NEW YORK

NEW YORK (AP) — The stubborn recovery 1964 stock market paused only momentarily Thursday before carving out another advance — its seventh straight. Trading was active.

One of the main factors in the recovery were the average were to all-time peaks. Stock prices were up 2 3/8 on the Dow Jones industrial average and the Associated Press: the New York Stock Exchange and Dow Jones 50-stock index.

The market was about on level, with Dow Jones a mixture of small gains and losses, with averages barely changing at mid-session. The six straight daily advances post-frisking was in order. But no selling was evidenced.

Attracted by the firmness of the list, more money came into stocks. Blue chips as well as the lower-priced, more speculative issues, began to pick up steam. The ticker was frenzied in late buying, but purchases were selective.

The Dow Jones industrial rose 2.69 to 75.55. The Associated Press average of 300 stocks rose 2 to 282 1/2. Standard and Poor's index rose 2.38 to 79.25.

Volume was 5,160,000 shares compared with 5,410,000 Wednesday.

International Nickel was ahead a full point on the Canada list while Alcan, Kennecott and Melcor, Porcupine added 1/2 each and Walker Godegan added 1/2. Canadian Pacific, Granby Mining and Hudson Bay Mining were down 1/4.

Prices were mixed on the American exchange. Sperry Rainbow Oil picked up 1/2. Fargro Oil, a new issue, rose 2 1/2 to 28 1/2. Standard and Poor's index rose 2.38 to 79.25.
