Parade commander S/L A. H
Piroth—S.

FARM PRICES
(Continued from Page 5)
In this Province one-half to one
cent lower than the market price.
We would not approve of cream-
ery salesmen selling butter in any
part of Nova Scotia below the
price quoted from that province.

The Dairy Products Board has
not yet announced its out-of-
storage price on butter. This is a
reason why buyers are to a great
extent cautious about buying in
large quantities and maybe one of
the reasons why the demand is
decreasing in some areas. Until
the Board states its price there
will be a certain amount of un-
certainty as to the accuracy of our
present price and cautious buying
will prevail.

The production of cheese is re-
ported to be about 10% below that
of 1949 with the September and
October output almost similar to
that of last year. The price of
cheese in this province this past
season was highest on record. It
is now selling at 39c per pound
wholesale having advanced from
35c through the summer. This
price was obtained in the face of
a contract price of 25c plus a 3c
Government subsidy received for
cheese from Ontario and Quebec
The requisitioning order on
Ontario and Quebec cheese has
been rescinded effective Novem-
ber 1st, although the 1950 con-
tract for 85 million pounds has
not been filled. This may have
the effect of lowering the price
in the Maritimes.

Eggs and Poultry
An amazingly good market has
existed for eggs during the sea-
son. The cancellation of British
contracts brought a considerable
measure of gloom to poultry pro-
ducers, and particularly before a
floor price was set on eggs. Since
that time, however, the market
has been under almost constant
improvement and the returns

St. Paul's Newman
Club Meeting

The regular meeting of the
Summerside St. Paul's Newman
Club was held on Wednesday
evening, November 8th., with the
president Dickie Wedge in the
chair.

An interesting sketch of the life
of Cardinal Newman was given
by Shirley Noonan, in which she
described the works and achieve-
ments of the great scholar of Ox-
ford.

A beautiful holy year program
was then presented to the mem-
bers in which many of the cere-
monies of the holy year were de-
scribed and their religious signifi-
cance explained.

Rev. A. MacLeod spoke to the
members, urging them to acquire
a deeper knowledge of religion
and a correct appreciation of
spiritual values.

Plans were then formulated for
the monthly social evening for
the members of the club to be held
the following week. The meeting
closed with prayer.

The officers of the club are: Pres-
ident, Dickie Wedge; vice president
Shirley Noonan; secretary, Mary
Huestis; treasurer, Eunice Gaudet;
counsellors, Dorothy Sonler and
Dorothy Hammil. — S

from poultry flocks have been far
in advance of early anticipations
As a result of early market
conditions and prospects a good many
yearling hens were killed off and
the distribution of chicks from
hatcheries was under a general
curtailment. High feed prices also
had some effect on production
but at the same time a good job
was performed across Canada on
distribution and supplies. It is just
possible that egg prices may reach
still higher levels in view of de-
mand and existing supplies be-
fore the season is out. Production
of eggs is steady and receipts are
about equal to last year's volume
at this time. There has been no
change in paying prices and op-
erators of grading stations are
quoting producers for ungraded
eggs Grade A Large 58, A Medium
50, A Pullet and B 38, C 25
Wholesalers are quoting grading
stations for graded product f.o.b.
station Grade A Large 62, A Med-
ium 54, AP & B 42, C 29 and
quoting same pack to retailers
Grade A Large 65, A Medium 58,
A Pullet & B 46, C 33. Eggs are
retailing to consumers Grade A
Large 75, A Medium 67, A Pullet
49-51, B 53.

Poultry receipts are increasing
and quality is improving. Dealers
are quoting producers for live
chicken 6 lbs. and over .33, fowl
5 1/2 lbs. and over .25. Dressed
chicken 5 lbs. and up A 41, fowl
5 lbs. and up Grade A 33.

Feeds
Feed prices still continue strong
even in view of heavy supplies of
feed grains in Western Canada.
Carlot bulk quotations are as fol-
lows: Barley — \$3.23; 3CW Oats—
\$2.91; Wheat—\$2.91.

Island oats is selling at the
present time for around 65c-75c
and it would seem a good idea for
feeders requiring extra supplies to
contact sellers who have a sur-
plus. Bran is \$1.00 per ton; shorts
\$53.00; oilcake \$80.00; and soy-
beans \$83.00. These, you will re-
member, are all prices in bulk
by carlot. Retail would range
higher than this.

Livestock
The Montreal market on live-
stock continues steady with med-
ium steers at 23-26; medium heif-
ers 20-25; medium cows 17.50-
20.00; common bulls 15-20; hogs
29.50 for Grade A; sows 24-25
dressed.

Market prices are as follows:
At Moncton prices on hogs and
sows advanced in line with Mon-
treal with Grade A hogs at 29.00;
B1 28.60; sows at 22.00-23.00 hot
dressed weight delivered. Other
prices remain steady at Moncton:
with choice steers at 23.50 and
ranging down to 16.00-16.00 for
common. Choice heifers were 23.00
down to 16.00-17.00 for common.

Cows were from 16.00-18.00 ac-
cording to grade; and bulls from
13.00-17.00.

Lambs f.o.b. good and choice
22.50 with rail grade 54.00.
Charlottetown prices also ad-
vanced on hogs with f.o.b. prices
on Grade A at 28.00; B1 27.60;
and sows from 20.00-21.00. Choice
steers were 23.00; good 22.00;
medium 21.00. Heifers ranged
from 15.00 up to 22.50 according to
grade. Bulls 17.00 for good; com-
mon 13.00-15.00.

THEY WERE
ALWAYS
ON GUARD
ON GUARD
As we observe Armistice Day, 1950, it
behooves us as a people to be ON GUARD.
While we commemorate the sacrifices of
those who saved our country before let us
prepare to face new dangers that lie close
ahead. If their sacrifice is not to be in vain
we must be ready to protect what they pre-
served.
