Another Testimonial.

DR. BAYNES,—Dear Sir: I am sorry you have so much to contend with. No doubt it is caused by jealousy. I shall certainly do my best to contradict any false reports I may hear, both for your own sake and my own. I would be very ungrateful should I do otherwise, after having derived so much benefit from your medicine. You promised to cure me in six months from the time I commenced taking your medicine, but I am happy to state that I had not been taking it more than three months when a cure was effected; and after having consulted all the doctors in this vicinity without effect, the only consolation I derived from any of them was that my disease (sick headache, etc.) had become chronic and was incurable. If this statement will be of any benefit to you, you are perfectly welcome to publish it. Yours very truly,
MRS. C. E. POOLE.

GENTS:—I am now 57 years old, and for over 10 years I have been afflicted with **weak Kidneys** so badly at times that I **could not rest nights.** I could get no position that would be comfortable my back was so lame.
My **Liver** also became affected, causing me to become very **Bilious.** I had a **Dull Headache** continually **accompanied by a sluggish tired feeling.**
My Appetite was very poor, and I would have a **deathly faintness at pit of stomach.**
For the last two years I have been greatly troubled with **Severe Palpitation of the Heart** after preaching and in long protracted meetings it would become very serious.
I have used the two Course of SKODA'S DISCOVERY and LITTLE TABLETS you kindly sent me, and through the blessing of God, I am PERFECTLY CURED—**have not felt better for 20 years.** Fraternally yours,

Literary Notes.

"Tributes to Shakespeare" is the title of a unique and attractive little volume by Mary R. Silsby, to be published at once by Harper & Brothers. It includes what are believed to be the best poetical tributes to the great dramatist printed during three centuries. The poems are arranged for the most part chronologically, and whenever necessary are supplemented with brief explanatory notes.

In an article on "The Mystery of Columbus," to appear in Harper's Magizine for April, Eugene Lawrence will unfold some facts that will be little short of startling to many who have been accustomed to revere the name of Columbus as that of a saintly hero. He will show how the researches of Bergenroth in the archives of Salamanca have refuted all the traditional legends, and not only represents Queen Isabella as a cruel mother, a hated wife, and the author of the Inquisition, but have transformed Columbus into a cruel, unscrupulous adventurer, the leader of a band of sea-robbers.

One of the most characteristic features of every Mexican town that pretends to any rank at all is its annual *feria* or great fair, when for a week it abandons itself to a round of festivities. It is seldom that Americans see these fairs in their primitive shape, with the quaint customs and strange usages which characterize them, and hence the description of "An Indian Fair in the Mexican Hot Country," by Sylvester Baxter, which is announced to appear in Harper's Magazine for April, cannot fail to afford much pleasurable interest. Many attractive and striking pictures will lend additional value to the article.

Boston Markets.

BOSTON, April 28.

POTATOES.—The potato market continues in a demoralized condition, especially on Rose, for which 40c. has become an extreme price. There are a good many lots of odds and ends cleaning up at about 30c.

EGGS.—Receipts continue moderate and there has been demand enough this week to keep the market closely sold up. Since Tuesday choice fresh Michigan and western have been selling well at 16c. There are some inferior marks of western that are selling for less, but good clean fresh goods are firm at 16c.

FISH.—The market is still quiet with but little change in prices. Quotations for herring and mackerel are mostly nominal:

Herring pickled, Lab. ₰ bbl	4 00

Convictions.

A correspondent writes: On the complaint of an aged and respectable lady, Mrs. Ann Murray, of Clyde River, Wellington Mathew, Inspector, and William Holmes' were brought before Alex. C. Shaw and Angus McFadyen, Esqs., J. P's, charged with besetting the house in which she was residing for the night, and by threats, molestation, obscene and violent conduct put the complainant in fear of losing her life. The evidence went to show that on coming to the premises they acted like drunken men and tried to force the door open and shouted and danced around the building all night. The evidence too showed that Mathews and Holmes committed an indecent trespass against the door, &c. At length they got an entrance about 4 o'clock in the morning, where Mrs. Murray, who is in her 85th year, was crying with fear and had to sit without fire during the night of the 21st March and had been sick ever since. The Justices patiently and carefully took the evidence on both sides, and convicted Wellington Mathew to pay a penalty of $12.00 and costs, and to be bound to the peace for 12 months in sureties of $150.00 each and himself in $150 00. William Holmes was ordered to pay a fine of $10 00 and costs and be bound to the peace in like manner. The conviction is approved of throughout Clyde River.

ASK any physician and he will tell you that Cod Liver Oil is one of the most valuable medicines known to medical science for the cure of coughs, colds, consumption, bronchitis, chronic rheumatism and gout, scrofulous diseases, abscesses, boils and impoverished blood. The great difficulty is that nine out of ten cannot take the plain oil. By a happy combination Estey's Emulsion is so combined with fifty per cent. of the purest Norwegian oil to which is added lime, soda and phosphorous, that not only adds to it medicinal virtues but is made so pleasant as to be as easily taken as milk. If you are suffering from any of these diseases enumerated, try it. All druggists sell it. m9 1mdw

The Harbor Light.

A correspondent of the St. John Telegraph, writing from Vernon River, states that "throughout the Island much interest has been awakened the past few weeks by the introduction of the Harbor Light movement in Charlottetown, inaugurated by the Rev. W. W. Brewer. This scheme, which is classed as a wing of the forward movement now in progress in the larger cities promises to be effectual for accomplishing much good among the working classes and others in the city of Charlottetown, although there has been much firing from various sources through the secular press, denouncing in strong language the instigator and his efforts to do good, yet it is quite evident as the "truth is mighty and must prevail," the Harbor Light is bound to shine against all the attacks of the works of darkness. Herewith is the form of a circular which at the inception of the movement was extensively circulated:—

Free Free
Harbor Light!
Corner King and Queen Streets

Magic Lantern
Dissolving Views
Illustrated Papers, Books.
Coffee.
Open Thursday and Saturday Evenings

For Working Men Only.
Welcome

Harbor Light!
Free. Free.

On reliable authority your correspondent is informed that within the last month the movement has assumed gigantic proportions, for what with commendable contributions from the generous and philanthropic who are interested in the movement, hundreds of dollars have been contributed varying from $20 to $50, the interest has become so intensified that visitors are now received by ticket, and instead of two nights in the week as originally, the "Light" is beaming forth nearly every day evening. Besides the fact that the primary purpose of the movement was to be a help to the working classes it has proved to be a means of good in bringing about a spirit of true catholicity among all the Protestant denominations, as the pastors of the various churches are showing their readiness to aid the undertaking, not only by their means and influence, but by their uniform patronage night after night.

Where Canada Stands.

HER POSITION AMONG THE NATIONS OF THE WORLD.

Canada is first in canal development.
Second in the production of copper.
Third in area.
Fifth in mercantile marine.
Eighth in railway mileage.
Ninth among coal producing nations.
And tenth in the production of iron.
This is all in wealth produced. In undeveloped wealth the Dominion takes a still higher position as compared with other countries.
The largest deposits of coal in the world are in the Northwest.
The richest petroleum beds are along the Mackenzie and Athabasca.
The greatest copper mine is at Sudbury.
The best iron ore is in Nova Scotia, and Canada, as a whole, possesses a supply sufficient for the whole world.

THE NORTHWEST.—Mr. Haslam, C. P. R. agent, is in receipt of a letter from Mr. John West, for fifteen years a resident of Prince Edward Island, who recently went out to the Northwest to see the country for himself. The letter is dated from Edmonton. Mr. West, who, before locating in the Island province, was a resident of Ontario, is well pleased with what he has seen in the Northwest, and among other things says: 'I have met several delegates from Idaho, Oregon and Dakota, all of whom are well pleased with this country, and they tell me that there will be a large immigration from those States the coming season." Messrs. Haslam and Ham, of the C. P. R. travelling staff, will likely visit the New England States this summer to enquire into the condition of Canadians who have located there and probably do something to induce provincialists and others they meet to locate in the Northwest.—Moncton Times.

ISLAND HORSES.—Mr. George Clow, of North Wiltshire, P. E. I., arrived in the city to-day, bringing ten very fine horses, which may been seen at J. B. Hamm's stables. Mr. Hamm informed a Gazette reporter this morning that St. John was the best market in Canada for P. E. Island horses. Mr. Crockett brought ten horses here, Mr. McKie ten, and Mr. Gorrell thirteen, all of which have been disposed of in St. John during the last three weeks. These are in addition to the ten brought to-day by Mr. Clow.—St. John Gazette.

CANADA AT THE WORLD'S FAIR.—Mr. William Saunders, Canadian Commissioner to the World's Fair, has been notified by the director-general that space had been allotted for the exhibit of Canadian live stock at Chicago as follows: 75 horses, 150 cattle, 300 sheep and 100 swine. These figures will be welcome news to our live stockmen, as it was not expected that they would be permitted to exhibit so many. The representations, however, of Mr. Saunders have evidently had due affect. It is proposed to allot the number fairly among the different provinces.

SKODA'S OINTMENT, the Great German Skin Cure, and finest Cosmetic made. Removes Blackheads, Pimples, etc., as if by magic. 3 oz. tubes in elegant cartons **50 cts.**
