

What's Happenin'

Group insurance

All students are reminded that their insurance is in effect through the summer months until 31 August. Those students who have claims should mail them direct to the University Health Insurance in Toronto. as payments do not go through the Student Union Office. Claim forms are

available at The Barn or at the Health Centre. Perhaps we should take this early opportunity to remind those students who are returning in the Fall, and who have insurance coverage already, that their applications for rebate should be made prior to 30 September.
