Here are the reasons why Motor Trend Magazine chose the 1963 Rambler as the "Car of the Year"

The coveted Motor Trend magazine "Car of the Year" award was won this year by the entire line of 1963 Ramblers. The popular Classic 6—the powerful Ambassador V8 and the compact American 6. The award was given to Rambler "for outstanding design achievement and engineering leadership." The panel of automotive experts took 26 pages in the February issue of Motor Trend magazine to outline the reasons for their choice of Rambler. The following are excerpts from their remarks to show you why Rambler is "Car of the Year" for 1963.

1 Unique Construction "... this latest design represents a real advancement and the biggest single reason we chose Rambler Car of the Year. Not only does this new construction method save approximately 150 pounds over the older design, but it results in a unit so strong it'll take punishment

longer and naturally hold its resale value."

2 Handling and Driving "... pleasingly light and responsive under all cornering conditions... a good boulevard and highway ride. There isn't any pitch or choppiess noticeable even on rough roads."

3 Styling "Progress in design is the theme of Motor Trend's Car of the Year award. American Motors' Ramblers are this year's best examples of outstanding design achievement. New styling is based on lean, clean lines that are apparent from almost any angle."

4 Interior Room and Comfort "The lengthened wheelbase has given more room inside... and this means increased driver/passenger comfort. The interior offers plenty of leg room. Reclining bucket seats with headrests are options well worth the extra expenditure."

5 Economy "There won't be many cars of this size delivering more fuel economy than the basic-engined Classic."

6 Value and Features "Quality has always been one of American Motors' largest selling points and continues to be on the new models. In addition to the long-recognized owner appreciation features inherent in all Ramblers, the factory has doubled the new-car warranty to 24 months or 24,000 miles. In summing up, all we can add is that it looks like the new Rambler will be an even better buy than it has been in previous years."

That's what the experts say. They are echoing what Rambler owners have been proudly claiming for years. To prove to yourself Rambler's exceptional value see your Rambler dealer soon.
