loaded with supplies.

Reports that the dockyard and naval base had returned to a wartime secrecy role, such as prevailed during the Second World War, were denied at naval headquarters.

Visitors were not allowed at the dockyard during the week-end, but there was no general order closing the base to the public.

"So far as we were concerned, it was merely a working day for us here Saturday and Sunday," said a spokesman. "The loading of the destroyers during the holiday period was the only reason visitors were not permitted in the dockyard."

While at Pearl Harbor, the vessels, the Cayuga, Sioux and Athabaskan, will join U. S. patrols in parliamentary exercises in the South Pacific. Should word come through that Canada will participate, the ships will sail for Korea along with the U. S. vessels.

Approximately 600 sailors will leave for Pearl Harbor—200 men completing each ship.

Officials Are Silent On Dollar Revaluation Talk

By Clyde Blackburn
OTTAWA, July 3—(CP)—Holiday travel from the United States has brought an extra heavy flood of rumors about revaluation of the dollar and these in turn have brought the usual and inevitable reaction from responsible officials—stony silence.

Telephone calls poured into Canada, as they have on previous heavy travel week-ends, seeking confirmation or denial of rumors at border points that the Canadian dollar was being put back to par with the United States dollar.

Finance and Bank of Canada officials patiently explained that they could say absolutely nothing; that they could say nothing if revaluation was only hours away; that they would be similarly silent if they knew it was weeks or months away.

Rumors start usually at border points where the influx of U. S. tourists is heaviest. They start among people who serve the tourists and who, fearful that they will be caught with U. S. dollars on which the banks next day may pay no premium, refuse to give the

Urges Minister To Make Early Announcement Re Site For Bombing Range

Yugoslav Report "Arms-Rattling"

BELGRADE, July 3—(AP)—Yugoslavia claimed tonight that Hungary has been removing civilians from the Hungarian-Yugoslav borders during the past few weeks.

The report came on the heels of a charge by a Yugoslav army spokesman that the Russian-led Cominform countries have been increasing their "arms-rattling" along Yugoslavia's borders.

The Belgrade radio said the removal was of persons the Hungarians considered "hostile elements."

OTTAWA, July 3—(Special)—An appeal to Defence Minister Claxton to announce at the earliest possible date what site his department has chosen for a bombing and gunnery range on the north coast of Prince Edward Island was made by letter today by W. Chester S. McLure, Progressive Conservative member for Queen's, prior to leaving Ottawa for Charlottetown.

Mr. McLure said he wrote the Minister on account of an answer given to a question he asked about the proposed range last Thursday, by J. Watson MacNaught, parliamentary assistant to Fisheries Minister Mayhew. In the answer, Mr. MacNaught referred to the "area affected" implying that a decision about the range had already been made.

The Queen's member's letter is as follows: "My Dear Mr. Minister: I am writing to again call to your attention a matter of very great concern to my constituents of the Queen's County—namely the proposal of the Royal Canadian Air Force to establish a bombing and gunnery range on the north coast of Prince Edward Island.

"You may recall that twice last

Light Cruiser Sinks Six North Korean Naval Vessels.

(By The Canadian Press)
TOKYO, July 4—(Tuesday)—An American light cruiser, part of a force patrolling off the Korean coast, yesterday sank six North Korean naval vessels, Gen. MacArthur's Tokyo headquarters announced this morning.

This brought to 11 the total of North Korean vessels which the same cruiser's heavy guns had blasted out of the water in two days of operations. The United States Navy had previously announced the sinking of five out of a flotilla of six Northern motor torpedo boats in an encounter with the cruiser.

The cruiser was not identified, but previous dispatches said the Juneau was operating in Korean waters.

Advance Halted
On the mainland, Northern tank and infantry columns which early yesterday were reported racing south after outflanking the walled city of Suwon, have faltered in face of American air strikes.

Dispatches from the front indicated the Northern attackers were six miles from that southern-held advance post this morning, gathering strength for a new all-out as-

S'ide Planes Aid In Search

Three Dakotas and one Lancaster from the R. C. A. F. station, Summerside have joined the search for the missing navy plane believed forced down in Northern New Brunswick. The planes are now based at Greenwood, N. S., which is search headquarters.

The Dakotas are captained by S. L. W. C. Lampert, P. O. C. A. Kipfer and F. O. S. I. Banks. The Lancaster is captained by P. O. John McNeill—S

HALIFAX, July 3—(CP)—The R. C. A. F. reported tonight it is investigating a patch of "broken trees" in Quebec in the hope of finding trace of a navy fighter plane and its pilot, missing since Friday.

The Air Force said one of its search-force pilots had spotted the scarred trees yesterday. Little importance was attached to the find until reports of a distressed aircraft began coming in from Quebec last night.

"From Quebec, the R. C. M.P. reported tonight the force is investigating the matter."

The Search and Rescue unit of the Air Force said five planes conducted a search from Greenwood, N. S. today but returned to base when the weather closed in. Several of the planes had been scheduled to fly to the Daquam area of Quebec, where the broken trees were sighted.

Navy planes also took part in the search today. More than 40 aircraft from Canada and the United States took part in the operation yesterday.

Lieut. Marvin Hare, 25-year-old test pilot from Toronto, took off aboard the missing Sea Fury early Friday from Quebec for Halifax and has not been reported since.

Canada May Offer More Naval Ships To United Nations

OTTAWA, July 3—(CP)—Canada expects the United Nations will accept "very gladly" her offer of three warships for Korea and the Government is considering offering more. It was indicated reliably tonight.

Government quarters said there is little doubt that the U. N., in effect the United States, will want the three destroyers that are scheduled to leave the Esquimaut, B. C., naval base Wednesday for Pearl Harbor, Hawaii.

The Government has said they are available for U. N. police action against Northern Korean Communist aggression if wanted. It is expected now that they will move on to Korea from Pearl Harbor unless the war quickly collapses or shows immediate signs of doing so.

Officials, commenting on London reports that Britain won't offer planes or troops unless the U. S. calls for them, said the Canadian Government will not put up air or army support for Korea without recalling Parliament.

Such support, they said, would fall within Prime Minister St. Laurent's pre-prorogation statement to Parliament that members will be recalled if the international situation deteriorates to a point that requires action beyond that he had indicated.

Officials feel, however, that Mr.

St. Laurent's remarks cleared the decks for further Canadian naval contributions without recalling Parliament. They feel he did not restrict the naval offer entirely to the three ships.

It is apparent that Government members are considering enlargement of the offer, particularly through use of Atlantic coast warships currently scheduled to sail for Europe in August.

These include the aircraft carrier Magnificent and the destroyers Huron and Mimac. The destroyers leaving Esquimaut Wednesday are the Cayuga, Sioux and Athabaskan. All six were originally scheduled to go to Europe on a combined training and "show-the-flag" cruise late this summer.

434 Holiday Deaths In The U.S.

CHICAGO, July 3—(AP)—Observance of the long Independence Day holiday cost the United States 434 lives up to Monday night, with one day to go.

Traffic mishaps by Monday evening had accounted for 290 lives. In addition, 88 died of drowning, one from fireworks and 55 in miscellaneous accidents.

Korea At-A-Glance

TOKYO—Powerful American and Australian air attacks virtually stall Communist armored columns, which build up bases and supplies for renewed thrust. B-29s pound targets 135 miles inside North Korea. U. S. cruiser sinks six North Korean vessels.

WASHINGTON—U. S. marines and marine air forces ordered to Japan. Air force orders additional B-29s to the Far East.

OTTAWA—SUCCESSION—Communist North Korea protests to U. N. against American intervention and "barbarous bombardments of Korean towns and villages."

LONDON—Britain unlikely to send troops or aircraft unless U. S. requests them.

CANBERRA—Australia summons Defence Council to consider compulsory military training.

MOSCOW—Russia charges U. S. with "direct acts of aggression" in Korea; blames South Korea again for starting pre-meditated "provocative attack."

All Time Traffic Record For Ferries Via Wood Island

Prince Edward Island is getting her full share of visitors so far this year, hitting an all-time high on traffic crossing via Wood Island by Northumberland Ferries Ltd.

Up to the end of June, 12,997 passengers had used the ferries which was an increase of 550 over the same period last year. Autos for the same period were 3,429, showing an increase of 316, and trucks which made the crossing totalled 1440, an increase of 153.

YOUTH ELECTROCUTED

HALIFAX, July 3—(CP)—John MacDonald, 18, of Halifax died in hospital today a few hours after a saw he was using on a transport car barn came into contact with a high tension wire. He was fastening metal roofing to the barn roof at the time of the accident.

VIENNA, July 3—(Reuters)—Forty-six persons were reported injured today when shunting box-cars and a passenger train collided near Berbaum Station in Styria, British zone of Austria.

Blueprints Ready For War Production Here

OTTAWA, July 3—(CP)—The government has prepared secret blueprints under which it could gear industry to supply the country with vital equipment during war.

However, an official said that despite the blueprints, two great weaknesses still exist.

One is the fact that although the blueprints call for dispersal of heavy industry into the more remote parts of the country, this has not yet been undertaken. The official believed that properly to launch such a scheme would take at least three years of work and millions of dollars in subsidies.

Another is that the blueprints call for the development of underground war factories, but here again industry appears financially incapable of carrying out the project, making Canada's strategic industry vulnerable to atomic and other air attack from enemy forces.

The official disclosed that the blueprints call for the re-creation of a munitions department similar to the wartime Munitions and Supply Department, headed by Trade Minister Howe.

AMERICA IS MUCH LIKE EUROPE EXCEPT OUR KILLERS BOSS! THE UNDERWORLD! INSTEAD OF THE COUNTRY!

HALIFAX, July 13—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office at Halifax.

Synopsis: There was a few thunderstorms in Eastern Nova Scotia during the evening and scattered showers in several other sections of the Maritime and Eastern Quebec.
