**ROAD COMPENSATION ACT.
PUBLIC NOTICE.**

WHEREAS a Commission has been issued, directed to us, under and by virtue of an Act passed in the fourteenth year of the reign of Her present Majesty Queen Victoria, intituled "An Act to regulate the laying out and altering of Highways," and of the Acts in amendment thereof, whereby we are commanded to estimate the damage or advantage that will accrue to the parties through whose land a new line of ROAD is intended to pass along the County line dividing Townships Numbers 18 and 20.

Now we do hereby give Public Notice to all parties concerned, that we will commence the execution of said Commission, by attending on the said line of road at or near John Cousins', on MONDAY the 10th day of SEPTEMBER next, at the hour of 10 o'clock, forenoon of the same day, and will proceed in accordance with the terms of the Act 14th Victoria, cap. 1, and of the Acts in amendment thereof.

Holloway's Pills.—The Law of Life—The present is a fitting opportunity for drawing attention to the few points on which health hinges. All importunities must be expelled from the system immediately their presence is discovered. Wear and tear must be compensated by suitable food, which, when thoroughly digested, must enrich the blood with its nutritive elements. The alterative virtues exerted by Holloway's purifying Pills exactly meet these requirements, and they further exercise distinctive and peculiar powers in strengthening the nerves and regulating the circulation whereby secretion and excretion are accurately adjusted.

"TIME IS, TIME WAS, TIME SHALL BE NO MORE."

The glorious oracle of the Brazen Head!—so often quoted, and so little attended to.—"Taking things in time" is so proverbially mentioned as to be almost a trite remark. But what is "in time?" A man meets a friend casually, who seems desperately ill, and naturally asks him, "What on earth is the matter with you—what are you suffering from?" "Oh, nothing particular," replies the invalid, "I have lost my appetite, and do not sleep well at night, and of course I look poorly." And so they part; the friendly inquirer shaking his head, and uttering not very cheerful prophecies as to his friend's condition. The fact of the case is simply this; videlicet; that the invalid so addressed is in want of proper treatment; his liver is out of order, and will not perform its proper functions; consequently his stomach speedily becomes disordered, and alternate cold shiverings and feverishness supply the place of the natural secretions; with which, during a tranquil sleep, a healthy skin recruits a healthy body.

Has this sufferer (and there are many such,) ever heard of Holloway's Pills and Ointment?—or, having heard of those remedies, does he despise the testimony of thousands, ay, we may say millions, as to those remedies' efficiency? What we would say to men in the position we have supposed is this—delay no longer—Time is; but Time, with you, may soon be no more. Delay then, say we, no longer; delay may be death. A little attention, a little ordinary precaution, and observance of the rules which accompany HOLLOWAY'S REMEDIES, will restore any sufferer, in any climate, to health, strength, and happiness. Can we say more? If more is needed, let the reader refer to the worldwide-spread testimonials in favour of the PILLS AND OINTMENT which have made PROFESSOR HOLLOWAY'S name known as a benefactor to the human race, from the mouths of the Ganges in the east, to the sources of the Mississippi in the west; from the Gulf of St. Lawrence to Sydney Harbour. And to the doubter we say, as is said with regard to the monument of the grand old architect, "If testimony is what you require—circumspice!" Look around you. But to the actual sufferer we repeat what we have begun with—Time is—and Time may be no more.—*The Irvinite.*
