THE penitent form at the Stipendiary Magistrate's Court was well filled this forenoon. The first case called was that of a notorious female, who was arrested on complaint of her son for being drunk and disorderly; she was given three months' hard labor. Three young men for being drunk and out after hours, were next disposed of for $30 or thirty days. A woman who assaulted a little girl was fined $1, and the case of a man charged with trucking without license was postponed.

"WORK, work, work!" How many women there are working to-day in various branches of industry—to say nothing of the thousands of patient housewives whose lives are an unceasing round of toil—who are martyrs to those complaints to which the weaker sex is liable. Their tasks are rendered doubly hard and irksome and their lives shortened, yet hard necessity compels them to keep on. To such Dr. Pierce's Favorite Prescription offers a sure means of relief. For all female weaknesses it is a certain cure. trs a w

A BUSY FAMILY.—Capt. Lorway, of the Canadian fishery protection service, says that "the right enforcement of the customs laws is a good thing for some customs officers. There is the case of the collector at Malpeque, which is quite a resort for the American fleet. He probably never entered a dozen fishing vessels in his life until this season, when he was overrun with entries. He charges 25 cents, or 50 cents for each entry—50 cents for the first entry and 25 cents for each subsequent one. Sometimes a vessel will put into Malpeque twenty times during the season. The collector resides on a little farm about four miles from what is known as the harbor. It was a comical sight one rainy day to see sixty Yankee skippers tramping four miles through the mud to the Customs house to enter. It was a regular 4th of July picnic. They enjoyed it immensely. The collector has three pretty daughters, who, with himself, his aged wife and two sons, were employed all day making out entry papers for those fishing vessels, as though they were full-rigged ships."

WM. BROWN, GOLD AND SILVER PLATER.—To point out for the commendation of the public, energy, integrity, and capacity in any branch of the diverse interests which engage the attention of the community is a province of our work of which we are not unfrequently reminded, and a privilege that we feel at liberty to exercise with reference to the enterprise of Wm. Brown, corner of Prince and Grafton Streets, whose business is carried on in a manner highly indicative of careful management and experienced proficiency. Mr. Brown is a well known gold and silver plater, having built up a reputation in this line by close personal attention to details and thorough workmanship, that he may well feel proud of, and which plainly accounts for the good business which he now controls. He gives particular attention to plating spoons, forks, tea sets, watches, jewelry, etc., and also to the repairing of sewing machines and guns. A practical proficient in his business, Mr. Brown has long enjoyed the confidence of the community, of which he may properly be considered in every way deserving, and we risk nothing in saying whoever may form commercial relations with him will realize and appreciate the skill, integrity and promptness which characterizes all his transactions.
