

WATCHES

THE watch trade has been rather fluctuating of late, first the price went up, after a long period of low prices, now the prices have dropped again, whether because of war or greater variety of production we cannot say, but the fact remains that you can buy from us a reliable timekeeper cheaper than ever before, in fact that there is no need to buy shoddy goods at all.

If you want a good and also the cheapest watch for the money, we recommend a good movement in a nickel case instead of a poor one in a fine looking colored case that will only wear a very short time.

Soliciting a share of your patronage, we remain,
Yours respectfully,
E. W. TAYLOR,
