

### RELIGION AND LIFE

BY VERY REV. GEORGE C. PIDGEON, D.D., LL.D.  
First Moderator of the  
United Church of Canada

#### WE ALL DO FADE AS A LEAF

We do not want to get sentimental over the falling leaves. Yet we cannot escape the fact that each of us is numbered like that trample underfoot has made its contribution to the life and growth of the tree and the contribution abides even while the leaf perishes.

#### BENEDICTION

Those leaves were thrown out in the spring by the vital energies of the tree. They were the expressions of its nature and the growth of its growth. They breathed in and breathed out the elements by which life is sustained, changing them as they acted into the nature of the tree that sent them forth.

### INTERN IN CHARLOTTETOWN HOSPITALS

Three medical doctors left to study at the University of Budapest and is presently undergoing his internship period at the Sanatorium. One daughter, Suzanne aged ten, is attending school in Montreal.

Dr. Harsanyi graduated from the Royal University of Budapest in 1944 and for more than eight years specialized as a gynecologist and in obstetrics. Since coming to Canada a year ago he has been doing staff duty in a Toronto hospital. His intern period is being served at the Charlottetown Hospital. His wife is an honoured graduate as a harpist from the Royal Music Academy, Budapest, and accompanied her husband to Charlottetown.

#### TO HOSPITAL

Dr. Schimanski studied at University of Lwow, Poland and came to Canada in 1939 where he continued his studies in medicine at the Royal Cross working towards his objective.

#### INCREASE IN LIABILITIES

Now for a look at our own financial story for 1957. This compares very favourably with issues recently negotiated in Ontario and Quebec.

#### LOANS TO MUNICIPALITIES

of the projects which was started by the provincial Government last year was the loan policy to municipalities for fire

Portrait of a man, likely related to the hospital intern news.

### Premier Reviews Activities Of Provincial Government

Following is the text of an address delivered recently over radio station CFBY by Premier A. G. MacKenzie.

#### VERMENT BECAME TRULY GREAT

not by the contributions of the wealthy, but by the contributions of the plain ordinary people.

#### NO REPLY NEEDED

Since the Leader of the Opposition, in his address last Saturday evening, had but one small criticism of the Government, I really have nothing in his address to reply to.

#### LEADERSHIP PROBLEM

This brings me back to the leadership problem of any party, and to the question of the leadership office. It would appear that the field is open only to those who are financially independent.
