

THE DAILY EXAMINER.

OCTOBER 14, 1890.

The Governor-General's Visit.

THE Governor-General will, on his arrival here on the 23rd or 24th inst., be received by the Mayor and Corporation, and presented with an address of welcome.

The "Patriot" to the Rescue.

THE Patriot is out in defence of the United States Congress. It attempts to show that the McKinley tariff is justified by the hostile acts of the Parliament of Canada.

That the abrogation of the old Reciprocity Treaty was an outrage on commerce, no one will deny. That a new reciprocity treaty, upon fair terms, would be mutually beneficial to the United States and Canada, we are prepared to admit.

The Patriot ridicules the idea of trying to find a market in Great Britain for Canadian eggs; and permits an anonymous scribbler to abuse the Hon. Donald Ferguson because Mr. Ferguson wrote the Finance Minister at Ottawa and urged the Government to assist in the development of the egg trade with England.

The October number of the Canadian Live Stock Journal is bright in appearance, pithy in matter, and practical in its teachings.

THE EVENING SESSION of the Charlottetown Business College and Writing Academy opens on Monday next. Subjects—Book-keeping, commercial arithmetic, penmanship, type-writing, shorthand and correspondence.

The Storm.

A MAN OVERBOARD—THE SCHOONER RESTIVE SUSTAINS DAMAGES.

THE schooner Restive, Captain Thomas Walsh, arrived at Summerside this morning, having experienced the full fury of the gale, sustained damages, and lost a man overboard.

Grand Ceremony at Alberton.

THE BISHOP OF IRINA DEDICATES SACRED HEART CHURCH, CONSECRATES ITS MARBLE ALTAR, ADMINISTERS CONFIRMATION, AND ERECTS A WAY OF THE CROSS—A LARGE GATHERING—ELOQUENT PREACHING—A BEAUTIFUL ADDRESS.

SUNDAY last will be long remembered by the Catholics of Alberton and surrounding parishes. Sacred Heart Church, which pastor and people have labored so assiduously to finish and equip, was then the scene of several beautiful and imposing ceremonies.

At 8.30 o'clock His Lordship Coadjutor-Bishop McDonald, attended by the neighboring and visiting clergy, the pastor and the altar boys, filed into the sanctuary, and then commenced the long and interesting ceremony of the dedication of the church and the consecration of its marble altar.

The ceremony is long and not often performed, as few churches can boast a marble altar, this being the only one of real marble in the Maritime Provinces.

The choir rendered excellent music. After the last gospel, the Rev. Father McElmeel preached the consecration sermon, a deep, scholarly and eloquent discourse on the beauty and significance of the functions just witnessed.

ADDRESS

Of the parishioners of Sacred Heart Church to His Lordship the Right Reverend James Charles McDonald, Bishop of Irina and Coadjutor to the Bishop of Charlottetown:

In the name of the congregation of Sacred Heart Church, we congratulate you upon your elevation to the plenitude of the priesthood and joyfully extend to you a hearty welcome on this your first official visit to Alberton.

In you we recognize a worthy successor of the humble fishers of Galilee whom our Divine Master called to the ministry of the salvation of souls and whom He made bishops "to rule the Church of God." We make no doubt but that the virtues and talents which pointed you out to the Pastor of Pastors, whose rule is over all the churches, will be so increased and sublimated as to make your episcopate bright in the annals of our Island Catholic history.

In common with Catholics in every part of the diocese, we regret that age and infirmity have made it imperative upon our venerable and dearly beloved Bishop, whose priestly career is so full of happy memories, to this section of the Island particularly, to seek the assistance of a younger and stronger arm to help in the discharge of the important duties and sacred functions of the Episcopal office.

We are happy to have you here to-day to formally dedicate our new beautiful church, to consecrate its costly altar, to administer the Sacrament of Confirmation and be yourself a witness of the great and surprising progress which has marked church work here during the short pastorate of our zealous and beloved pastor.

We venture to hope that the joy we experience to-day in having you in our midst may be often ours, and that this church may ever hold in your affections a place as dear as the devotion you have always manifested towards the Sacred Heart of Jesus to which it is dedicated.

In conclusion, we beg to tender your Lordship the sincere expression of our respect and veneration for your person and office, while we earnestly implore our Father who is in Heaven, to render your episcopate, rich in years, works and honors.

On behalf of the parishioners of Sacred Heart Church.

(THOMAS CAHILL, Signed: JAMES O'BRIEN, DANIEL McALDUFF, Trustees.

His Lordship made a feeling reply, thanking the congregation for their generous welcome and the kind sentiments of their address, congratulating pastor and people on the beauty and equipment of their church, and expressing the great joy he felt in beholding the many evidences of zeal and activity in church matters and promising to visit Alberton often to renew the pleasures of the day.

At two o'clock His Lordship addressed and afterwards confirmed a very large number of adults and children, the little girls looking particularly lovely as they stood in rank dressed in spotless white with veils and wreaths. The Revs. F. Von Blerk and P. A. McElmeel assisted the Bishop.

The beautiful way of the cross purchased in Montreal last fall for the church was erected in the evening, the Lord Bishop officiating. The choir sang the grand old hymn, Stabat Mater. Then followed solemn benediction. The days ceremonies terminated by the bishop, priests and people visiting the well regulated

cemetery of the parish, when the prayers prescribed for the Episcopal visit were said and the large concourse returned to their homes full of a days events which mark an epoch in Western Church history.

City Council Meeting.

THE regular monthly meeting of the City Council was held last evening. Mayor Haviland presiding. Every member of the Board was present. After the usual routine business,—

Mayor Haviland presented a letter from His Excellency the Governor General in reference to his proposed visit to the Island (which letter has already appeared in THE EXAMINER.)

On motion of Councillor Morris, seconded by Councillor Taylor, a committee of three, consisting of Councillors Morris, Byrne and Hughes was appointed to draft an address to His Excellency. This committee was also given all the powers of a reception committee.

Petitions from certain residents of West Kent Street and East Kent Street asking for electric lights, were read.

The memorial of Edward Bayfield, in reference to a plankway, was referred to the Finance Committee to act upon or not as they may see fit.

The memorial of Mrs. Dr. Johnson, President of the W. C. T. U., asked that that organization be re-imbursed for expenditures made in connection with the enforcing of the Scott Act in Charlottetown, as the Privy Council has ordered that all fines accruing under the operation of the Act be used for the enforcement thereof. A memorandum attached to the memorial showed that since February last Prosecutor Henderson had paid in as costs to the City Court the sum of \$127.51; and that during the same period the amount of fines collected was \$600. This memorandum also showed that from the 20th March last up to Sept. 20th, ult., the W. C. T. U. had paid D. W. Henderson the sum of \$240 for services as Prosecutor.

Councillor Eden moved, seconded by Councillor Morris, that the memorial lie on the table.

Councillor Crabbe moved in amendment, seconded by Councillor Hughes, that the costs incurred by the W. C. T. U. be refunded.

Mayor Haviland informed the Board that no money could be voted without one month's notice being given.

Councillor Crabbie then gave notice that at the next regular meeting he would move that the money asked for by the W. C. T. U. be granted.

On motion of Councillor Morris seconded by Councillor Eden, a committee of five consisting of Councillors Morris, McCarron, Taylor, Crabbe and Hughes was appointed to confer with the Superintendent of the Electric Light Company in reference to the locating of the nineteen additional lights.

Councillor Byrne, from the committee to whom the application of Mr. A. F. Tomlins, ex clerk to the Stipendiary Magistrate was referred, reported that they had looked into the matter, and moved that Mr. Tomlins receive \$10 a month until the 1st May next. This motion was lost on a decision of 4 to 6.

Councillor Byrne gave notice that at the next regular meeting he would move that the usual grant of \$50 each be voted to the City Hospitals.

Council adjourned until Wednesday evening at 7.30.

The Market Prospects.

(Canadian Live Stock and Farm Journal.)

The shortage in the crop in many countries of the world will bring advantage to this country where the crop is fairly good. In the United States the grain crop is below that of several years past. The corn crop is not more than seventy-five per cent, which means a serious deficiency of this cereal, both for purposes of export and feeding, as compared with former years.

Winter and spring wheat are both below the average, and the oat crop is the poorest harvested in that country for many years, and the same is true over large areas in the potato crop. The shortage is not confined to the United States only, but extends to many countries in Europe, including Great Britain. Owing to an excessive rainfall much damage resulted to the growing crops at a critical period.

For reasons that are not very clear there is also a decline in recent years in the growth of Indian wheat. The crop of 1890 there is less than that of previous years in acreage and also in yield. The diminished yield is owing to a shortage of the rainfall in winter, but the reasons of a somewhat diminished acreage are not so clear. It may be that the Indian Ryot is also becoming tired of furnishing supplies to the eaters of other countries at prices discouragingly low.

It may be said, if prices of cereals improve, should we not sell them direct as a consequence. We answer no, so far as coarse grains are concerned, unless the prices for them become abnormally high, as if prices of foods and fodders become firmer over a continent, the prices of the meat grown from these will become firmer also. That the prices of meat will advance somewhat is therefore probable, but the advance may not be very much. Lands lying south of the equator are prolific in their production of cattle and sheep, and in the dead form at least they find their way to the markets of Great Britain. This much is assured already, that the prices of stores are stiffer now than they were a year ago, and many of them are now in the hands of cattle exporters, notwithstanding that those gentlemen say that they lost heavily in the shipping trade last year.

Let our farmers then feel encouraged. Let them produce more and better of all classes of live stock. Let them grow better crops of grain and fodder, and feed these to the stock. Let them build silos, and produce more cheese and more and better butter. Let them give their sons a better education in preparing them for their future life work, and let them seek and obtain better market relations, and they cannot fail to become materially strong. All this they can do, and do it easily, if they will.

MR. H. L. HEARTZ,

Organist of the Methodist Brick Church.

WILL take a few pupils in the art of Singing. Those desirous of taking lessons may ascertain terms, etc., at the residence of Mrs. William Kennedy, Hillsborough Square. 1m eod—oct10
