

**Bill Collector Fined For Assault**

TORONTO, May 13—(CP)—Gordon Stacey, 29, a collector for a finance company was fined \$10 for five days after being convicted of common assault on Louis Leger, a former resident of Moncton, N. B. Leger said he met Stacey on the street and the latter invited him

into an office to "discuss some money I owed the company." There, Leger said, "We made a phone call, charges reversed, to my brother who guaranteed that the money would be paid. I then had to force my way out of the office." On the street Stacey attacked him, Leger said, and twisted his arm and tore his clothes. He asked for immediate payment of \$600. Magistrate C. A. Thoburn said if finance companies want to collect money "they can do so by due process of law."

**DAILY CRYPTOQUOTE—Here's how to work it:**  
A X Y D L B A A X R  
L O N G F E L L O W  
One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

**Debate Issue Of Naval Commander**

LONDON, May 13—(Reuters)—Admiral William Fichteler, United States Navy Chief of Staff, had failed to convince the Royal Navy that an American should handle Atlantic Pact forces in the Mediterranean, it was learned authoritatively. Fichteler spent all morning with the Royal Navy service chiefs and then lunched with J. L. P. Thomas, first sea lord, and defence minister Earl Alexander. The U. S. chief is understood to have urged that Admiral Robert Carney get the job. But British authorities held firm against his arguments. A scheduled afternoon meeting between the Admiral and Alexander, formerly Canada's governor-general, was cancelled because "there was nothing to add to this morning's discussions," a defence ministry spokesman said. In the House of Commons, Prime Minister Churchill turned aside a crossfire of opposition questions and refused to comment on the talks. Emanuel Shinwell asked Churchill if he is going to "hand over naval control of the Mediterranean to the U. S. Navy and place it as a complete monopoly for the U. S." Churchill: "I am not at present in a position to make any statement."

When another Labor member reminded Churchill that in April, 1951, he said he would prefer an American in the Mediterranean, the Prime Minister replied: "My views are a harmonious process which keeps them in relation to the current movement of events."

PARIS, May 9—(AP)—Six West European countries tonight initialled the draft of a treaty aimed at pooling their military resources in a unified army more than 1,000,000 strong. Gen. Dwight D. Eisenhower hailed the draft as a "real milestone in the development of Europe's defences."

**WHITE ROSE MOTOR OIL HEAVY DUTY**

**IT'S HOMOGENIZED! WHITE ROSE MOTOR OIL BRINGS YOU THESE 10 OUTSTANDING ADVANTAGES**

- IT'S HOMOGENIZED**—All ingredients so thoroughly dispersed that they remain permanently in solution. Thus they perform their various functions rapidly and efficiently.
- LOWERS OIL CONSUMPTION**—High Viscosity Index and tough heat-resistant properties keep oil consumption down.
- KEEPS MOTORS CLEAN**—Detergent and dispersant additives hold dirt in suspension so that it drains away at regular oil change intervals.
- PREVENTS ACID ACTION**—Neutralizes harmful acids, protecting motor against this major cause of excessive engine wear.
- FIGHTS WEAR**—Gruelling road-tests across Canada, under supervision of an independent testing laboratory, proved that there was no appreciable wear on motor parts.
- INCREASES GASOLINE MILEAGE**—Cleansing action of oil, plus high film strength, enables piston rings to operate freely, thus sealing the combustion chamber.
- PREVENTS ENGINE RUST**—Penetrates and clings to engine parts, counteracting engine deterioration.
- FLOWS FREELY**—Low cold-test properties give instant protection to all vital parts.
- RESISTS THINNING**—Even under extreme heat, this amazing new oil keeps a protective film between vital engine parts.
- SUPPRESSES FOAM**—Provides "bubble-free" lubrication—offsets oxidation—reduces oil consumption.
