Meter Regulation Change Gets O.K.

SUMMERSIDE — At a special meeting of the Town Council here Monday night an amendment to the town electric department regulations was announced.

It was resolved that in all new construction of apartments or multi-unit commercial or domestic premises or where premises are remodelled or sub-divided for multi-unit occupancy, each unit shall be provided with a separate meter or be billed separately.

In the case of domestic occupancy, where more than one household unit, separate establishment or multiple unit apartment dwelling is being served through one meter, the connected load general service rate shall be applied to the meter.

Each household unit shall be counted as 1,000 watts. The town may at its option place the meter in the name of the owner in which case he shall be billed for the service to the premises.

In the case of commercial occupancy where more than one unit or business is being served through one meter, the customer or owner shall be given three months to install separate metering after which time the service shall be disconnected if separate metering is not installed.

Prior to September 1962 the electric department was supposed to disconnect all multi-unit occupancy under one meter. This practice was not carried out because of the hardship it would cause on families in run-down premises.

At that time a change was made in the regulations where existing residential premises were allowed to remain under one meter until they were remodeled, while all new construction had to have separate metering.

Special reference to residential premises was made but commercial was omitted. Last night's meeting was held to revise the regulation to also include commercial premises.

The above resolution will not impose a hardship on commercial customers and is standard utility practice, the council maintained.

It was also announced at the meeting that the electric department would purchase a new line truck with digging pole setting equipment.

Purchase will be made through the tender and electric committees. The truck chassis will be tendered locally but the body and digging equipment will be tendered from companies specializing in this equipment.

Yanks Blank Red Sox 5-0

NEW YORK (AP)—Pire-balling Jim Bouton came within three outs of pitching a no-hitter and settled for a two-hitter as New York Yankees defeated Boston Red Sox 5-0 Tuesday in the first game of a twi-night doubleheader at Yankee Stadium.

Bouton had allowed only two base-runners and had retired 22 men in order before pinch-hitter Russ Nixon bounced a single up the middle leading off the ninth. Boston also started the year in the bullpen, allowed first-inning base runners on an error and a walk, then retired them in order until Nixon in the ninth. Gary Geiger followed with the only other Red Sox hit, a single to right. But Bouton got Chuck Schilling to hit into a double play and retired Carl Rastrzemski on a ground ball to end the game.

Rough Riders Shock Experts

TORONTO (CP) — Ottawa Rough Riders are up to their favorite trick in the Eastern Football Conference — proving everyone else wrong.

The team had lost 14 regulars this season and its only hope, said the speculators, was that it had a good coach in Frank Clair. Not that Clair can carry the ball, mind you, but he has a knack for not finishing last.

Studded with rookies, the Rough Riders were expected to start slow and improvement, if any, was to be near the end of the season.

But the season is still young and these are some of Ottawa's achievements:

1. They're in second place with one victory and two losses.

2. They have the best defensive record — only 42 points allowed in three games.

3. Quarterback Russ Jackson is the EFC's leading passer—661 yards gained with the best average gain, 12 yards. He has completed 33 of 55 passes for the best completion average.

4. Whit Tucker has averaged a gain of 30.1 yards as a receiver—tops in the league.

5. Rookie Rick Black from Mount Allison University is second in punting, with a total of 942 yards on 60 kicks, 41.0 yards a kick.

6. Dave Thelen has the second-best rushing average with 3.9 yards a carry for 159 yards on 23 carries.

Still not impressed? Throw in the fact that Jackson also is the only quarterback who has not allowed an interception.

These are the Ottawa Rough Riders who are supposed to finish last.

In other departments, Clare Exelby of Toronto Argonauts is tops in punt returns with a total of 91 yards in runbacks on 12 attempts.

Willie Bethea of Hamilton Tiger-Cats is the top rusher in total yards with 193 in 29 carries. Dick Shatto of Toronto, leading scorer with 24 points on four touchdowns in four games, is also leading pass receiver. He has caught 20 for a gain of 250 yards — including three touchdown passes.

The leading rushing average? A fellow named Jackson from Ottawa who has averaged 7.7 yards a carry for 108 yards.

Phillies Fall Victim To Cubs

BY THE CANADIAN PRESS

Chicago Cubs, coming to life in the late innings, temporarily halted the surging Philadelphia Phillies Tuesday, handing the National League's fourth-place club a 4-3 setback.

Shackled by Dennis Bennett's one-hit pitching over the first six innings while the Phillies built up a 3-0 lead, the Cubs chased the lefthander after he conceded two runs on a single by Ken Hubbs and Dick Bertell's sacrifice fly and then loaded the bases.

Jack Baldschun took over and got out of the inning after hitting Don Landrum to force in the tying run. But the Cubs got to him for the winning run in the eighth as Ellis Burton walked, moved to third on Ron Santo's single and came home on a sacrifice fly by Billy Williams.

Tony Taylor's double led to the first Philadelphia run in the first inning and Don Demeter's two-run single off Larry Jackson completed the losers' total in the fifth. Lindy McDaniel replaced Jackson in the seventh to get his ninth victory in 15 decisions. Baldschun's record now is 10-6.

It was only the third loss in 14 games for the Phils.

Horning Spurns Football Offer

LYNN, Mass. (AP) —Paul Horning, suspended Green Bay Packers halfback, Tuesday declined a $25,000-a-season offer to play out his National Football League suspension with a team in the Atlantic Coast League.

The offer was made on behalf of Ted Barron, owner of Boston Nu-Way Sweepers.

Hornung, who was placed on indefinite suspension from the NFL for betting on games, was reported to have termed the offer "very tempting," but declined.

Hornung, it was said, prefers to sit it out and try to get back into the NFL as soon as possible.

FLEE TO WEST

BERLIN (AP) — Three East Berliners overpowered two Communist border guards, stripped them of their sub-machine-guns and escaped to West Berlin, reliable sources said Saturday.

Canada Council Short Of Funds, Will Cut Grants

LONDON, Ont. (CP) — The Canada council Tuesday announced a cut in its grants this year to orchestras and theatres across the country resulting from the virtual exhaustion of its $700,000 reserve fund.

Grants to orchestras totalling $253,000 were announced. This represents a reduction of about $40,000 from the total last year.

Grants to the theatre, apart from those to two new theatres requiring special attention at the current critical stage of their development, total $194,600 — down $25,000 from last year.

Applications from five community orchestras and several theatre companies for grants had to be turned down.

The federal government established the council in 1957 with $100,000,000 in succession dutes from two estates, with the income from one half of the total to be used to promote the arts, humanities and social sciences through scholarships and grants, and the other half to assist university expansion in Canada.

Grants to orchestras included:

La Orchestre Symphonique de Quebec, $18,000 for 1963-64; New Brunswick Symphony Orchestra $13,000 for 1963-64, and Halifax Symphony Society, $15,000 for 1963-64.

Theatrical grant included: Le Theatre Universitaire Canadien, $5,000 for performances in Ontario, New Brunswick and U.S., and Neptune Theatre Foundation, Halifax, $25,000 for 1963-64 plus $5,000 for tour of Atlantic provinces.

Music Workshop Will Open Today

A three-day music workshop opens this morning in both Charlottetown and Summerside. An annual affair this year's workshop is directed mainly at helping the classroom teacher who has little or no background in music.

Morning and afternoon sessions will be held at Elm Street School Summerside and in Prince of Wales College Charlottetown from 10 a.m. to 12 noon and from 1.30 to 3.30 p.m.

Instructors will include Christopher Gledhill, provincial director of music; Royston F. Mugford and Raymond Lock, assisted by other music specialists.

Derailment Delays Train

The rear van of a P.E.I.-bound freight train was derailed Monday afternoon about a mile east of Port Elgin, New Brunswick.

The train, scheduled to arrive in Charlottetown at 9 p.m. the same evening, arrived into the city yesterday morning at 6.

The derailed train caused a delay in regular CNR passenger service, with train travellers taking to buses to complete their trips to the Island.

It was reported yesterday that the line had been cleared and traffic was proceeding on regular schedules.
