 TUESDAY AND SATURDAY  
 2.30 to 4.30 P. M.  
 39 Granville St.  
 Phone 155-4.

**THE HALL COMBINED SCUFFLER-HILLER**  
 This remarkable implement does the work of two machines and saves the time of a man and two horses. It scuffles each side of the row and hills at the same time and is only a moderate load for a pair of horses. It has been in use for two seasons and is a thoroughly practical implement, guaranteed to give satisfaction. In early stages six scuffler teeth are used but later in the season when the hills are large four only are required.  
 It is equipped with either mould boards or discs of hard polished SHEFFIELD STEEL having a life double that of the ordinary mould board.  
 In spite of doing the work of two machines it is NOT a heavy load for two horses, it is light on the horses' necks and is a very easily operated implement which quickly pays for itself through the saving of a man and two horses.

**New and used Potato Machinery at Reduced Prices.**  
 CALL and INSPECT.  
**THE HALL MFG. CO., LTD.**

**The Late Miss Georgina Hunt**  
 Many friends in St. Eleanors will regret to learn of the passing of Miss Georgina D. Hunt, whose death occurred in Charlottetown on Tuesday.  
 Miss Hunt was the daughter of the late William T. Hunt of St. Eleanors, who was at one time prothonotary at the Court House, Summerside. She spent most of her summers in St. Eleanors and will be greatly missed by her friends there. Miss Hunt will also be missed in Charlottetown where she often stayed with her sister, Mrs. Spinks.  
 There are left to cherish her memory, three brothers, Dr. Hunt of King's College, Halifax; W. J. Hunt of Windsor, N. S.; Richard Hunt, St. Eleanors, and two sisters, Mrs. Webster, widow of Rev. F. M. Webster, a former rector of St. Mary's Church, Summerside, and Mrs. Spinks, Charlottetown, to whom sympathy is extended.  
 The funeral takes place today at 11 a. m. to St. John's Church, St. Eleanors. S.

**Many Charitable Bequests Made By Island Priest**  
 Value of the estate of the late Monsignor Daniel J. Gillis of Indian River was set at \$169,586 by probate in Summerside recently.  
 Monsignor Gillis bequeathed \$72,000 for charitable purposes and the remainder of his estate to 32 residuary legatees each of which will receive about \$1,700.  
 The Indian River priest died in 1931 but immediate closing of the estate was postponed due to economic conditions at that time. Executors were Rev. F. Monaghan, Rev. Reginald MacDonald and Urban Gillis.  
 Charitable bequests in Prince Edward Island included: Misouche Convent \$400; Prince County Hospital \$1,000; St. Mary's Convent \$1,000; the town of Kensington for a memorial chapel \$10,000; Indian River parish \$5,000; Preetown parish \$3,000.

**OPPOSE LIQUOR VENDOR'S STORE FOR BORDEN**  
 Resolutions Passed Condemning Proposed Action By Government.  
 At congregational meetings in Bedouque and Cape Traverse United Churches a resolution was unanimously passed, petitioning the government that in the best interests of temperance, a liquor vendors store should not be opened in Borden.  
 Copies of these resolutions, signed by elders, members, and adherents of the churches are being sent to the Premier and the local members. A similar resolution is being signed by a large number of the residents of Borden.  
 The official board of the Bedouque Circuit of the United Church is taking action on this question as well as the W. M. S., the W. C. T. U. and the Temperance Alliance. In all nearly a dozen different resolutions are being sent the government, voicing in no uncertain manner general disapproval of the proposed step.—D

**EVIDENCE HEARD IN MUTTART CASE**  
 Ten Witnesses Examined Yesterday As Crown Takes Evidence.  
 Ten witnesses were examined by the Crown yesterday in Supreme Court in Summerside as evidence was taken at the opening of the case, the King vs. Ralph Muttart, charged with manslaughter. Mr. Justice A. E. Arsenault presided. Hon. Thane A. Campbell, attorney general, and Mr. L. G. Lewis appeared for the Crown and Messrs. K. M. Martin, K.C., assisted by J. Johnston, K.C., and Heath Strong, K.C., for the accused.  
 The case was the result of an accident last November in which Walter Clark of Kensington was killed when the horse drawn vehicle which he was driving was struck by a car driven by Ralph Muttart of Summerside, on the road near Kensington.  
 The court adjourned until this morning.  
 The jury were composed of Messrs. Peter MacCaully, foreman, Alban Lecky, Augustus Wadell, Albert Kennedy, Richard Jeffrey, Leigh Lowther, Elmer Dawson, Wilfred L. Hutchinson, Prusha Lyle, Harold Campbell, H. B. Boates, Reginald MacParlane.  
 The following is a short summary of the evidence.  
 The first witness called was Mr. William MacDougall, Charlottetown highway engineer, who produced a sketch of the road between MacMillan's Brook and Clearmont Station which he testified he had made last Saturday in company with Constable Keyes of the R.C.M.P. This sketch was submitted in evidence. It showed that the distance between the two places mentioned was 1,100 feet. The width of the pavement 18 feet in the road was 200 feet east of the brook, the road was fairly level for 500 feet. There was a slight elevation of 23 feet in 1,000. Cross examined by Mr. Martin as to the condition of the shoulder of the road, the witness stated that he would think that in wet weather the shoulder at that point would be unfit for travel as it was newly made. In the afternoon Mr. MacDougall submitted an additional sketch showing the plan of the road west of the brook for about half a mile.  
 Mr. Bruce Clark was next called. He stated that Walter Liddell Clark, victim of the accident, was his brother and that he lived on the Summerside Road about a mile west of Kensington. On the 17th November last he had accompanied his brother to New Annan to visit their sister, Mrs. Schurman. They left on return to their home about four thirty. Witness got out at Albert Moore's gate. As he crossed the road he could see Walter in the wagon, about five chains away. The place where the accident occurred was about 20 or 30 chains from where he got out. When he got out of the wagon he saw a car on the further hill east, coming down towards Summerside. He looked towards Summerside but saw no car coming.  
 Harold Walsh, third witness, testified that he was driving towards Summerside on Sunday afternoon and at about 5 o'clock when a mile and a half west of Kensington he noticed a wagon in the hollow. It was dusk. He had his lights on. Just where the road straightens away for Summerside he noticed a car proceeding east. The driver dimmed his lights as if in response to the dimmed lights of the witness's car. When he (witness) was about 30 feet past car the crash occurred. In answer to a question, witness stated he had no difficulty in seeing the team. Everyone was on his own side of the road. Witness did not notice who was in the car or the colour of the car. Witness got out of his car and saw the driver of the car. Witnesses were Rev. F. Monaghan, Rev. Reginald MacDonald and Urban Gillis.  
 Charitable bequests in Prince Edward Island included: Misouche Convent \$400; Prince County Hospital \$1,000; St. Mary's Convent \$1,000; the town of Kensington for a memorial chapel \$10,000; Indian River parish \$5,000; Preetown parish \$3,000.

**EVIDENCE HEARD IN MUTTART CASE**  
 Ten Witnesses Examined Yesterday As Crown Takes Evidence.

and met Ralph Muttart in middle of the pavement. The victim of the accident was lying on the north side of the pavement. They felt for heart beats. Witness thought the map was dead but Muttart thought he found some heart beats. Muttart and Mrs. Walsh went to telephone for a doctor. A Mr. Lord arrived and he also went for a doctor. Dr. Tanton arrived on the scene and after a brief examination pronounced life to be extinct. Witness stated that he was driving about 30 miles an hour when the accident occurred. Muttart told him he did not see the horse and wagon. The pavement was wet and it was hard to see. He noticed the horse in front of the car. The wagon was badly broken up. Muttart's lights were still burning. Cross examined witness stated he was about 150 feet away when his lights first picked up the wagon. The wagon would be at the brook. The horse's legs and wheels of wagon were visible after the lights were dimmed. They would be more easily visible to him than to anyone coming behind the wagon. The witness could not state the relative speed of the other car. He stated he had often difficulty at dusk to distinguish objects not carrying lights. He was often too close to vehicles not carrying lights when he thought he had perfect vision. He did not dim his lights for approaching car. He had to drive carefully as they were confined to paved surface. Witness stated lights do not reflect on the black road. In answer to question put by the court witness stated he had no trouble in seeing carriage.

**Afternoon Session**  
 When the court resumed in the afternoon the evidence of Mrs. Grace Walsh taken at the preliminary hearing was read and submitted as evidence. It was explained that Mrs. Walsh had been taken ill and was unable to give evidence at the present time. Mrs. Walsh's evidence was similar to that of her husband.  
 Jewell Herring was then called. He testified that he was driving home from Charlottetown on Sunday, November 17 and came upon the scene of the accident about 5 o'clock. He found a man lying on the pavement. The radiator of the car stopped on the south side of the road was badly damaged and a horse was in front of the car. The spokes of a wagon were a little way back. He also saw marks where tires had struck the pavement. The marks of brakes were very distinct. In cross examination witness stated that it seemed darker where the tires were. The pavement was fairly dry but there was more dampness in the hollow.  
 Dr. E. T. Tanton stated that he remembered the evening of November 17th. He was returning from Charlottetown and arrived at the scene of the accident between 5.10 and 5.20. It was between lights and vision was poor. He noticed an object on the right hand side of road, which looked like a man. He asked the driver to stop. Witness got out to render assistance. He found the man had blood on the side of his head. There were no signs of life. He saw a car on the other side of the road, mixed up with a horse. Ralph Muttart was there and appeared excited and took the witness over to where the man lay. The witness suggested putting the horse out of his misery. There were pieces of wagon in answer to question witness said that there is a temporary blindness when drivers are confronted with other lights. Witness stated he had often been confronted with objects when he thought the road was clear. Witness said there was no sign of intoxication about Muttart.  
 Keith Lord, Cape Traverse, testified that he came on the scene of the accident on his way home to Cape Traverse. He immediately went for a doctor. When he returned with Dr. MacBride he found Dr. Tanton there, who had pronounced the man dead. As Muttart complained of feeling cold he took him into his car and later drove him to Summerside. Cross examined, the witness stated that Muttart's car was badly damaged and the horse was partly in front and partly below the car with back to the car. Its legs were broken and it had wound in its side. Witness stated that Muttart said he did not see the team until he hit it or immediately before. There was no sign of intoxication. He considered the twilight was the worst time to drive. It was quite dark when the police arrived.  
 Dr. W. B. Howatt was the next witness and gave evidence that he examined the remains of Walter Lloyd Clark on the evening of Nov. 17 and found that he had a fractured skull and a broken neck. His body was free from bruise. The fracture would cause instant death. It was a depressed fracture, which would show that the head must have come in violent contact with some hard object. The man appeared to be in good condition.  
 David Clark, father of the deceased, gave evidence that his son was in his 27th year. He last saw him alive at 2 o'clock on Sunday Nov. 17 when he left home in a horse and wagon. The wagon carried no lights. In answer to a question put by counsel for the defence, that he had made a claim for the damaged car. From where brakes had apparently been applied it was 139 feet. It appeared as if something had been dragged about 104 feet to where car was standing. Debris was strewn along the road. The right rear wheel was two feet from edge of pavement. The left wheel was 1 1/2 feet, about normal driving position. Witness described the car as badly damaged. There were dents on top of rear of car. The car had been taken to Reliable Motors and locked up. Witness went on to say that an object was partly dragged and partly carried by the car. Wagon could be dragged. The marks on top of car were compressed. Marks on road were quite distinct. There was no difference from scoring of brakes from commencement to end. Could not say whether front brakes were impaired. The tests made by Corp. Engels as to speed were not allowed as evidence.  
 Alden Moore, Kensington, gave evidence that he arrived at the scene of the accident shortly after six o'clock, some little time after the accident. He was asked to shoot the horse. It was dreadfully mutilated, the worst he had ever seen. The wagon was in splinters. The horses two legs were broken off and the horse was lying full length across the bumper and parts of the legs and some iron were between the bumper and radiator. In answer to cross examination witness stated he had examined three horses that had been in car accidents and this had been the worst of the three. Court adjourned until 10.30 this morning.

**RED ROSE TEA**  
 "is good tea"  
 First - Last - Always  
 GOOD tea

**Carleton And Vicinity**  
 Mr. Stewart Wright of the Experimental Station at Charlottetown moved to North Carleton on Sunday, where he was the guest of Mr. and Mrs. Courtenay McKay.  
 Mrs. Douglas Bell of Cape Traverse and Mrs. W. E. Bell of Carleton moved to Charlottetown Friday morning to attend the Convocation of Prince of Wales College.  
 Mr. Lea Toombs of Summerside has secured a position with R. E. Mutch & Co., wholesale merchants of Charlottetown.  
 Mrs. H. H. Schaefer of Shediac, N.B., is visiting friends and relatives in North Tryon and Carleton.

**Farewell Party at Traveller's Rest**  
 An enjoyable farewell party was held at the home of Mr. and Mrs. Frank MacDonald, Travellers Rest, when their many friends and neighbours gathered to bid them good bye and to wish them luck in their new home. About 10.30 Mr. John Pillman called the gathering to order and called upon Miss Ernestine Marchbank to read the following address:  
 Mr. and Mrs. Frank MacDonald and family:  
 Dear Friends: It is with sincere regret that we learn that you have disposed of your property here, and are about to leave us to take up your residence in another community. During the years you have lived among us, you have taken an interest in the work and activities of Travellers Rest, giving of your time and talent in making this a better place in which to live. With your friendly words and cheery smiles you have endeared yourselves in the hearts of every one of us and we feel keenly the loss that your moving will mean to us.  
 In every community activity you, Dannie, have been one of our main stand-bys. The Fair Play Club will suffer a very great loss in losing its past president and sub-editor of the Broadcaster. Even more will you be missed in the Dramatic Club, where, by your splendid acting and good nature you have become an indispensable member. And to Dolereus and Harold your school and club friends say goodbye and good luck. We will miss you but we hope you will come often to see us during your holidays.  
 We could not let you go without bidding you farewell and letting you know how much we will miss you. Please accept this purse as a small token of the esteem in which you are held here. We wish you luck in your new home, and since you will not be far away we hope to see you often. We trust you will hold a warm place in your hearts for us all and think kindly of us when you remember your home in Travellers Rest.  
 Mr. Pillman then presented them with a well filled purse. Mr. MacDonald thanked their friends for their kindness in remembering them on this occasion. Everybody then joined in singing "For They are Jolly Good Fellows" after which a dainty lunch was served by the ladies, and the remainder of the evening was spent in music and dancing.  
 Mr. and Mrs. MacDonald have since moved to their new home in Searletown.  
 Exasperated teacher (to dull class): Now, children, if the donkey's head points to the north where does his tail point to?  
 Small Boy (bravely): To the ground, miss.

**S' side Tax Collection Record Best**  
 The town of Summerside has the best record of tax collections in Canada besides one of the lowest tax rates of all towns in the Dominion, according to the Financial Post.  
 In its municipal honor roll, the publication says:  
 "Per capita tax arrears of the current levy at the end of 1935 were 21.2 cents and total per capita tax arrears were \$ .40. No other Canadian town or city of a population of over 2,000 can equal this excellent record."  
 "Measuring tax collections as percentages of the levy, Summerside collected 97.7 per cent of its current levy in 1935, 96.9 per cent in 1934 and 96.4 per cent in 1933. Many Canadian municipalities are unable to report as good a percentage of collections even when receipts of arrears are taken into account."  
 "In addition, its tax rate of 12 mills is one of the lowest in Canada. The same rate has been levied for the past 10 years. Net debenture debt at the end of 1935 amounted to only \$274,000. A considerable portion of this consists of debentures issued by the town's electric light department which are not a charge upon the tax rate since the utility yields a substantial annual profit."  
 "While the town increased its net debenture debt by \$11,000 in 1935, it improved its position considerably. On current operations a surplus of \$178 was reported compared with a deficit of \$2,234 in the previous year. At the end of the year there was a net cash balance of \$4,664 as against a bank overdraft of \$12,843 at the end of 1934."

**Itching, Burning, Stinging Eczema or Salt Rheum**  
**BURDOCK BLOOD BITTERS**  
 Eczema or Salt Rheum as it is often called is one of the most agonizing of skin diseases.  
 The intense burning, itching, smarting, especially at night, or when the affected part is exposed to heat, or the hands placed in water, are almost unbearable.  
 Use Burdock Blood Bitters internally, and apply it externally. A few bottles are usually sufficient to afford relief from this torturing blood and skin disease.

**The Late Miss Georgina Hunt**  
 Many friends in St. Eleanors will regret to learn of the passing of Miss Georgina D. Hunt, whose death occurred in Charlottetown on Tuesday.  
 Miss Hunt was the daughter of the late William T. Hunt of St. Eleanors, who was at one time prothonotary at the Court House, Summerside. She spent most of her summers in St. Eleanors and will be greatly missed by her friends there. Miss Hunt will also be missed in Charlottetown where she often stayed with her sister, Mrs. Spinks.  
 There are left to cherish her memory, three brothers, Dr. Hunt of King's College, Halifax; W. J. Hunt of Windsor, N. S.; Richard Hunt, St. Eleanors, and two sisters, Mrs. Webster, widow of Rev. F. M. Webster, a former rector of St. Mary's Church, Summerside, and Mrs. Spinks, Charlottetown, to whom sympathy is extended.  
 The funeral takes place today at 11 a. m. to St. John's Church, St. Eleanors. S.

**Many Charitable Bequests Made By Island Priest**  
 Value of the estate of the late Monsignor Daniel J. Gillis of Indian River was set at \$169,586 by probate in Summerside recently.  
 Monsignor Gillis bequeathed \$72,000 for charitable purposes and the remainder of his estate to 32 residuary legatees each of which will receive about \$1,700.  
 The Indian River priest died in 1931 but immediate closing of the estate was postponed due to economic conditions at that time. Executors were Rev. F. Monaghan, Rev. Reginald MacDonald and Urban Gillis.  
 Charitable bequests in Prince Edward Island included: Misouche Convent \$400; Prince County Hospital \$1,000; St. Mary's Convent \$1,000; the town of Kensington for a memorial chapel \$10,000; Indian River parish \$5,000; Preetown parish \$3,000.
