- The Atlas Grain Company of Montreal wishes to advise their many friends and customers that their manager Mr. Wilson has returned from an extended European trip, and solicits their inquiries for grain and grain products.

WASHINGTON, Oct. 24 (AP)—The executive of the P. E. I. Federation of Agriculture yesterday named a committee to press on the Federal Government the desirability of maintaining the present freight assistance on feed grain shipments from western Canada. Members of the committee are Messrs. W. R. Shaw, E. D. Reid and J. L. Dewar.

The action taken at a meeting of the executive of the Federation was called to consider rumors that the freight rate assistance policy of the Federal Government was to be discontinued. President Louis O'Connor sided.

In addition to the Federation executive, others attending included Minister of Agriculture, Hon. C. C.

### Two-Year-Old Alive After 24 Hours In Open

OTTAWA, Oct. 24 (CP)—Searchers today found two-year-old Robert Thayer alive and unharmed 24 hours after he wandered away from his home in the village of Edwards, Ont., 17 miles southeast of here. The boy, son of Mr. and Mrs. Fred Thayer, was found crouched in tall grass a half-mile from his home.

Meanwhile, in another search in Ontario, an R.C.A.F. helicopter from Trenton was pressed into use to aid in finding the 10-year-old Ted Ross. He was being sought in bush country near the village of Madawaska, 100 miles southeast of North Bay. He went fishing Sunday and refused to leave when his companion returned home.

### "Magnificent" Carrying Toy Rocking Chair For Family In Summerside

PORTSMOUTH, England, Oct. 24 (CP)—A toy rocking chair that weighs about five pounds started on the long journey to Canada today in a 14,000-ton Canadian warship.

In the captain's cabin of the aircraft carrier Magnificent, which left Portsmouth for Halifax via Cherbourg, Lisbon, Gibraltar and Bermuda, stood the rickety-painted chair which Leonard Jones of Bristol built three years ago for his grandchildren in Prince Edward Island.

Jones couldn't afford to send the chair to Canada because of shipping costs. But when his wife Ethel heard that the Magnificent was in Portsmouth, she got in touch with the Canadians.

The result is a new entry in the ship's log:

"Jones' toy chair (rocking) for conveyance to Prince Edward Island, Gulf of St. Lawrence."

"And the navy promises that when the Magnificent reached

### Old Drug In New Form Powerful Pain Killer

CHICAGO, Oct. 24 (AP)—A new pain killer credited with bringing almost instantaneous relief—two tablets that dissolve beneath your tongue—was described today in the Illinois Dental Journal.

Dr. Murray M. Hoffman, researcher at former instructor at the University of Illinois School of Dentistry, said the tablets killed the pain of toothache, facial neuralgia, post-tooth extractions and other mouth disorders.

In some persons, he said, complete relief came within 45 seconds. The longest period required for 315 persons tested was 1-2-3 minutes.

The tablets contain aspirin mixed with saccharin. But they are not swallowed like plain aspirin. Dr. Hoffman said their rapid action comes from under the tongue absorption through the mucous membrane directly into the bloodstream.

This is the mechanism whereby cyanide poisoning causes instant death and nitroglycerine tablets halt some types of heart seizures.

### Soviet Agency Says Purpose To "Free" Inhabitants

BERLIN, Oct. 24 (AP)—The Soviet-licensed news agency ADN reported tonight that Chinese Communist forces have been ordered to invade Tibet to "free its 3,000,000 inhabitants from oppression."

TOKYO, Oct. 26 (Wednesday)—(AP)—The Peiping radio today said Chinese Communist troops were marching toward the Tibet border.

The broadcast, monitored in Tokyo, quoted "salutes" to the "People's Army advancing toward Tibet" issued jointly by the Southwest China Bureau of the Communist Party in China, the southwest military area, and the headquarters of the Second Field Army.

The Communist radio said a political mobilization directive had been issued to:

"People's army units which have been ordered to advance into Tibet to free 3,000,000 Tibetans from imperialist oppression and to consolidate national defenses of the western borders of China."

The radio said the directive told the Chinese Communist army that the building up of Tibet will be a long-term project. It said soldiers "must economize in manpower and materials during the advance and speedily build bridges to develop communications."

The Tibetan adventure was referred to as a "glorious task" which would complete the unification of Red China.

### Potato Blight Damage Lighter Than Expected

HALIFAX, Oct. 24 (CP)—An application was filed with the Public Utilities Board today seeking a one-cent per quart increase in the price of milk sold in the Halifax and Dartmouth area.

The application was on behalf of Halifax milk dealers and the executive of the United Milk Producers Association of Nova Scotia.

Price of milk in the area now is 19 cents a quart.

### Seek Milk Price Boost In Halifax

HALIFAX, Oct. 24 (CP)—An application was filed with the Public Utilities Board today seeking a one-cent per quart increase in the price of milk sold in the Halifax and Dartmouth area.

The application was on behalf of Halifax milk dealers and the executive of the United Milk Producers Association of Nova Scotia.

Price of milk in the area now is 19 cents a quart.

### Results Of Fur Auction At Montreal

MONTREAL, Oct. 24 (Special)—The Canadian Fur Auction Sales Co., Ltd., said of silver fox and mutation skins was completed here this afternoon. The total number offered was 8,000 pelts. They were sold as follows:

Platinum, 66 per cent sold, price unchanged; inferior platinum, 33 per cent sold, declined 5 per cent; pearl platinum, 50 per cent sold, advanced 10 per cent; white marked, 70 per cent sold, unchanged; one-half to three-quarter silvers, 66 per cent sold, advanced 5 per cent; selected full silvers, 68 per cent sold, advanced 5 per cent; regular full silvers, 55 per cent sold, advanced 5 per cent; inferior types, 60 per cent sold, advanced 5 per cent.

All comparisons were with the September sale.

(The above information was supplied by Mr. George A. Callbeck, manager fur marketing department, Canadian National Silver Fox Breeders Association, Summerside, P. E. I.)

### Two Members Of Survey Party Perish

TORONTO, Oct. 24 (CP)—Two members of an Ontario hydro-survey party died yesterday of exposure after their canoe apparently capsized in the English River, some 200 miles northwest of Port Arthur.

At Hydro Commission headquarters here, the victims were identified as John Malcolm Turnbull, 27, Toronto, and Alfred Thompson, 28, London, Ont.

### Opposition Leader & Colleague Renominated

Messrs. R. R. Bell, M.L.A., Leader of the Opposition and J. Phillip Matheson, M.L.A., Oyster Bed Bridge, were re-nominated to contest the Second District of Queen's in the next Provincial election at a rousing Progressive Conservative convention held in Clyde River Hall last night.

Mr. Bell was nominated as Councillor and Mr. Matheson as Assemblyman. Both were chosen unanimously. The convention was one of the largest and most enthusiastic held in the district for some years.

Mr. Bell's nomination was moved by Mr. G. D. MacLeod, Hampshire, and seconded by Mr. Elphalett Howatt of Brookfield. Mr. Andrew Gallant of Hunter River moved Mr. Matheson's nomination which was seconded by Mr. Lyman Tremere of Wiltshire.

All eighteen polls in the district were represented with practically a full complement of delegates.

Mr. Bell and Mr. Matheson both addressed the meeting, short addresses also being given by Messrs. James D. MacLeod, Hampshire, Daniel MacArthur, Cornwall, Elphalett Howatt, Brookfield, and Louis Macdonald, Cornwall.

The meeting was presided over by Mr. Andrew Dollan.

Mr. R. R. Bell

Mr. Phillip Matheson

The application was on behalf of Halifax milk dealers and the executive of the United Milk Producers Association of Nova Scotia.

Price of milk in the area now is 19 cents a quart.

### Survivors Of Freighter Describe Loss Of Ship

By RUPERT JACKSON (Canadian Press Correspondent)

UNITED STATES NAVAL STATION, Argentina, Nfld., Oct. 24 (CP)—Eight survivors of the doomed freighter North Voyager told of her last hours today and held out little hope that their 12 shipmates had escaped.

Another sailor, Emilien Brisson, Bay Comeau, said:

"We asked the other fellows to jump but they were scared and before they made up their minds we were out of range. About an hour later we saw another lifeboat near us with three men aboard but we lost sight of it."

Gardner added: "The last time we saw the North Voyager, she was listing 40 or 50 degrees ... then we looked again and the ship was gone."

"The Captain was on the bridge, and as far as we know he went down with his ship."

### French Opposition To Arming Germans Relaxed

By Robert Wilson

PARIS, Oct. 24 (AP)—France gave in today on the question of rearming Germany to the extent of suggesting a European army in which German officers and soldiers would be included.

The French Government is proposing an armed force for Western Europe such as the police force suggested for the United Nations—a force which, in the latter case, has been taking shape in Korea.

Premier Rene Pleven formally outlined this European army to the National Assembly, the lower house of Parliament, in essentials it was identical with what the former British Prime Minister, Winston Churchill, had been advocating in the Council of Europe at Strasbourg.

Pleven urged it, however, against a background of fear in France of a strong Germany.

Before Pleven spoke, Information Minister Gazier told a press

### Declares U. S. Would Approve Fool-Proof Plan

By Francis W. Carpenter

NEW YORK, Oct. 24 (AP)—In a sudden change of signals, President Truman today urged the United Nations to combine its talks about atomic control and conventional arms, in an effort to achieve "fool-proof" and "genuine" disarmament. Until disarmament comes, Truman said, the United States will build up its strength to help keep peace.

For four years Russia has sought a combination of atomic and arms negotiations. Truman was reported to have decided the time has come to see if the Soviet Union would make a sincere effort to work out a disarmament treaty.

### Apple Sale Test Case In Court

KENTVILLE, N. S., Oct. 24 (CP)—Ralph Stirling pleaded innocent today of offering for sale apples not stamped by a provincial inspector.

The court adjourned the hearing, considered a test case by Annapolis Valley growers, to consider whether the information laid was good and whether the regulations under which the charge was laid are ultra vires.

The charge was laid under a provision of the Provincial Agriculture and Marketing Act after Stirling had advertised apples for sale at several canteens.

### Truro Board Urges Feed Grain Rates Be Continued

TRURO, N. S., Oct. 24 (CP)—The Truro Board of Trade tonight passed a resolution asking the Federal Government to continue freight assistance in the form of a subsidy on coarse feed grains to Maritime points.

W. A. Flemming, a former member of the Provincial Legislature, said he had learned that the Federal Government was considering abolishing the subsidy.

The subsidy, aimed at enabling Maritime producers to compete with Quebec and Ontario on the United Kingdom market, now is 53 cents of the 68 cents freight per hundredweight of coarse grain.

### Will Press Strongly For Maintenance Of Grain Rate Subsidy

The executive of the P. E. I. Federation of Agriculture yesterday named a committee to press on the Federal Government the desirability of maintaining the present freight assistance on feed grain shipments from western Canada. Members of the committee are Messrs. W. R. Shaw, E. D. Reid and J. L. Dewar.

The action taken at a meeting of the executive of the Federation was called to consider rumors that the freight rate assistance policy of the Federal Government was to be discontinued. President Louis O'Connor sided.

In addition to the Federation executive, others attending included Minister of Agriculture, Hon. C. C.

### Report Korean Reds Muster Force For Organized Stand

SEOUL, Oct. 25 (Wednesday)—(CP)—Field reports said a big North Korean motorized column streamed southward Tuesday toward onrushing South Korean troops now only 20 miles from the new Communist refugee capital of Kangye near the Manchurian border.

For the first time in two days the Reds appeared to be mustering their remaining strength for an organized stand. A night-flying pilot reported "many, many" enemy vehicles on the move south.

Intelligence officers at Gen. MacArthur's headquarters in Tokyo estimated the North Koreans had divided control over 25,000 troops as they backed deep into the mountainous hinterland near the Yalu River in the northwest. The Yalu divides Korea on its east bank from Manchuria on the west.

Allied planes, supporting the drive of five South Korean divisions of fully 50,000 men toward the Manchurian border, reported for the first time they had drawn Chinese Communist anti-aircraft fire from across the Yalu.

The incident occurred Monday near the east-bank Yalu River town of Manpojin, 20 miles northwest of Kangye.

Two U. S. marine pilots reported they were the targets for at least 40 ack-ack bursts from Chinese Red guns as they flew five miles inland Korea in the vicinity of Kangye. Neither plane was damaged.

This was the first reported case of Chinese Communist guns firing

Baker, his deputy, Mr. Shaw, Senator G. H. Barbour and Senator J. P. McIntyre, and Mr. T. J. Klockham, M.P. for King's.

The meeting was in agreement that discontinuance of the freight assistance policy would be a serious blow to the economy of Prince Edward Island and it was felt that every effort should be made to have it retained. It was agreed that the strongest possible representation be made to Ottawa in this connection.

After some discussion the committee was formed to draw up a brief for presentation to Ottawa, outlining the result which discontinuance of the freight assistance would have here.

### Report Korean Reds Muster Force For Organized Stand
