Rotary District Governor Scheduled To Visit Summerside Club August 17

On Tuesday, August 17th, the Rotary Club of Summerside will be host to Allan MacDonald, governor of No. 264 district of Rotary International, who is making his annual official visit to the Maritime Provinces and the State of Maine. He will address the club and confer with president J. C. (Bud) Mountain, secretary William Young and committee chairman on Rotary administration and service activities and on plans for the participation by the Rotary Club of Summerside in the world-wide observance of Rotary's golden anniversary February 23 to June 2nd.

Mr. Allan MacDonald is president of Bay Motors Limited and is General Motors dealer for all General Motors products in the town of Glace Bay, and is a charter member of the Glace Bay Rotary Club. He was elected district governor of Rotary International for the 1954-55 fiscal year at the annual Rotary convention in Seattle, Washington last June. He is one of 220 district governors supervising the activities of some 8,300 Rotary Clubs which have a membership of 389,000 business and professional executives in 89 countries and geographical regions throughout the world. Where ever Rotary Clubs are located, president J. C. Mountain asserted in discussing the governor's visit, their activities are similar to those of the Summerside Rotary Club because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world. Each year, this world wide service organization continues to grow in numbers and in strength. During the past fiscal year, 448 new Rotary Clubs were organized in 51 countries of North, South and Central America, Europe, Asia, Africa and the Islands of the Pacific. —S.

Albany

—Farmers in this section of Prince County are trying to make hay under better conditions. The past week was a poor week for having operations, showers every day. Much of the hay will be lost as conditions for drying and wiring the coils that has been out in many of the fields is black and spoiled. It is a great loss to the farmers here as the hay crops were very good, but weather conditions poor.

Some of the farmers in North Tryon who sowed early turnips are trimming them for the Boston and New York Produce Markets. The price is good and the turnips are a good size for the time of year.

On July 27, many friends and neighbors gathered at the home of Mr. and Mrs. Bert Thomson of North Tryon, to honor Miss Helen Howatt of North Tryon with a miscellaneous shower. Miss Mary Dawson escorted the bride to the seat of honor which was beautifully decorated with white and pink streamers. Beautifully decorated baskets were carried in by Sandra Howatt and Dawn Thomson. The gifts were opened by Miss Margaret Dawson while the verses were read by Miss Hazel Dawson. They were arranged on the table by Miss Lois McDonald and Miss Elizabeth Thomson. A lovely lunch was served and a social evening followed.

Mrs. Reg Compton and Mrs. Russell Laughlin Sherbrooke were visitors to Tryon on July 28.

Mrs. Rex Dawson and daughter Hazel of North Tryon, left July 30 by car for Montreal, Que., to visit friends and relatives. They expect to be away about two weeks.

Friends here of Mrs. Parker Delaney of North Tryon will be sorry to hear she is a patient in the Prince Edward Island Hospital in Charlottetown.

The second Community Auction Sale was held on the Bernard Parking lot in Craupaud with a good attendance of buyers. The stock was not heavy but sold freely. Mr. E. C. (Bud) Bell was the auctioneer.

Mr. Garth Wood of Summerside and Fredericton, N. B., was a recent visitor to North Tryon. He is working at the new Army Base outside of Fredericton, N. B. —A.

—Mr. and Mrs. George Milton and son, David, Malden, Mass., arrived July 19 for a six-week visit with their sister, Mrs. William C. Donald and Mr. Donald, Sea View. They will also visit with Mrs. Milton's brothers Messrs. Elmer and Allison Bernard and their families at Kensington. —Bur.

BOING!

MODERN ALUMINUM alloys seem tough enough to take almost anything. For instance, one manufacturer uses aluminum for those little electrically driven cars the kids love to climb into at carnivals and fairs. The idea is to whirl around at high speed exchanging spine-shattering bumps with other "motorists". They actually stand up under this treatment (the cars, we mean). Our own Alcan researchers are constantly developing and testing new applications, better products, improved production techniques. There's always something new in aluminum! Aluminum Company of Canada, Ltd. (Alcan).

Mr. Roy Williams who is employed in Charlottetown spent the week-end at his home here.

Mr. and Mrs. Frank England of Washington, D. C., are spending a holiday with Mr. England's parents, Mr. and Mrs. Aldred English.

Mr. George Barlow returned home July 23, after spending a holiday in Montreal, Que., and Philadelphia.
