

# Total of 4,100 Anti-Polio Shots Given City Residents

Including yesterday's clinic, a total of 4,100 anti-polio shots have been given to local residents in the current campaign, according to a report released last night by Mrs. Rose Clarke, executive secretary of the project.

Last week four clinics were held. Tuesday at the New Way second shots were administered to 225 persons; Wednesday at the Hamilton Building 150; Thursday at the St. James Hotel 150; and Friday at the Federal Building 150.

Dr. E. Giddings was in charge of the clinics, the hours of nine and nine and a half.

At Colder Field, England, the distinction being first in the world. It started operating in 1952.

After years ago, on Dec. 2, 1942, self-sustaining nuclear fission was first achieved at this reactor at Chicago, designed and built under supervision of the late physicist, Enrico Fermi.

# Fire Up Atomic Furnace in First U. S. Power Station

SHIPPINGPORT, Pa. (AP)—Sixty-two tons of natural uranium (U-235) were fired up in the world's first atomic power station in the United States today.

The station, which is the world's first, is a 100,000-kilowatt plant. It is a 100,000-kilowatt plant. It is a 100,000-kilowatt plant.

Additional traffic statistics for the month of November are contained in this report as well as those for the month of October.

The traffic for the month of November released by the Northern Ontario Ferries Limited.
