FOUR FORMER and present representatives of Her Majesty The Queen were in attendance at the Charlottetown Rotary Club's luncheon yesterday. Shown above left to right are Hon. T.W.L. Prowse, former lieutenant-governor of this province; Lieutenant-Governor W.J. MacDonald; Hon. Errick F. Willis, lieutenant-governor of Manitoba, who was the guest speaker, and Hon. F. Walter Hyndman, former lieutenant-governor of P.E.I.

Canada's Future Is Rotary Topic

A patriotic appeal to young people especially to make their future in Canada was given at the luncheon meeting of the Charlottetown Rotary Club yesterday by Hon. Errick F Willis, QC, lieutenant-governor of Manitoba. He said the future of Canada was unlimited and urged young people not to be wooed by the siren song of American dollars, but to remain and make this country the one even greater than anything their forefathers may have envisioned.

The speaker said he didn't think the citizens of this country took enough pride in its achievements and in fact he wondered if they even had the facts about Canada.

He said Canada was fortunate to be located next to a rich and powerful neighbor, who was also a peace-loving neighbor. However he urged more emphasis on the greatness and the future possibilities of Canada to counteract the deluge of propaganda from south of the border about how big and how great the American people are.

"Our political life is strong and free and Canada is internationalist not isolationist in its outlook," Mr. Willis declared.

"If I have given you greater pride in Canada, or if I have given you some satisfactory reasons to prove the greatness of Canada, or some facts to pass on to your children, or if I have given you a desire to serve your community, or even if I can send you away with a feeling that you are glad to be a Canadian, that will be my ample awards."

The speaker who is also a trustee of the Macdonald Brier Tankard, is in Charlottetown matches.

Hon. F. Walter Hyndman was chairman and P.W. Curtis, co-chairman. The Rotarians had as guests a great many officials and others here for the Brier.

First Kings Member Had Spud Query

It was Daniel MacDonald (L—1st Kings) and not Arthur MacDonald (L—5th Kings) as reported who asked Agriculture Minister Andrew MacRae in the Legislature Monday whether or not the government is considering any action that would permit potato producers and shippers to have any control over potato marketing.

Mr. MacRae's answer was that some steps in this regard have already been taken. He added that the elected potato marketing board is in operation and according to regulations governing the board, a plebiscite must be held within 18 months after the board was set up.

Past-Presidents Of Jaycees Here Honored At Banquet

Charlottetown Chamber of Commerce members observed past presidents' night recently, and the newest member of the club, Gordon Tweedy, proposed a toast to the past presidents which was responded to by Jack Morris.

Mr. Morris traced the history of the local Jaycee club pointing out the value of leadership training that it provides.

Plans were announced at the meeting by Stan Warwick of a special dinner which will be held in honor of His Excellency John S. Reid, New Zealand high commissioner, March 12, at the Charlottetown Hotel. Tickets are available from Jaycee members.

Three new members, Harry Greenough, Don Fraser and Tony Kelly were inducted at the meeting by senator Jack Morris.

Gifts were presented to executive members Roger Craig and Percy Hood, who are being transferred to New Brunswick.

An inscribed gavel was presented to President Harvey MacKinnon for use at the meetings, and regret was expressed at the retirement from active membership of Walter Wheeler after 17 years membership.

Other past presidents in addition to Mr. Morris and Mr. Wheeler are Robert Younker and George Scantlebury.

Death In Vancouver Monday Of Prominent Native Of P.E.I.

VANCOUVER (CP)—A long-time member of the House of Commons and a founder of the Co-operative Commonwealth Federation in Canada, Angus MacInnis, 79, died Monday following a lengthy illness.

Mr. MacInnis, long an expert on international relations for his party, served in the Commons from 1930 until 1957.

Mrs. MacInnis was closely associated with the late J. S. Woodsworth, the founder of the CCF party which now has merged with labor to become the New Democratic Party.

In 1932 he married Mr. Woodsworth's daughter, Winona Grace, in Winnipeg where Mr. Woodsworth founded the party.

The son of Scottish-Canadian parents, Mr. MacInnis was born in Glen William P.E.I., Sept. 2, 1884.

With only a public school education he became a prominent trade unionist and for three years was business agent for division 101 of the Street Railwaymen's Association.

He was first elected to the Commons in the general election of 1930 and won re-election in his Vancouver-Kingsway riding in 1935, 1940, 1949 and 1953.

During his service in the Commons Mr. MacInnis's talent for international relations was recognized.

In 1936 he visited the principal countries of Europe and in 1944 he went to Australia and New Zealand as a member of the Canadian branch of the Empire Parliamentary Association.

In 1947 he was parliamentary adviser to the Canadian delegation to the General Assembly of the United Nations.

Left to mourn is his wife the former Grace Woodsworth; one sister Margaret MacInnis of Seattle Wash. and one brother Neil of Vancouver.

Relatives at Whim Road are Mrs. Jane Daley Colin and Lester MacDonald and Mrs. George Clarey.

Interment will be in Vancouver.

Island Gets Deep Blanket of Snow

Warren Burns, dominion weather observer at the Experimental Farm revealed yesterday that to date there has been a snowfall of 95.8 inches this winter as compared to 75.8 for the same period a year ago.

The warmest and coldest days this winter were Dec. 9 with a recorded 46 degrees and Dec. 27 with a temperature of nine below.

The coldest temperature up to this time last year was eight below.

Feb. 11 recorded the coldest temperature of the month with two degrees below and 42 degrees on Feb. 1 made it the warmest day of the month.

The mean temperature for this February was 19.8 degrees compared to last year's 16.3 degrees. Rainfall for the month was .55 inches and 35.7 inches of snow fell. Last February recorded 1.17 inches of rain and 35.9 inches of snow.

Old Sol gave forth for 80.1 hours this February compared with a tremendous 143.3 hours last year.

Total precipitation during February was 3.50 inches compared with last year's 4.12 inches.

Average figures for an Island February compiled over 55 years gives a temperature of 18.2 degrees, a precipitation of 3.42 inches and 110.1 hours of sun.

There were 14 days with recorded precipitation during the past month compared to 13 days in February of 1963.

All time records for February on the Island show the coldest day as being Feb. 17, 1934, with a temperature of 21 below zero.

The warmest day was Feb. 15, 1939 with a temperature of 53 degrees.

The coldest February was in 1923 when an average temperature of 6.7 degrees. The warmest was in 1960 with 26.4 degrees average temperature. February, 1923 had 155.2 hours of sun, making it the brightest one and the darkest February was in 1960 with only 64.7 hours of sun.

The wettest February occurred in 1931 with 3.81 inches of rain, and the snowiest one was in 1931 with 53.5 inches of the white stuff. Only .55 inches of rain fell in February of 1923 making it the driest one in the last 55 years.

Metalious Beneficiary Refuses

HARLOW, England (AP) — The wife of John Rees, 37-year-old British freelance journalist named as sole beneficiary in a will by novelist Grace Metalious, said here she is sure he has done the right thing in renouncing the inheritance.

Mrs. Anthea Rees, 37, mother of five, said at her home at Hairfield, near here, that her husband called her Sunday night to tell her he was waiving all claim to the novelist's estate.

Mrs. Metalious, author of the best seller Peyton Place, was reported to have left her entire estate, estimated at up to $1,000,000 to Rees in a death-bed will.

"For us it is a case of from rags to riches and back again in three days," said Mrs. Rees. "I'm sure he is doing the right thing, but it was nice for a while to be the wife of a millionaire.

Rees, a Welshman, met Mrs. Metalious about six months before she died of a liver disease in a Boston hospital last Tuesday at the age of 39. They had been collaborating on a book intended for publication next year.

In Laconia, N.H., Bernard I. Snierson, lawyer for Mrs. Metalious said Rees' action in renouncing all claims may result in an agreement being reached to abide by the terms of a 1958 will, under which the author's three children are the sole beneficiaries.

The children are Mrs. Marsha Dupuis, 20; Christopher, 17, and Cynthia, 13.

Montague Rink Drive Due For Early Start

MONTAGUE — Ten teams of two will begin a drive for funds and pledges to build a hockey and skating rink at Montague. This canvass will take place immediately and is to be completed in the next 10 days.

These teams were formed last night as a fact finding committee meeting to determine just how far the citizens of the town will back such a project. The teams will call at all homes and business firms in the town before the canvass is completed.

The teams to be known as the ways and means committee will report back every few days to determine progress being made. The canvassers will not accept money at this time but will be asking each person how much they will subscribe or donate if and when the project goes ahead.

As suggested earlier, the idea of a subscription each year for the next three years will be tried as a basis of financing the project.

Already the Women's Institute of Montague has pledged $100 a year for the next three years and it is felt that several other organizations in the town will subscribe a similar or even greater amount.

If the committee receives the backing of the citizens it will then determine the feasibility of proceeding. Action must be taken now to assure a rink for next winter and this action will depend entirely on the reception by the community in this canvass, it was stated.

A similar committee, consisting of George Nicholson, Arthur Sullivan, and Angus Jones was appointed at a general meeting as a fact-finding committee with reference to the building costs, the site and other facts pertaining to the erection of a new artifical ice rink. This committee has been quite active and will report at a general meeting in about 10 days.

The Community Welfare League Ltd. at present has about $25,000 on hand from the sale of the old rink which will go a long way towards the new rink. It is also thought that considerable money can be saved by building under the winter works program and this along with strong support for the canvassers could make it possible to have a new hockey and skating rink in Montague for next winter, it was said.

Coast Guard Icebreaker Is Planned

OTTAWA (CP)—Plans for a new $9,240,000 cost guard icebreaker for service in the Gulf of St. Lawrence were unveiled in the government's spending estimates Tuesday.

Work on the 295-foot vessel is expected to begin in 1965 for delivery in 1967. The government earmarked $888,000 for a progress payment on the plans and specifications of the new ship during the 1964-65 fiscal year.

Estimates for the transport department also include funds for designing a new icebreaking supply and buoy vessel to replace two old ships, the Chesterfield, and the Saurel, on St. Lawrence River operations east of Montreal.

The new vessel—expected to cost $4,662,000—is to be built between 1965 and 1967. It will be 210 feet long. The estimates include $444,600 to cover initial work on this ship.

An 87-foot tender for Saint John, N.B., is to be built during the coming fiscal year for $596,000.

The spending plans on the new ships were covered in a $19,281,000 item providing gunds for work on other coast guard shins already under way.

The transport department plans to spend $86,803,400 on new buildings and equipment during the 1964-65 fiscal year.
