'Think Big' Suggested As Centenary Slogan

OTTAWA (CP) — The national centenary administration has held its first board meeting here and endorsed a project by 75 Toronto Bible club members to raise $1,000,000 for foreign food relief in 1967.

The administration, headed by John Fisher, met to pass its corporate bylaws and resolutions, formally establishing itself as a crown agency to co - ordinate federal, provincial and municipal plans for celebrating the centenary of Canada under the British North America Act of 1867.

"Think big" might well be the slogan for the administration, Mr. Fisher told a press conference. The administration is planning a competition to choose a centenary symbol.

Mr. Fisher and members of the executive posed with a five-foot long gavel presented to him some years ago when he was known as "Mr. Canada" on the tourist promotion and lecture circuit in Canada and the United States.

"The big gavel is symbolic because this centenary should certainly be a big thing, the biggest thing in Canada's history. We have to think big. We either have to have it big, or it's not worth having."

George C. Metcalf of Toronto presented the administration with the first fully planned project proposed by a privately organized group to mark the centennial. It is the plan to raise $1,000,000 for food relief to hungry peoples, sponsored by the Hustler Young Men's Bible Class of Toronto, of which Mr. Metcalf is a member. The fund-raising campaign is to start May 4 for "a gift to Canada on its birthday to alleviate hunger abroad."

Though the administration will have about $20,000,000 to give out in support of lasting local projects to be completed in the centennial year—based on $1 per head of provincial population—and other sums for major projects of national interest, the administration is primarily concerned with having regional and local planning groups organize themselves.

A cardinal principle will be biculturalism in every aspect of centenary planning.

So far, Nova Scotia, Prince Edward Island, Ontario, Manitoba, Saskatchewan, Alberta and British Columbia have established provincial planning agencies.

Vocational Aid Extension Called Maximum Under Law

OTTAWA (CP)—Labor Minister Starr said here the government has gone as far as the law will allow in making a six-month extension of the period in which it will pay 75 per cent of the capital costs of vocational and technical training schools.

Mr. Starr commented in a statement on remarks Friday by Quebec Youth Minister Paul Gerin-Lajoie who said the extension "does not correspond in any way with demands made by the 10 provincial education ministers" at a Jan. 21 conference in Ottawa.

The grants, which have cost 700,000 since March, 1941, were to be scaled down to 50 per cent of capital costs staring next April 1. The provincial ministers asked for a four-year extension of the 75 - per - cent grants. Mr. Starr subsequently announced an extension to next Oct. 1.

FAVORS SOME

Mr. Gerin-Lajoie said the decision favored the provinces which already had begun a building program. As for Quebec, it would not be able to lay long-term plans to build more technical schools until it received a special report on the matter on Feb. 26.

"Far from being a solution to the problem, Mr. Starr's decision appears as a provocation," Mr. Gerin-Lajoie said.

The labor minister did not elaborate in his statement Monday on the legal aspect of the extension.

Mr. Starr said Quebec had not taken as much advantage of the federal grants as some other provinces, due partly to the fact that it waited six months to sign the agreement with Ottawa. This was entirely the province's responsibility.

Socreds Plan Montreal Rally

OTTAWA (CP)—Social Credit will open its Eastern Canada campaign for the April 8 election with a rally at Montreal next Sunday where party leader Robert Thompson and Deputy Leader Real Caouette will both be speakers.

Party headquarters in Ottawa has issued advance tentative itineraries for the two men. They show Mr. Thompson travelling from coast to coast and Mr. Caouette concentrating in his home province of Quebec, with no other appearances.

Mr. Thompson has an active time scheduled this week, in advance of the Montreal rally. Wednesday he spends in Toronto, at party offices. He speaks twice in London Thursday.

The week of March 3 he will be in the Maritimes, for which details haven't been announced.

On April 1, he opens the campaign's final week with a speech in Sherbrooke Que.

Flu Epidemic Is Spreading In East U.S.

ATLANTA, Ga. (AP) —Widespread epidemics of influenza-like disease were reported here in several areas of the eastern United States. Many deaths were recorded.

Outbreaks of Asian flu or influenza-like disease were reported in 15 states and the District of Columbia by the communicable disease centre of the U.S. Public Health Service.

Pneumonia - influenza deaths continued at epidemic proportions for the fifth week, with a sharp rise in the week ending Feb. 9, the centre said.

In New York City, the Asian flu outbreak has reached epidemic proportions but is not yet as serious as during the initial outbreak in 1957, Dr. George James, city health commissioner said.

A westerly spread of the disease was continuing with mild outbreaks reported in Indiana, Michigan, Kansas and Missouri.

The Pacific coast, the southwest and the Rocky Mountain area as well as the major portions of the U.S. Midwest and South have not been involved, the disease centre said.

4♥	4♠	Pass	Pass
5♥	Pass	Pass	5♠
Pass	Pass	Dble	

Opening lead — six of hearts.

There is quite a difference between playing a hand looking at all 52 cards, and playing a hand seeing only Dummy's 13 cards and your own. Naturally, you would do better in the long run if you saw the defenders' cards, but this does not mean that you can't play some hands just as well as if all cards were exposed.

For example, look at this hand played by Meyer Schleifer, Los Angeles star. He became declarer with the South hand at five spades doubled.

West led the six of hearts, which East won with the eight. East couldn't be sure whether West or dummy had the missing deuce of hearts, so he led the ace of clubs to see whether West would signal for a club continuation. West played the ten on the ace, thus announcing he had the king, and, in effect, that he also had the missing heart.

So East played the queen of clubs which declarer ruffed. Schleifer than led a spade and went up with the ace, refusing the finesse. The ace caught the king and as a result Schleifer made five spades doubled because of his unusual play.

Of course, anyone seeing the singleton king in East's hand would have done exactly the same, but the fact is that Schleifer speared the king without having this advantage. He saw only 26 cards and yet played as though he had seen all 52.

Naturally, there was a good reason for this play. The inference he drew that West could not have the king of spades came from the bidding. West had passed three diamonds and also had passed four spades.

West therefore could not have both the king of clubs and king of spades and pass each time in the face of his partner's two bid. It followed that East had to have the king of spades and the only hope that remained was that the king was unguarded.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
