## HOME IMPROVEMENT TROPHY GOES TO CHELTON FAMILY

### Yugoslavia Calls For Conference On Trieste

#### Talks on Suez Canal Adjourned

CAIRO, (Reuters) — Egyptian and British negotiators holding unofficial talks on the future of the Suez canal have adjourned Monday after a one-hour meeting. There was no indication when the next meeting will take place. In London Sunday night, a high diplomatic informant said sudden new demands by Britain have thrown the talks into a fresh crisis. Britain was said to have insisted on the right to re-occupy the Suez bases after her troops leave under the proposed agreement, any time the United Nations decided on collective action against any aggressor. Egypt had agreed earlier to make the bases available only if an Arab state were attacked. The British embassy said meanwhile that two RAF men were wounded in the canal zone Sunday when attacked by armed Egyptians.

#### Coming Events

- \*\*Dance, Lorne Valley every Tuesday. Turner's Orchestra.
- \*\*Dance at Gordon Lodge every Friday night.
- \*\*To get the most value out of your grain have it ground and mixed at E. J. MacDougall's Vernon.
- \*\*Weekly dance Winslow Station hall Thursday, Oct. 15. Dolron Bros. orchestra.
- \*\*Fiddling and Step-dancing contest, Mt. Stewart Legion Hall, Oct. 14th, 8.30 P. M. Send entries to John C. Peters.
- \*\*Hog finisher now \$1.15 per cwt., when you supply grain. MacGuigan and Boyle.
- \*\*Hot chicken supper, bingo and dance, Corran Ban Hall, Wednesday, Nov. 11.
- \*\*Regular Dance, Bonshaw Inn, Tuesday night, Charlottetownians Orchestra.
- \*\*Buying chicken and fowl daily. Best prices paid. Phone or see Rex Dawson.

M. in the following places respectively: Georgetown Baptist Church; Montague Gospel Tabernacle, Upton Gospel Chapel, and for the last two nights, Beach Point Gospel Chapel. Hear this fearless, factual and forceful young man with an old message.

Above is shown the attractive farm house and buildings of Messrs. Roy Campbell and son, Chelton, winners of the Hon. J. A. Bernard trophy for greatest home improvement in the Province in the Rural Beautification Society contest. The complete list of prizes and awards appears in today's issue. —Photo by Meyers Studio.

### Hall And Woman Friend Confess To Murdering Little Bobby Greenlease

By Allan Merritt  
ST. LOUIS, (AP) — Carl Austin Hall, a sullen drug addict, and his unkempt woman friend have confessed they prepared to kill Bobby Greenlease before they kidnapped the six-year-old child. Hall admitted to the Federal Bureau of Investigation he killed the boy by firing a pistol bullet into the right side of his head after driving him across the Missouri-Kansas State line from Kansas City a short time after Bobby's kidnapping. Mrs. Bonnie Brown Heady, 41-year-old alcoholic, confessed she was with Hall when he killed the boy, son of multi-millionaire parents who paid a record \$600,000 in ransom. With the couple's signed confessions that the child was taken across a state line, the government immediately filed charges at Kansas City under the Lindbergh kidnapping law. The confessions Monday cleared Thomas John Marsh, 37, tattooed ex-convict named earlier by Hall as the actual killer of Bobby, of any part in the crime. The admissions also wiped out the woman's earlier claim she was merely an innocent pawn in the case when she fed the unsuspecting child from an exclusive Catholic school Sept. 28 on the pretext she was his aunt. She insisted she thought the boy was Hall's son, in custody of an ex-wife. The 34-year-old Hall, nee-dow-vel son of a respected Kansas family, and his partner in the shocking crime, were expected to go on trial on the kidnapping charge before a federal court jury in Kansas City. The Lindbergh law, which stemmed from the kidnap-slaying of the famous aviator's son 21 years ago, carries a possible death penalty when the kidnap victim is harmed. State charges of both kidnaping and murder are pending against the kidnap-killers. But in Washington the justice department indicated the federal trial in Kansas City would be held first.

### N.B. Guide Reported Seriously Wounded

FREDERICTON JUNCTION, N. B. (CP) — With several stab wounds in his back, Albert Phillips, 38, a guide from Tracy, was reported in serious condition Monday night. He was admitted to hospital here Saturday night. Police withheld details of the case pending further investigation.

### To Call Special Session of House

Hon. W. E. Darby, acting Premier, announced on Saturday that a special session of the Legislature has been called for Wednesday, Oct. 21, to pass legislation to provide for payment of lobster storm loss loans. The payments are pursuant to the agreement with the Federal Department of Fisheries which was announced earlier this year. A deadline of November 15th has been set by Ottawa for the presentation of claims and enabling legislation to provide the mechanics of handling the loans became imperatively urgent, the Acting Premier stated. The session will probably last for two days. The agreement to provide storm loss loans to fishermen was announced early last summer by Hon. James Sinclair, Federal Minister of Fisheries, while he was on a visit here. The announcement was made following consultation with the Provincial Government. Mr. Darby said also it was probable legislation would be considered which would give the Town of Summerside additional borrowing power to enable the town to proceed with the construction of a proposed rink.

### Bodies Of Crash Victims Recovered In Ontario

NORTH BAY, Ont., (CP) — A helicopter rose from an unnamed lake, flew over rugged woodlands and landed beside a lumber road where an RCMP ambulance waited. At dusk Sunday the bodies of FOJ. John Holten, 32, of Vancouver and LAWJ. Joan Margaret Moody, 23, were removed from the red-choked lake 25 miles southeast of here where a plane in which they were flying westward crashed during bad weather Friday. The RCMP plane, a Beechcraft Expeditor of a type used for navigational training and general liaison work, was on the Ottawa-North Bay leg of a ferry flight from Summerside, P.E.I., to Winnipeg. The girl, a radar technician stationed at Clinton before her posting to Summerside a year ago, went along on the "flip" from Summerside in the hope of spending Thanksgiving with her father, P. L. Moody of Morris, Man. Wreckage of the plane was spotted from the air Saturday soon after the start of a search based on North Bay.

### Espionage At U. S. Army Centre

NEW YORK, (AP) — Senator Joseph McCarthy said Monday a new investigation has turned up indications of "extremely dangerous espionage" at the Fort Monmouth, N.J., U.S. Army Signal Corps radar centre and possibly through the corps. He said testimony before his Senate permanent investigations subcommittee "has all the earmarks that extremely dangerous espionage" has been committed recently at Fort Monmouth. In Washington, defence department and army spokesmen said they had no comment.

### British Exports To America Down

LONDON, (AP) — British exports to North America declined seven per cent during September from the average for the two previous months, the board of trade reported Monday. Exports to Canada were \$11,600,000. Total exports slipped \$14,000,000 below the July-August average to \$201,800,000. Total imports remained about the same at \$269,700,000.

### Says Dispute Threat To World Peace

(By Alex Singleton)  
BELGRADE, (AP) — Yugoslavia called urgently Monday for direct talks with the United States, Britain and Italy on the Balkan powder keg issue of Trieste and notified the United Nations a threat to peace exists in that strategic North Adriatic peninsula. These rapid-fire moves took place in the capital Monday as angry Belgrade mobs—whipped up by the storm of official Yugoslav protests over the American-British decision to turn their zone of Trieste over to Italy—burned British library papers and pictures in the streets and slugged the director of the U. S. information service. President Tito's tough, independent Communist government warned in notes to the three Western states that carrying out the decision to hand U. S.-British-occupied zone A—including the vital seaport city of Trieste—to the Italians was "likely to endanger the maintenance of international peace and security."

### Big Convention Planned For City In 1955

Charlottetown has been signally honored by being chosen as the site of the 1955 combined convention of the Directors of The Canadian Press and the Directors of The Canadian Daily Newspaper Association. The meeting of the most prominent publishers, editors and managing editors across Canada has been announced by Mr. George V. Fraser, Director of The Prince Edward Island Travel Bureau, and will form a fitting part of the City's centenary celebration. The convention will run for approximately one week, with a large attendance expected in the latter part of the week. About 67 delegates are expected to be present and if half that number bring their wives, there will be 100 or more people here at that time. The meetings will take the following pattern, on Monday, there will be an executive meeting of the Canadian Press; Tuesday is set aside for the newly organized radio and television branch of Canadian Press; On Wednesday there will be a Canadian Press board meeting and The Canadian Daily Newspaper Association will have their meeting on Thursday.

### Two U. S. Senators Oppose Conference

WASHINGTON, (AP) — Senators Bourke Hickenlooper (Rep. Iowa) and Estes Kefauver (Dem. Tenn.) Monday opposed Winston Churchill's call for a Big Four informal discussion of world problems. The two senators said in separate interviews that they believe the United States should demand advance agreement on specific topics to be discussed before approving any such meeting.

### Duke Of Edinburgh Will Visit Canada Next Summer

LONDON, (CP) — Buckingham Palace announced Monday that the Duke of Edinburgh will go to Canada next summer—his second trip in three years—to watch the British Empire Games and take a look at industrial development in the booming north. Thus, the Duke, it is believed, will be the first member of the Royal Family to travel inside the Arctic Circle. The announcement said the Queen's husband would be in Canada from July 29 to Aug. 17, 1954, "arriving in Ottawa and flying back from Montreal. The statement did not say the Duke would also fly to Canada, but a spokesman said it was certain the trip from Britain would be by air. From Ottawa the 32-year-old "first gentleman" will go to Victoria, Vancouver and Kitimat, B. C., later visiting Port Hedland, Espermerine and Yellowknife in the Northwest Territories, and Churchill, Man. His time in Quebec will include a visit to Valcartier military camp.

### Hunter Rescued After Six Days In Quebec Woods

MONTREAL, (CP) — A hunter, found in the bush 50 miles north of Montreal, Sunday told how he lived on leaves and muddy water for six days. Berube said he became separated from Dr. Gagnon. He was found Saturday by two hunters, 15 miles from his original starting point, sitting on a log in a clearing, holding his head in his hands and crying. His hands were torn by rocks and bushes, his feet swollen. The two hunters were not taking part in the search. Provincial police and volunteers led by Dr. Gagnon, who found his way out of the bush unaided after eight hours, had searched the area in which Berube was originally seen for five days without success. A helicopter was used in the later stages of the search. Berube blamed borrowed shoes which were too small for him, for his failure to find his way out alone when he was lost. Pain and exhaustion forced him to crawl on hands and feet during the last day. Dr. A. J. Archambault of Verdun, his personal physician, said his condition was remarkable.

### Greece Gives U.S. Use of Bases

WASHINGTON, (AP) — Greece Monday gave the United States permission to use an undisclosed number of Greek air and naval bases to bolster North Atlantic Pact defenses. A formal agreement, specifying the terms under which the facilities will be used, was signed Monday in Athens by American Ambassador Cavendish Cannon and Greek officials, the state department announced. The agreement did not specify the location and number of Greek air and naval bases which can be used by American forces. The right to use them will last as long as the 14-nation Atlantic Pact is in effect—until 1963.

### Remodelled and a wing added, several private homes painted and new lawns and flower gardens started. A lot of enthusiasm went into this work.

Third place was awarded to Roseneath community for extensive improvements to the school and to private homes entered in the class. Other community projects among the runners-up which achieved great success were Hunter River Hall, West Covehead United Church, and Brackley. Four cemeteries entered the competition in their class, the single award of \$100 going to St. Theresa's Parish Cemetery, a large old cemetery which had to be levelled off and many monuments given new foundations. Runner-up in this class was North Winsloe cemetery which also made a good showing.

### PEI Rural Beautification Society Awards Announced

Winners in the 1953 Prince Edward Island Rural Beautification Society's Competitions were announced yesterday by Lieut.-Col. E. W. Johnstone, President of the Society, and the Directors. In a field of 103 competitors Mr. Roy Campbell & Son, of Chelton, receive the Hon. J. A. Bernard trophy for showing the greatest improvement in the Province. The Campbells also win the Chief Justice Thane A. Campbell Silver Cup donated for Prince County and \$100 prize donated by R. T. Holman, Limited. Other county winners are Mr. John Hunter, Strathcona (King's) winner of the Senator J. A. Macdonald Silver Cup and R. T. Holman Ltd. award of \$100, and Mr. Roland Paynter, French River, winner of the Lieut.-Col. E. W. Johnstone Silver Cup for Queen's, and R. T. Holman Ltd. award of \$100.

### Community Improvement

Twelve districts entered the Community Improvement competition and many carried the project through to a highly successful conclusion. Top award went to Irishtown, where the whole community joined in and made outstanding improvements to church, cemetery, school and hall. The grounds of all four were graded, lawns seeded, planted with trees, fences restored and painted. Hall and school were painted, new flagpole and sign for school, tilts and swings erected for school playground. The houses by the church was moved, renovated and painted. Cemetery fences were repaired and painted and lawns mowed regularly. All in all this was a remarkable community effort.

### Many A Woman's Figure Represents More Dollars Than Sense

Community Improvement

Twelve districts entered the Community Improvement competition and many carried the project through to a highly successful conclusion. Top award went to Irishtown, where the whole community joined in and made outstanding improvements to church, cemetery, school and hall. The grounds of all four were graded, lawns seeded, planted with trees, fences restored and painted. Hall and school were painted, new flagpole and sign for school, tilts and swings erected for school playground. The houses by the church was moved, renovated and painted. Cemetery fences were repaired and painted and lawns mowed regularly. All in all this was a remarkable community effort.

Second prize went to Cleary village where the Catholic church was completely painted, the school remodelled and a wing added, several private homes painted and new lawns and flower gardens started. A lot of enthusiasm went into this work.

Third place was awarded to Roseneath community for extensive improvements to the school and to private homes entered in the class. Other community projects among the runners-up which achieved great success were Hunter River Hall, West Covehead United Church, and Brackley. Four cemeteries entered the competition in their class, the single award of \$100 going to St. Theresa's Parish Cemetery, a large old cemetery which had to be levelled off and many monuments given new foundations. Runner-up in this class was North Winsloe cemetery which also made a good showing.

School Projects

Fourteen schools took part in improvement projects. Poplar Point School won in King's, Rice Point School in Queen's, a particularly fine example of community effort, with North River School a close second. In Prince County Spring Valley School won the prize with a splendid final appearance.

Interest in this year's contests ran high, stated Col. Johnstone, and the results may be seen in nearly every section of the Province. The Society's work is attracting attention elsewhere and many requests for further information have come from other provinces. He expressed the Society's appreciation of the financial support given to rural beautification by the Provincial Department of Agriculture, as well as the business firms of R. T. Holman, Ltd., M. F. Schurman & Co.
