

A Tribute In Memory Of Rev. Patrick Doyle, D.D.

Sept. 12th marks the 50th anniversary of the death of Rev. Patrick Doyle, D.D., then pastor of Vernon River. His name is a legend among the older people of that parish, as well as among people of other parts of the Province in which he served or was known — and he was known almost everywhere. The following tribute to his memory is kindly offered by Mrs. Margaret Furness MacLeod of Montreal, formerly of Vernon, P.E.I. Mrs. MacLeod is nationally known through her C.B.C. broadcasts, in which she has made many scenes and taken part of her dear loved Island home hallowed throughout Canada.

FATHER DOYLE

I remember Father Doyle in our country side, not so much for what he said and did as for the way in which he said it. He was Doyle, with a real fund of humour and wit that he used effectively. He believed religion should be a joyous experience so he guided his flock into the Kingdom through precept and example rather than coercion and threat. He loved beauty and had a keen eye for it in time he became a horticulturist and a gardener, and to beautify anything was an act of worship.

Fences were repaired and painted and rows of trees set out for ornament and shade. Along a well at the side and back of the house he had arranged hollyhocks and delphinium in a pattern, and the effect was a symphony of colour. In the fields behind the wall a herd of sleek cattle grazed, another proof of the versatility of the Rev. Father and his knowledge of farming.

When winter came we wondered what new scheme he had in mind for the beautifying of the Church and Parochial House, or what plans he might have for the spring. Then one day the secret was out. He had sent away for peacock eggs which were given to brooding hens to hatch. They were half grown when I first saw them — strange creatures with proud heads and ungainly legs following the hens who were mothering them. Later I saw the full grown peacocks spreading their glorious fans in the sunlight and my joy knew no bounds. In time many country people were able to start their own little flocks from eggs given them by the Rev. Father and peacocks strutted over many a lawn that had not known them before.

"Father Doyle is gone now but the memory of his love of beauty and his buoyant spirit remains in the hearts of his parishioners, and indeed the whole community learned first hand that common tasks may be the pathway to God."

—Margaret Furness MacLeod.

Freight Shipments Show A Decrease

Canadian National Railways imports and exports were down considerably during the month of August this year compared to the same period in 1956. This is contained in the monthly traffic report of the C.N.R. Island Division.

Ferried from Cape Tormentine to Borden were 1,366 carloads which was 323 less than that ferried in August of last year. Outstanding decreased are noted in flour and feed which shows 125 carloads compared to 160. In gas and oil too it is seen that 106 cars were imported compared to 129 cars in August 1956.

Other imports with last year's figures in brackets are: carnival shows (123), cans (123), building material (19), sandstone and gravel, 231 (401) coal (65 (79)), autos (23 (37)).

The exports by way of Borden to Tormentine were 34 less than in the same month last year, 381 compared to 415.

The decreases in exports are noted as follows: livestock (94) roughwood (85) carnival shows (41) On the other hand increases are seen in the export of less carloads 63 (56), meats 25 (17), railways material 17 (15), scrap iron 25 (13).

Of the imports 1,102 were destined to points between Charlottetown, Borden and Summerside; 170 to points east and south of Charlottetown and 94 west of Summerside.

Of the exports 267 cars originated at points between Charlottetown, Borden and Summerside; 63 points east and south of Charlottetown and 42 points west of Summerside.

Cucumber Crop Light, Receiving Station Notes

The Island cucumber crop is light this year according to Mr. J.R. Gordon, manager of the Matthews - Wells receiving station on Mount Edward Road, who stated that the low local temperatures prevalent during the growing season was the chief factor responsible for this decrease in production.

Mr. Gordon explained that cucumbers developed best when night temperatures remained fairly high, pointing out that the growth of the vegetables had been accelerated somewhat by the favorable night temperatures prevailing last week which averaged he said 58 degrees.

A second reason for this year's decline in cucumber production given by the company's top local official was the destruction caused by the "corn maggot," an insect that can cause considerable damage in a patch of cucumbers.

UNEFECTED

Mr. Gordon indicated that the development of this pest in this area was completely unexpected by company officials, noting that all seed supplied to the local growers had been treated to resist its attack. "In some cases the patches were wiped out completely," he said, adding that a study of the pest was being undertaken by the local Science Service Laboratory under the direction of Mr. Cannon.

This is the eleventh season that the Guelph, Ontario, company has sponsored cucumber production in this province. Growers are scattered throughout all areas from O'Leary to Souris. In all about 500 acres of the spicy vegetable are in commercial production here.

Gathered each day by the producer the cucumbers are placed in jute sacks which are picked up by truckmen travelling regular routes.

CAREFULLY GRADED

On arrival at the plant located on a siding on the outskirts of the city, the cucumbers are dumped on an escalator that moves them over a grader which separates them into the various sizes ranging from Grade 1, which is about the size of a man's finger, to grade 7, which is a medium large vegetable. Each size spills from an individual trough located on the side of the grader into interlocking baskets placed there to receive them. When weighed, they are moved on hand trucks to the tank field where they are placed in the tanks according to their grade.

The cucumber manager asserted that the cucumbers could be left in these tanks without too much harm for three years, but that it was the policy of the company to clean out the old crop before the current year's production started to arrive.

The cucumbers are transported to the Guelph plant in company-owned tank cars. At the large Ontario processing plant they are made into the tasty pickles familiar on dinner tables throughout the nation.

Over 1,000 delegates have already been named to the P.E.I. Progressive Conservative Convention to be held at Charlottetown on Tuesday, September 17th. These delegates have been chosen by Conservative poll organizations throughout the Province. Each poll is entitled to five delegates and thus the final total of delegates is expected to reach 1140.

In addition there will be 684 alternates who, in the absence of regular delegates from their polls will be entitled to vote.

Melvin J. McQuaid of Souris, the Provincial President of the Progressive Conservative Party has been chosen Convention Chairman and will preside at both afternoon and evening sessions.

Charles R. McQuaid of Charlottetown heads the Local Arrangements Committee which is responsible for preparing the Convention hall and other general arrangements for the Convention.

Subject to the ratification of the Convention at its opening session, Leslie Hunter of Bridgeville will be Chairman of the Nominations Committee which is responsible for supervising the actual nomination and election of the leader. George Key, Jr. of Summerside will be Chairman of the Credentials Committee whose duty it is to ensure that delegates have all been properly issued with their Credentials.

Expect Over One Thousand Delegates At Convention

The Prince Edward Island Association for Retarded Children met at West Kent School on September 9 at 8 p.m. with the new president, Mr. Leo Berrigan presiding.

Mr. Berrigan expressed the hope that with the full co-operation of all the members that a great deal might be accomplished in the coming year with regard to improved facilities for the care and training of the mentally retarded.

The president urged all members to consider especially the need for an institution where the mentally retarded whose care is beyond the ability of the parents may be cared for. Mr. Berrigan thanked the members for the honour they bestowed on him in electing him to the office of president.

The meeting decided that another attempt must be made to stimulate interest in forming an association in Summerside. Mr. Pius Smith and Mrs. A.M. Johnston were appointed to arrange an organizational meeting in Summerside. The tentative date being September 27.

Mr. Pius Smith reported that Miss Elizabeth Boyle would be working with Miss Cumiskey in the Day Training Class this year. It was considered advisable to train another teacher, as it is hoped there will be other Day Training Classes set up in other Island Centres.

Mrs. Wendell Cadmore and Mrs. Charles Smith were appointed to serve on the hospital committee. Mrs. Gordon Humphrey and Mrs. Hennessey appointed to the telephone committee.

Mr. Rea-Airth who has recently returned from Dalhousie University where he attended a special course dealing with the teaching and training of children with special problems brought forward some suggestions which he felt would improve the meetings of the association. Mr. Rea-Airth urged greater group participation and stressed the need for discussion groups and some social activities during meetings.

The meeting was adjourned.

Tests carried on at Experimental Farm illustration stations over a period of years indicate definitely and emphatically that it pays to fertilize pastureland.

Tests were made at the stations at New London, Iona and Urbanville. Five different mixtures of fertilizer were used.

A chart supplied to the Guardian by Norman Black, supervisor of Illustration Stations in this province, indicates that the most successful in producing extra herbage, or pasture, was the application annually of 61 lbs. ammonium nitrate, 600 lbs. of superphosphate and 100 lbs. potash. It is known as a "heavy annual treatment." This application showed an average yield of 19.80 tons per acre or 9.17 tons more than the check plot or an increase of 87.9 percent.

And the best part of it was that this extra yield was produced at a cost of only \$1.58 per ton.

The "light annual treatment" consisted of 61 lbs. ammonium nitrate, 200 lbs. Superphosphate and 33 and one third lbs. of potash annually. This application produced an average gain of 5.27 tons per acre over the check plot, at a cost of \$1.43 per ton.

Three other applications were tried out in the tests. One application consisted of 61 lbs. ammonium nitrate, annually and 2,900,000 loan toward the purchase of four destroyers sold to Turkey last month, it was disclosed Tuesday. The loan will be repaid in 10 equal instalments to secure repayment of the principal by Jan. 1, 1973.

NEW AIR SERVICE

MONTREAL (CP)—A TransAir Limited DC-4 left Tuesday to inaugurate a new passenger and air cargo service from Montreal to Churchill, Man. The airline says the once-weekly service will facilitate rapid movement of men and supplies to the expanding industrial development of western Canada's northland.

Little Theatre Seeks Members Association For Retarded Children Has Its Meeting

With the annual Membership Campaign ready to get underway next week, the Little Theatre Guild Executive is busy getting a full and interesting program lined up for the season.

The first production scheduled is "The Middle Watch," a three act comedy under the direction of Mrs. John Harris, with an excellent cast. This will be played in the Community Centre in October, and will be for members only.

Three one act plays in November, and a Christmas production in December have been lined up, with capable directors, casts to be chosen for these when membership lists are in.

Another three act play, and the Children's play will round out the season.

Miss Marjorie McQuaid, Membership Chairman, will have teams working throughout the week, and it is hoped everyone interested in joining the Little Theatre, who has not been contacted, will get in touch with any member of the Executive. Memberships will also be on sale at Huges Drug and Pattersons Jewellers.

Members of this year's Executive are: President, Sterling Inman; Vice-President, John MacKinnon; Secretary, Miss Alice MacLeod; Treasurer, Mrs. B. H. Hughes; Business Manager, Miss Barbara Rogers; Production Manager, Harry Morris; Executive Officer, Alistair MacLeod; Miss Iphigene Arsenault.

Committee Chairmen—Costumes, Mrs. J.R. MacKinnon; Entertainment, Mrs. J.R. MacKinnon; Historian, James Coyle; J.P.; Play Reading and Casting, Miss Mary Moran, Eric McGreggor; Lights, Gordon Rodd; Radio and TV, Mrs. J. Harris; Membership, Miss Mary McQuaid; Reception, Lloyd Yeo; Sound, Miss Margaret Collins; Publicity, Mrs. Fred Rannah.

James Weatherble, Rose Bank, Southport P.O.

APPRECIATION

We take this opportunity of expressing our sincere gratitude and appreciation of the services rendered by Captain Raymond Griffin and his crew members, Ernest Griffin and Albert White of the fishing dragger "Harry G", in effecting our rescue at sea, twenty-five miles off East Point, on Friday last, after we had been drifting, helpless, in a dory for more than twenty-two hours. We feel that we owe our lives to these gallant men, and no words can adequately express our sense of indebtedness to them. We wish also to thank all others who participated in the search, and those who welcomed us so hospitably at Souris.

IN MEMORIAM

In loving memory of Mr. Sandy MacKenzie of Dover, who passed away on September 9th, 1947.

We who loved you, sadly miss you. As it dawns another year. Loved, remembered, longed for always. Thoughts of you are always dear. Time may heal the broken hearted. Time may make the wound less sore. But time can never stop the longing. For the loved one gone before.

Lovingly remembered by Mother, Father, Brother and Sisters.

WANTED

Captain and Mate to operate M. V. Fairview in Charlottetown Harbour.

Applicants please apply to the office of the undersigned stating qualifications and salary expected.

J. G. MacKAY,
Minister of Highways.

Arrested 75 In August

Normal conditions throughout the city with a complete lack of major crime during the month of August was reported by the Deputy Chief of Police Monday in the monthly report on the activities of the Police Department.

In the absence of Chief of Police C.W. MacArthur report was submitted to the regular monthly meeting of the City Council by Deputy Chief Sterns Webster.

In his report it was shown that out of the seventy-five arrests made during August, convictions were obtained in all cases. Drunk and inebriates topped the list with a total of fifty-seven. This was followed by nine drunk and disorderlies, four driving whilst impaired and three charged with assault.

In addition to the above five appeared in City Police Court by way of summons, and convictions were obtained in every case. Three were for failing to stop at a red traffic light, one for operating a taxi without a badge and the other for driving without an operators licence.

Among the other duties performed by the department, 44 traffic accidents were reported and investigated and 291 telephone complaints were also dealt with. Twenty-four prisoners were transported from the Police Court to jail and thirteen recovered and five stolen bicycles out of eleven were returned to their owners.

A total of \$80.00 was collected for traffic violations and a further \$172.00 account for the dog licences and bicycle permits sold by the department, 44 traffic accidents were reported and investigated and 291 telephone complaints were also dealt with. Twenty-four prisoners were transported from the Police Court to jail and thirteen recovered and five stolen bicycles out of eleven were returned to their owners.

Saint John	49	67
Halifax	47	71
Charlottetown	45	60
Sydney	50	66
Yarmouth	51	63
St. John's	48	59

HALIFAX (CP) — The weather office here says temperatures will be rather cool early this morning. But there is little likelihood of frost in the Maritimes. As a high pressure area presently centred over the Bay of Fundy gradually moves out of the Maritimes, a band of cloud and rain will move into New Brunswick and eastern Quebec.

Forecast

Northern Nova Scotia; Prince Edward Island: Clear, becoming cloudy this evening; little change in temperature. Light winds; Low-high at New Glasgow 42 and 65, Charlottetown 45 and 67, Eastern N.B. counties; lower St. John River valley: Clear, clouding over this afternoon; little change in temperature; light winds becoming southerly 15 in the afternoon. Low-high at Moncton 45 and 70, Fredericton 40 and 72, St. John 43 and 65.

Upper St. John River valley; Bay of Chaleur: Clear, clouding over this morning; intermittent rain in the afternoon and evening; little change in temperature; winds southerly 15. Low-high at Edmundston 45 and 72, Campbellton 40 and 70.

High tide today at Charlottetown at 12:09 p.m. At Rustico at 7:39 a.m. and 7:09 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 5:47 a.m. and sets at 6:32 p.m.

Funeral Held At Wheatley River

The funeral of Mrs. Thomas Crowsley was held on Saturday afternoon Sept. 7th with a short service at the home of her sister, Mrs. Colin Higgins, Wheatley River, followed by a service in St. Marks Church, Rustico. Rev. A.E. Piercy conducted the services.

Pallbearers were: Wallace Higgins, Leonard Long, Victor Buntala, Cyril Toombs, Gerald Stevenson, and Blair Rollings. The interment was in the church cemetery.

Shower Held At New Haven

On Friday evening Sept. 6th, a large crowd of friends, neighbours and relatives, gathered at the home of Mr. and Mrs. Richard MacPhee to tender a miscellaneous shower to Miss Jane Docherty prior to her approaching marriage. The room was gaily decorated with pink and white streamers and balloons. To the strains of the wedding march, Jane was escorted to the seat of honor by Miss Lois MacEachern. The heavily laden baskets of gifts were carried in by Miss Joan Willis and Miss Phyllis Ross. The accompanying verses were read by Mrs. Alex MacPhee. The gifts were numerous and a nice sum of cash were received also. Jane very graciously expressed her thanks to all for their lovely gifts.

The remainder of the evening was pleasantly spent in dancing to the music supplied by Mr. Mac MacLean accompanied by Mrs. Lloyd Frizzell on the guitar. A bountiful lunch was served by several of the ladies and girl friends of the bride. All wished their way home after wishing Jane many years of happiness.

MONTHLY MEETING
THURSDAY, SEPT. 12
At 8 P. M.

NOTICE

M. V. FAIRVIEW will be out of service Wednesday September 11, and until Wednesday, September 18. The tie up is necessary because her captain is undergoing surgery and there is no other qualified person to operate the ship.

J. G. MacKAY,
Minister of Highways.

CITY AND CENTRAL

WE TREAT the sick well. Giggy's Pharmacy, open 8.30 a.m. to 9 p.m.

DR ALLAN MacMillan will be absent from his office from September 12 to September 29th.

HOME Nursing—Evening classes now beginning. To enroll contact the Red Cross, at the Red Cross.

BALER twine \$6.55. Five balls lots \$6.35. Producer's Co-op, 38 Fitzroy St.

HARVEST EXHIBITION Prize lists are available at the Provincial Dept. of Agriculture, Box 2000 Charlottetown. Entries close Sept. 17.

FLORIST DESIGN—Mr. Max Shirley one of the foremost flower designers has arrived from Upper Canada and will conduct a school of designing at the Charlottetown Hotel Sept. 11 and 12, sponsored by the Maritime Unit of the Florists Telegraph Association.

PLACING — At the Queens County Plowing Match the winner of the 4-H Club event was Willard McPhail of York Point. Amongst those singing at the plowman's dinner was Eugene Donahue of Cornwall.

FIRE IN PARKDALE —The Parkdale fire department answered a call last evening at 6.45 at the home of Bud Constable on Maple Avenue. Fire had started in a pile of insulation on the second floor. The blaze was brought under control quickly and before any serious damage had been done. The inside of the roof was scorched and the area surrounding the spot where the fire originated was also scorched. There was also some water damage.

OPENING MEETING—The Central Christian Young People held their first meeting of the Fall Season Tuesday night. Chairmen for the evening was Adele Beck; Lee Kitchen led the sing-song, accompanied by Ruth Wood on the piano, which opened the meeting. In the devotional period, Annie Laurie MacLean read the Scripture, and Heather Matheson led in prayer. Following this, the election of officers took place. Results were: President, Wallace Platt; Vice-president, Maurice MacCabe; Secretary, Heather Matheson; treasurer Carolyn Owen. A buzz session consisting of 4 groups, discussed ideas for the winter. Dr. Mac Beck commented on these ideas and then committees were appointed for a corn-boll to take place at Dr. Beck's cottage in Brudenell next Tuesday. Ruth Wood dismissed the meeting with prayer.

ACORN — At the P.E.I. Hospital Sept. 10, 1957 to Mr. and Mrs. W. Acorn (nee Mary Gallant) a daughter Louise Francine. Weight 7 lbs., 4 ozs.

DEATHS
BRAWDERS — At the Charlottetown Hospital on Tuesday Sept. 10, 1957, William J. Brawdars, 51 Hawthorne Ave. in his 76th year. His remains will rest at the Charlottetown Funeral Home until funeral arrangements are completed.

BEVAN — At the Charlottetown Hospital on Tuesday Sept. 10, 1957, Joseph E. MacDonald, 61 Pownall Street. Her remains are resting at the Charlottetown Funeral Home from where the funeral will be held this afternoon at 3 o'clock. Interment will be in the Catholic Cemetery.

PERSONALS
Mr. George Hiscott of Toronto Ont., accompanied by his friend Joyce Crawford spent his holidays visiting his home and friends in Stanley Bridge recently.

MACDONALD — Suddenly at his home in Vernon on Tuesday Sept. 10, 1957, Joseph E. MacDonald, 61 Pownall Street. Her remains are resting at the Charlottetown Funeral Home from where the funeral will be held this afternoon at 3 o'clock. Interment will be in the Catholic Cemetery.
