BIG FIRE AT DAWSON CITY

Business Part of the Town Burned Out

LOSS ESTIMATED AT A MILLION OF DOLLARS.

Worst Fire Yet—Building Material is Very Scarce.

[SPECIAL TO THE EXAMINER.]

VICTORIA, May 22.—Reports have reached here of a fire at Dawson City on April 21st that wiped out the business portion of the place entailing a loss of a million of dollars.

The fire was the most disastrous that ever visited Dawson.

The principal places burned out were the Royal Cafe, Debnabue and Smith, McLellan & McFeely, Parsons' Produce Co, the Aurora and Badger saloons, the Madden House, Hotel Victoria, the McDonald block the Bank of British North America, and scores of smaller places.

The result of the fire is a famine in building material.

The Montreal management of the Bank of British North America here has received a message sent from Dawson saying that the bank's vaults and safes were opened after the fire and the contents were found intact.

FILIPINOS WILL FIGHT If They Cannot Secure Better Terms.

LONDON, May 22.—The Filipinos Junta at Hong Kong cables that the opinion prevails in Manila that peace negotiation have failed because Major General Otis demands unconditional surrender of all arms as a preliminary.

This was considered unnecessarily harsh and it was announced that the Filipinos would continue to fight until their rights were recognized and would appeal to the American people to aid them in their national and reasonable aspirations.

Trouble in Cuba

HAVANNA, May 18.—A telegram from Camiguin says that 50 armed brigands have attacked a plantation near Guayabal, killed six men, and sacked a residence.

DISEASE AND DISEASE GERMS

Quack cure-alls are being put on the market nearly every day which are credited with the power to kill disease germs. Even if these so-called remedies could do what is claimed for them, it would be a long, weakening, uncertain process. The only sure way to withstand disease and to kill disease germs is to make your body strong and your system healthful. Abbey's Effervescent Salt will do this. It is on account of its power to build up strong systems and make pure, rich blood that it can prevent and cure disease.

You need Abbey's Effervescent Salt now more than at any other season of the year. There are more disease germs in the air in the melting Spring-time than at any other season, and you must be strong and healthful to withstand their attack.
Abbey's Effervescent Salt is not for any special season or any special climate. It is a health-builder, the daily use of which will give you all-the-year-round health. Get a small-sized bottle and give it a trial—you'll find you'll feel better and work better. Get it today. All druggists sell at Large bottles, 60 cents; trial size 25 cents.

The Canada Lanecet's statement: "There is no doubt but that the daily use of Abbey's Effervescent Salt will be a great preventive and aid in warding off the attacks of disease."

OPPOSITION TO THE GERRYMANDER

The Ontario Members are up in Arms

THE DEBATE MAY OCCUPY TWO OR THREE WEEKS

The Winter Service Contract Goes to Furness Line.

[SPECIAL TO THE EXAMINER.]

OTTAWA, May 22.—The Senate will sit to-day.

The Ontario members are up in arms over the gerrymander and all hopes of an early prorogation are at an end. The debate on this bill will probably occupy two or three weeks.

The general impression is that if the bill is not amended in the House it will itself be gerrymandered in the Senate.

It is thought by some that the Government may reconsider and withdraw the bill for this session, but your correspondent as yet finds no substantial authority for this view.

The contract has not yet been signed with the Furness Line for the direct winter service, but the terms are arranged. The ships will be 5,000 tons and a subsidy of \$15,000 will be paid.

Letter From Andree.

LEITH, Scotland, May 20.—The Norwegian ship Viking has brought news of a letter written by Prof. Andree, which was found in a bottle early in April near Rifevang, on the north-east coast of Iceland by a farmer named Johann Magnasson. The letter was addressed to the Polar expedition at Gooteborg, and bore Andree's own stamp, with the request that it be placed in the nearest post-office. Magnasson, it is added gave the letter to a merchant, Sveinn Einason, at Thintilford, who mailed it, and it is expected to arrive at its destination in the course of a few days. The letter brought by the Viking was addressed to an Icelander now in London, describing the finding and forwarding of Andree's letter.

Prayers for Peace.

LONDON, May 20.—The Archbishop of Canterbury, the Most Rev. Frederick Temple, authorized the clergy to use the collect for the fifth Sunday after Trinity, and to make a pause after the words in the Litany. "May it please thee to give the nations unity, peace, and concord," at all services during the progress of the Peace Conference.

IT CAN'T BE DONE

No One Can Remain Well, no Chronic Disease Can Be Cured Unless the Stomach is First Made Strong and Vigorous.

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use.

How useless to treat disease with this that and other remedy and neglect the most important of all, the stomach.

The earliest symptoms of indigestion are sour risings, bad taste in the mouth, gas in stomach and bowels, palpitation, all-gone feeling, faintness, headaches, constipation; later comes loss of flesh, consumption, liver and heart troubles, kidney diseases, nervous prostration, all of which are the indirect result of poor nutrition.

Any persons suffering from indigestion should make it a practice to take after each meal one of Stuart's Dyspepsia Tablets, allowing it to dissolve in the mouth and thus mingle with the saliva and enter the stomach in the most natural way. The-e Tablets are highly recommended by Dr. Jeunison because they are composed of the natural digestive acids and fruit essences which assist the stomach in digesting all wholesome food before it has time to ferment it.

Stuart's Dyspepsia Tablets are sold by druggists, full sized packages at 50 cents. They are also excellent for invalids and children. A book on stomach diseases and thousands of testimonials of genuine cure sent free by addressing F. A. Stuart Co., Marshall, Mich.

CITY OF PARIS RUNS ASHORE

NO LIVES LOST AND SHIPS SAFE

Struck in a Heavy Fog—Passengers and Crew Taken Off.

[SPECIAL TO THE EXAMINER.]

FALMOUTH, May 22.—The American line steamer Paris, Captain Watkins, from Southampton and Cherbourg for New York, struck on an outlying ridge of the Manacles yesterday morning at a point half a mile from where the wrecked Mobergan lies.

Soon after 1 o'clock this morning at high tide, and in a dense fog she ran ashore. From the first there was no danger. The life-boats and tugs were soon literally surrounding the vessel to render assistance.

The majority of the passengers, who numbered 380, were brought to Falmouth, where they obtained lodging for the night.

Captain Watkins reported that his ship was lying comfortably in smooth water and that there was no occasion for any alarming reports.

Government House Burned.

VICTORIA, B. C., May 19.—Fire broke out yesterday morning in Government house, known as "Carey Castle," and the entire structure is a mass of ruins. The buildings are on an eminence commanding a magnificent view of the Straits of Fuca, and consequently exposed to the fresh sea breeze which was blowing. Water facilities were poor, and the firemen could do very little but stand by and endeavour to save the shrubbery and trees. A great deal of furniture and the effects of Lieut.-Gov. McInnes were saved, though he mourns the loss of a large number of valuable pictures, and Mrs. McInnes lost a quantity of jewelry. The building was an old historical palace, valued positively at \$20,000 and insured for \$12,000. The fine trees and shrubbery surrounding the building were saved by the firemen.
