

# No TYPHOID At Riverside Says McNeill

There were no cases of typhoid at Riverside Hospital 1961, Health Minister Hubert McNeill said in a legislative yesterday. He was replying to a question asked by M.L. Bonnell, L.H. 4th King, several days ago.

A suspected case of typhoid has been admitted to the hospital, and more than 1,500 stool tests were taken from all of the patients and staff, but no evidence of typhoid was found.

He did find two healthy typhoid carriers at Riverside. Mr. Speaker, John MacLean, said in a debate which developed between Dr. McNeill and a number of members of the Opposition after the minister had said they were deeply concerned because the sewage disposal plant at Riverside was not effective.

It had been installed under a Liberal administration, he explained.

These four men played a very interesting part in the Sewel meeting held Wednesday evening at the Y Centre in

## Transportation Costs Cut For Regional School Pupils

The government was able to cut transportation costs of pupils to regional high schools to \$47.02 per pupil in 1960-61, from \$57.74 in the previous year. Education Minister L.G. Dewar told the legislature yesterday, as he completed the speech on the Draft Address.

The minister explained that "a stricter and more comprehensive" examination will have to be provided for grade eight pupils to admit them to regional high schools. The quality of the pupil coming from various centres has varied a great deal, he explained.

**VOCATIONAL TRAINING**  
Forecasting a broad expansion in vocational training, the government will pay 75 per cent of the building and equipment costs, if the schools are completed by March, 1963.

**SCHOOL SUPERVISORS**  
The department is not satisfied with the situation regarding school supervisors, but "I hope to present considerations that will alleviate conditions in future," he said.

There have been some resignations, and others were not available owing to sickness in the current school year, he explained.

**EDUCATION AIMS**  
The proposed Atlantic Institute of Education will be a post-graduate or research study centre.

The idea is to train leaders in education. "It will train teachers of the teachers, of the teachers," the minister stated.

It will be set up in conjunction with Dalhousie University, Halifax, N.S., with the cooperation of all Maritime universities, he added.

## S'ide Lady Hit By Car

**SUMMERSIDE** — Mrs. Walter Martin, Summerside, was taken to Prince County hospital Thursday after suffering a severe laceration of the forehead, hip and leg by a car on Nova Scotia Street. She underwent x-rays yesterday and her injuries are not believed to be serious.

The car involved was driven by Russell Jeffrey, Summerside, 25, who was driving north on Nova Scotia Street. The car was proceeding with the right of way when it struck Mrs. Martin, who was walking two abreast on the street with Miss MacDonald. Mrs. Martin, walking on the outside was struck by the vehicle and thrown into the air. She was taken to Prince County hospital where she was attended by Dr. J. K. Bevan.

## THE WEEK AT SDU

### Acadia Looms As Opponent For Maritime Hoop Crown

By FRANK CORCORAN  
SDU Correspondent

St. Dunstan's boys of winning three Dominion debating tournaments in the past year, Tuesday night, in Ottawa, as the team of Edward Benson, senior arts, Halifax, and Rosemary, British New Guinea, junior arts, and with Colin Macdonald, sophomore, Acadia College of Ontario.

The loss was no disgrace, and the team's performance, as compiled by the Island University, over the last 12 years, has been outstanding. The team captured the Maritime title, and have retained the two trophies offered for the last two years.

On the basis of Acadia's 55-4 victory over St. FX, it will likely be the Acadian who will be the opponent in the final. The students from Wolfville will probably be rated as favorites by the experts, even though, when they meet SDU for the first time, it will be a game, and their fourth in five nights. A quick look at the record shows why it is so highly favored.

1. Richie Spears — 1st Scored 100 per cent in Antigonish in one game and 2 in another. Last man to be cut out of Canada's Olympic team two years ago, and would easily make it now. Nicknamed "The Ace" because of his mechanical precision and high scoring accuracy.

2. Bruce Thomson — 60 per cent. A very rebounding record this year in the playoffs. The average height of the SDU starting lineup is six feet.

SDU's team has a higher shooting percentage than that of Acadia. Individually Spears, as reported a 61.8 shooting percentage last year, will stand out, unless either John Helle or Dennis Strick, in the playoffs of the game "got hot".

## X-Men Win Hoop Crown

**GREENWOOD, N.S. (CP)** — St. Francis Xavier University X-Men of Antigonish, N.S., scored a 65-51 victory over Acadia University X-Men of Wolfville, N.S., when Friday night to become Nova Scotia Intercollegiate basketball champions.

It was a table-turning fight by X-Men. Acadia snapped a 12-year reign by X-Men to become champions. X-Men trailed 24-15 with half the last game in the best-of-three finals, tied it up at the end of the half at 30-29. Scoring was light until the final six minutes when X-Men took a 20-point lead and continued in the forefront.

Bob Napolitano set the St. Francis scoring pace with 16 points, while Richie Spears netted 20 for Acadia.

SDU's new advance against St. Dunstan's University Saints in the opener of the Maritime finals tonight (Saturday) at Charlottetown.
