Why is all the house so dismal? Papa's got the gripe. Why this look of woe abysmal? Papa's got the gripe. Why this coughing and this sneezing? Why this blowing and this wheezing? Why that tone and manner freezing? Papa's got the gripe.

CAPT. GEORGE IRVING.

On the Use of Campbell's Wine of

Beech-Tree Cresote, in Diseases of the Lungs and Throat.

IN the South of France, where all persons threatened by Phthisis go to be treated; where Doctors Bouchard and Giraux, the two specialists so highly recommended by public opinion, have experimented with all the proposed medicines against Pulmonary Tuberculosis, it is the one prepared to-day, and that which, for ten years past they have finally adopted, after many comparative experiences, based upon the anti-septic method, having specially in view the destruction of the Bacilli.

After a few days' use of the remedy, the expectation diminishes, and very soon one is pleased to witness the gradual disappearance of the Bacilli, the breaking off of the fever and the rapid recovery of appetite and strength.

When instead of confirmed Phthisis, Catarrh or Chronic Bronchitis have to be dealt with, the different forms of which may sometimes give rise to an uncertain diagnosis, they have always been cured. Those excellent results need not astonish us, if we consider the lucky natural associations of complete antiseptic and Balsamic principles in the compound we now describe.

When our Wine shall have restored health, it will be well not to discontinue its use at once, and at all events to use it again about a fortnight before winter sets in, and at every change of season followed by a damp weather.

DIRECTIONS.—A small dessert spoonful three times a day, after each meal, gradually increased to a large dessert spoonful.

N. B.—The use of Cod Liver Oil, as a powerful resistant to the remedial properties of the Wine, is recommended. Campbell's "Skrei" Oil being the best, is the kind which should be taken.

EDWARD HARRIS, GEORGE BLAKE.

Referring to the above, I desire to thank the public for the liberal patronage which I received while in business, and solicit for the new firm a continuance of the same.

WHAT?

McLeod & McKenzie, Star Merchant Tailors.

MODESTY forbids us (to use a slang phrase) to blow our own horn, and as it is contrary to our opinion (according to the old proverb) when in Rome to do as Rome does, we shall endeavor, as heretofore, to present facts as to beyond the reach of dispute. True, people have gained for themselves a name (not an enviable one) which, to all appearances, served the purpose they had in view. But wisdom dictates, before posing as leaders in the great race for supremacy, that we should look well to the foundation upon which those assertions are based. To throw the mantle of charity over such people is our motto; and instead of revealing to the public gaze, through your columns, the errors into which they have fallen, we will endeavor to lead them gently into the light. That you will acquiesce in what we say, is a foregone conclusion, namely, as Fathers of the trade in this Province we treat the several branches of the trade in this city with the same consideration as a loving parent would his innocent offspring; and to this end we invite such traders to aim high and co-operate in elevating this, the first profession, to the high status to which it is entitled. In the meantime, call and see our handsome goods, in NAPES, MELTONS, SCOTCH TWEEDS, WORSTEDS, etc., made up in the latest styles and cheap.

A LAST!

A Wonderful Vegetable Discovery That Removes the Terrible Results of Overwork.

A True Invigorator.

Weakness and prostration of the nervous system surely follow that overwork and worry which brings sorrow and suffering to so many Canadian homes. The terrible results of nervous weakness, are seen on every hand. Pains in the back, poor and unrefreshing sleep, lack of appetite dyspepsia, and lost energy and strength, are the first symptoms of more serious and dangerous trouble. This is the way that Paralysis, Paresis and Insanity begin. Do not delay a moment longer, for some time it will be too late to regain your lost health and vitality. Use Paine's Celery Compound now, and the dull eyes will regain their brilliancy, the cheeks will grow rosy, the brain become clear, the nerves strong and steady, your sleep restful and refreshing, appetite good, and health and happiness will take the place of misery and suffering.

A. Sabiston, the well known lithographer of Montreal, writes: "In the summer of 1888 I had to work very hard, and was troubled considerably with insomnia (sleeplessness). I resolved to try your Paine's Celery Compound, and after taking the contents of two bottles, felt like a new man. A good night's rest gave me strength for the duties of the day, and instead of starting out to business in the morning feeling as if I had completed a day's work instead of being about to commence one I started out in good spirits, feeling fresh and strong. My wife and various friends, to whom I recommended the medicine, have been benefited greatly, and in fact Paine's Celery Compound is a household word in our family."
