# FAR EASTERN CRISIS NEARS SHOWDOWN

## NAZIS PLAYING FOR ANOTHER MUNICH?

### THREATEN WITH A NEW CRISIS OVER DANZIG

Goebbels Hints Critical Weeks And Months Lie Ahead For Europe.

BY MELVIN K. WHITELEATHER  
Special Foreign Staff  
BERLIN, June 23—(AP)—Nazi Germany is playing for another Munich, but if she fails to get Danzig and a wide passage across the Polish Corridor by negotiation she will not be content with the Sudetenland, one official said tonight. It then "will be too bad for the Poles."  
Repeated statements on German military strength and the Nazi challenge to British interests throughout the world, of which the press is filled, are in the opinion of some watchful observers all a part of a diplomatic manoeuvre which will end in capitulation by those who are trying to thwart German expansion.  
Propaganda Minister Goebbels appeared to refer to this today in a speech to Berlin's street car and bus employees when he said:  
"Critical weeks and months might come. Then we shall have to keep still—and negotiate."  
Troop Movements  
Reports from outside Germany of German troop movements toward the Polish border and the Siegfried line facing France and of continued speculation as to zero hours are regarded here as serving this build-up toward another crisis—for which the Nazis say they will in no way be responsible.  
They declared Britain last April prevented solution of German grievances with Poland when she backed up the Poles and started what the Nazis call "encirclement"

### King Reports On Impressions Gained By Tour

BY R. K. CARNEGIE  
Canadian Press Staff Writer  
LONDON, June 23—(CP Cable)—The King today told a distinguished audience at the Grosvenor Hotel in London that his impressions of the British Commonwealth of Nations were "to foster its sane and wholesome faith, to show, if I could, that its headship, which I have been called upon to assume, is not a mere formality, but a living force for promoting peace and good-will among mankind," he said, the objects he and his consort had before them.  
He hoped the tour might "be of some importance in its influence on the Empire's future destiny," and said that he felt the enthusiasm with which their visit was greeted by Canadians was not only personal but "also an expression of their thankfulness for those rights of free citizenship which are the heritage of every member of our great Commonwealth of Nations."  
Guests at the luncheon, given by the Lord Mayor of London, Sir Frank Bowler, included Prime Minister Chamberlain and members of his cabinet, Hon. Vincent Massey, Canadian High Commissioner Rt. Hon. R. B. Bennett, former Canadian Prime Minister, and Joseph Kennedy, United States ambassador.  
The King was as busily engaged on his first full day at home as would be any businessman who had been away for a seven weeks' journey.  
"The morning he held a Privy Council."

### Russo - Japanese Fighting Flares Anew At Frontier

(By The Associated Press)  
TOKYO, June 24—(Saturday)—A War Office spokesman said today that Japanese forces expected a new attack on the frontier between Manchoukuo and Soviet Russian-dominated Outer Mongolia where an air battle was reported last Thursday.  
Japanese airplanes were said to be reconnoitering the Manchoukuo side of the boundary with ground forces held in readiness for any emergency.  
The War Office representative said the Thursday air battle was the result of "an enemy attempt to force us in Manchoukuo eyes to restore it in the May 29 de-pressure it is in."  
The Japanese reported on May 30 that 50 Mongol planes had been shot down in nine days of fighting.  
Reports of severe fighting on the Manchoukuo-Outer Mongolia frontier were received by diplomatic quarters in Moscow last night. One version was that troop concentrations on both sides of the border have been increasing since the recent heavy clashes.  
(Whether large scale action was imminent or only another flare-up in the sporadic border conflict still remained to be seen. Soviet reports in Moscow did not confirm the reports of the fighting.)

### Montreal City To Take Action Against Banks

MONTREAL, June 23—(CP)—Montreal's executive committee adopted a resolution today instructing the city council to take action for \$2,000,000 against the Bank of Montreal, La Banque Canadienne Nationale and the Royal Bank of Canada for damages the three banks allegedly caused the city's credit.  
Announcement of the proposed suit was made tonight by Mayor Camille Houde who made public the text of the executive committee's resolution. The committee was unanimous in its decision with the exception of Alderman John Kerry who abstained. The resolution was taken after the committee had conferred with Guillaume St. Pierre, the city's attorney. Mr. St. Pierre was asked for an opinion following receipt by the Mayor of a letter from the banks in which they said they would not advance further credit to the city unless an overdraft of \$40,000,000 was reduced substantially.

### Anglo-French Defences In The Far East Co-ordinated

SINGAPORE, June 23—Forty-four senior officers of the British and French navies, armies and air forces were reported to have concluded tonight that in case of war their combined strength in the Orient is adequate to keep any enemy fleet effectively divided until reinforcements arrive.  
They were also said to have decided at the close of two days of conferences that the British Crown Colony of Hong Kong could withstand a long siege if war suddenly broke out.  
It was further reported that the British Naval Commander-in-Chief in the Far East would assume supreme command of the combined Anglo-French forces in the event of war, and that the military experts were agreed Singapore would become common headquarters for operations.  
It was understood the United States Government was following closely the staff conversations at this British naval base in which British and French made plans for emergency coordination of their Far Eastern strength.  
Arranged before Anglo-Japanese relations became critical, the talks were said to have been largely dominated by tension prevailing at China's Japanese-dominated ports. Vice-Admiral Sir Percy Noble, Commander-in-Chief of the China Station of the Royal Navy, who presided was reported as ready to speed back to the China coast aboard his flagship, the cruiser Kent.  
Australia assumed its share in bolstering Britain's Pacific position for emergency operations, said by increasing its three-year defence program from \$63,000,000 to \$73,000,000, of which \$31,000,000 will be spent in the next fiscal year.

### Japan Warned To Cease "Insults" Against Britons

France And Turkey Sign Mutual Assistance Pact—Negotiations With Russia Continued.

(By The Canadian Press)  
The Anglo-Japanese Far Eastern crisis moved nearer a showdown Friday when Great Britain told Japan bluntly to cease "intolerable insults" to Britons in blockaded Tientsin or action would be forthcoming.  
This step in London paralleled a new protest to Japanese at Tientsin against undressing and searching British subjects at the electrically-charged Japanese barriers around the British Concession in the North China port.  
Hardly had the British Consul handed the Japanese the protest before a fresh incident occurred. A Briton who allegedly "talked back" to Japanese sentries was slapped.  
The United States Consul also made representations against inconveniences suffered by Americans from the blockade thrown up 10 days ago, but there was no formal protest.  
Demands Repeated  
The British Consul received another letter from the Japanese repeating demands which brought about the threatening Tientsin situation. These demands included surrender of four alleged Chinese terrorists, British cooperation in circulating Japanese currency and with Japan's "general policy" in China.  
At Swatow, another point of friction between Japanese and third powers, British and United States sailors patrolled mission properties against possible disorders.  
British naval officers advised merchantmen to continue calls at Swatow, despite a Japanese warning that ships and citizens of other nations entered or remained there at their own risk.  
Speeds Negotiations  
In London, Foreign Secretary Lord Halifax sought to speed negotiations on a proposed French-Soviet Russian mutual assistance pact in talks with the French and Soviet Ambassadors.  
King George reported formally on his trip to North America, modestly declaring he and his Queen had in some sort "succeeded" in their mission.  
France ceded the Republic of Hatay, a part of her League of Nations mandate in Syria, to Turkey, and signed a mutual assistance pact with the Ankara Government. The French Government affirmed it had no intention of relinquishing mandatory obligations in the remainder of Syria and Lebanon. Germany was angling for another Munich but that if she failed to get Danzig and part of the Polish Corridor as she got Czecho-Slovakia's Sudetenland, it would "be just too bad for the Poles."

### Duke's Party Is Marred By Tragedy

(By The Associated Press)  
PARIS, June 23—The Duke of Windsor's birthday party was halted by a tragedy tonight when the photographer tumbled 120 feet from the first platform of the Eiffel Tower.  
The photographer, believed to have been a movie cameraman, was perched on a railing of the tower's first floor taking pictures of the dinner attended by the Duke and Duchess in honor of the Duke's 45th birthday and the tower's golden anniversary.  
The body crashed into the gravel courtyard below while onlookers at the dinner screamed. A movie camera was strapped to one of his arms. Police physicians said he died immediately.
