Ready to defend it—The Victoria Hockey Club of this city inform The Examiner that they now claim the hockey championship of the Island, and add that they are ready to defend their title against all comers. Gospel Meeting—Remember the Gospel Meeting in Philharmonic Hall, Sunday afternoon at 4 o'clock, conducted by the Railway Men. Strangers always welcome. Lesson: Philip, 2-5. "The Mind of Jesus."

Scott Act—Yesterday Scott Act summaries were served on Patrick Trainor (Richmond Street), Angus DesRoches and William Hawkins. Trainor's is for a first offence, DesRoches for a second, and Hawkins for a third. All are returnable on Thursday. St. James' Hall—Our readers are advised not to forget the illustrated lecture to be given in St. James' Hall on Tuesday evening next by Mr. A. A. Bartlett. His subject will be "Edinburgh by Linelight." There will be about fifty views shown. The lecture will certainly be well worth attending.

Another Collette Paper—The first number of the Collette Observer, published by the students of Prince of Wales College, has been received. The paper is well printed, and its reading matter is very interesting. Mr. Edwin Simpson, son of Samuel Simpson, Esq., of Belmont, is managing editor, and has an efficient staff of assistants. Mr. H. Martin looks after the financial end of the concern. The Observer has The Examiner's best wishes.

A Valuable Purchase—We are pleased to note that Mr. Donald Campbell, a prosperous farmer from DesRoches, has purchased the handsome and commodious residence of William McKee, Esq., on St. Peter's Road. We congratulate Mr. Campbell on securing so fine a property for the reasonable price of \$3,000. We understand that Mr. McKee intends building another residence on one of his lots on the same road.

Social at West River—An entertainment and basket social was held at West River last night, and it was a decided success in every respect. The programme included vocal solos by Miss Hettie Collins and Messrs. John S. Lewis, A. A. Bruce, L. G. Wear and Leslie Cook, and recitations by Miss Nellie Hojson and Mr. T. A. McLean. The baskets, which were sold by Mr. L. E. Provost, brought good prices. The total amount realized was about \$200. The performers and their friends from the city were most hospitably entertained at the new residence of Mr. T. A. Stewart. The social was in aid of the Presbyterian Church at West River.

Wedding Bells—The young man referred to in the following paragraph from the Ottawa Free Press of the 19th, is well and favorably known in Charlottetown, where he was for some years in the employ of the Electric Light and Telephone Companies. "The electricians of this city are to-day congratulating one of their number, Mr. W. B. Morrow, dynamo-engineer on a happy event which took place in Perth on Friday last. The occasion was his wedding of Miss Lillie Walker of that town, some five years ago. It was a favorable opportunity for his fellow workers down at the power-house to acknowledge the esteem in which he is held. This took the form of a presentation and Mr. Morrow was asked to accept for himself and wife a handsome bedroom suite."

Mr. and Mrs. Morrow have The Examiner's best wishes. Gave Himself Up—This morning, a cooper named John Jackson called at the police station and asked the officers to take him in charge as he was afraid of himself. It seems that during last night Jackson felt tempted to cut his throat, and took up a razor with that object in view but changed his mind before committing the deed. He is apparently insane, and has been remanded to jail pending an examination by the medical superintendent of the Hospital for the Insane. Jackson has been in the Hospital for the Insane before. A few years ago he came very nearly ending his existence by cutting his throat, the mark of the cut being plainly visible at the present time. Jackson's wife left him several years ago, and is thought to be in Boston. He sleeps in his cooper shop on one of the small streets lining off Malpique Road and gets his meals at a neighbor's.

THE FUTURE REVEALED.

For the sum of a half-penny any one may know it all. He may know what is going to happen in the immediate future. For that sum will purchase a copy of the little pamphlet, "Great Events at Hand from 1897 to 1908," by the Rev. M. Baxter, which reveals the future on a basis of Biblical interpretation.

Big with marvels of all sorts will be the next dozen years. As Mr. Baxter points out: "It is generally admitted by the ablest students of prophecy that we are living in the rapids of the stream of Time, and are fast approaching the downfall of the kingdoms of this world, and the consequent establishment of Christ's millennial Kingdom, when the heathen shall be given to Him for His inheritance, and the uttermost parts of the earth for His possession."

The arrival of this millennium Mr. Baxter fixes authoritatively at the year 1908. Mr. Baxter fixes upon Passover week in A. D. 1901 as the period when a plume prince will make a seven years' covenant with the Jews, and the latter will be guaranteed their civil rights and religious liberty to renew their sacrifices in Jerusalem. At the close of this seven years' covenant will occur the second coming of Christ.

Therefore, the year 1901 is, with Mr. Baxter, the crucial year, and he bases all his other predictions upon the making of the covenant in that year. But if it should happen that the covenant is entered into a year or two later, then the date of all the great events predicted by this man of figures must be correspondingly shifted a year or two earlier, or a year or two later.

Wait, therefore, until the covenant is made, and you will be certain of the exact dates. You may expect that in the year 1896 will commence a great series of wars. France will take the lead against Germany, and will wipe out the memory of the defeat of 1871. Germany will be completely defeated and driven altogether across the Rhine, so that all the left bank of the Rhine, including Belgium, Luxembourg and all the Prussian Rhine provinces will be annexed to France.

Meanwhile all the other great European nations will be embroiled, with the final result that the present twenty-three nations established on the ruins of Caesar's Roman Empire, will be reduced in number to ten kingdoms ruled by ten sovereigns.

France, after defeating Germany, will organize this Ten-kingdom alliance as a permanent bulwark of resistance to German predominance. Then will rise a new Napoleon, as an eleventh Little Sovereign among the Ten sovereigns.

That this princely Antichrist must be, Napoleon is proved by arguments of the most convincing sort. (1) His personal proper name must be etymologically in the Greek tongue Apollon—in the Greek acrost Apollon (Rev. ix. 11). And (2) "the number of his name" must be 666; in other words, the numerical value of the letters of his name in the date inscriptive form must altogether amount to 666. Rev. xiii. 18, and this is the case with the Greek word Napoleon, each letter of which has the following value:

50, 1, 80, 70, 30, 5, 70, 50, 300, 10. And (3) the Antichrist must be representative of the Napoleon dynasty, "chained of his deadly wound inflicted by the sword" of war at Waterloo and Sedan, so that "all the world shall sorrow" which they behold the Napoleon Empire "that was and is not, and yet is"—i. e., that was existent, non-existent and re-existent (Rev. xiii. 2-14; xvii. 8). He will, however, first be King of Syria for three or four years before reviving the Napoleon dynasty over France and Europe, and will be a Mahdi or messiah.

But let us not anticipate. When the Christian people of the earth behold the startling announcement of the Ten-kingdom Confederacy and still more when the Napoleonic star rises in the east and Napoleon III. is proclaimed Emperor of the world, they will know that the time is at hand.

Gen. Harrison has positively declined to let his name go before the State convention as a candidate for delegate at large to St. Louis, and has notified his friends that it is useless to urge the matter upon him.

A Voice From the Ocean. Mr. R. Swanson, merchant of St. Georges, Bermuda, writes, Nov. 7th, 1895: "PISSAN OIL was introduced here by Capt. Murphy, schooner 'Henry Southey' of Maine, U. S., last spring, and it has proved itself a grand medicine for headache, toothache, colds, sore throat, neuralgia, rheumatism and many other ills. The bottle that the captain gave me did so much good that I ordered some through my agent in Halifax, Mr. A. Holbreker. I think in regard to advertising it will be best to let it stand on its merits. It speaks for itself, and as numbers of our people have used it from one end of our island, St. Georges, to Dock-yards, and one tells the other about it, which does more good than newspaper advertising. I shall be pleased to handle it here wholesale, as you suggest, and I will do my best to push it along, for it is a grand article. Enclosed please find P. O. order to pay for one gross, which please ship by next S. S. Alpha."

It Takes All Sorts of people to keep our store going—rich people, poor people, people in between. One kind is as welcome as the other; if we favor any it is the poor. You will find rich things here; you will find cheap—really cheap—things here. The only things you will not find here are the false.

LETTERS TO THE EDITOR.

TEMPERANCE WHISKEY AGAIN. Sir—If I understand this morning's Guardian aright it is the soul and essence of honor to publish false insinuation and slander on the morning of election when it is too late to reply, but it becomes an insult when an unvarnished truth is sent home to the guilty.

All About Phosphorus. Phosphorus is one of the most potent life-giving principles, and it is found abundantly in the Norwegian Cod Liver. Combined with hypophosphites of lime and soda, it forms the most wonderful blood creator known in science. Miller's Emulsion of Cod Liver Oil produced from the Norwegian fish is the finest preparation of this oil in the world. Its flesh and blood producing qualities enables the sufferer to gain the mastery over consumption and commence a new life under higher physical conditions. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colic, Bronchitis, Scrofula and all Lung affections. In big bottles, 50c. and \$1, at all drug stores.

An unknown donor has given \$500 to Rev. E. Wilson for improvement of the interior of Zion Church, St. John.

Mr. C. Donnelly, wholesale liquor dealer, Halifax, was confined for years with itching Piles. He was persuaded by Jas. McCarvey, Alliston, lively man, to use Chase's Ointment, which he did, and which has had no return of them, and highly recommends this Ointment as a sovereign cure for Piles.

A day or two ago a 16-year old lad named Thompson, living at Sable River, N. S., had his left hand so badly smashed while drawing a charge from a fowling-piece that amputation at the wrist was necessary.

Priestly's black dress goods do not need praise. They have made their way. They are the standard all over the world. But Priestley's "Eudora" is new, and needs a word. It is not a Henrietta, though it has most of the qualities of the famous Henrietta of this firm. It does not fray, does not get rusty, wears long, repels the dust, and has a greater width and weight than the Henrietta. It is made of the finest materials, and the names Priestley, stamped on every five yards.

We congratulate the congregation of St. Paul's Church upon the promptitude and highly satisfactory progress made by Messrs. Lowe Brothers in the erection of their beautiful new church. The work is now well advanced towards completion, and its excellence goes to prove the truth of the Guardian's statement that it is not at all necessary to go abroad for architects and all builders.

The Halifax Carnival.—It is stated that subscriptions have been reported to the Halifax aquatic carnival committee amounting to \$6,000. The carnival will probably be held the first week in August. A purse of \$1,500 is offered for a four-oared race. \$1,000 for first and \$500 for second. Single scull is \$500 first prize, \$300 second. One thousand dollars will be spent in harbor illuminations, and one thousand in printing and advertising.

CHILDREN'S ENTERTAINMENT.—The one who attended the children's entertainment in St. James' Hall last evening speak very highly of the manner in which the little ones enacted their several parts. Instrumental music, recitations, dialogues, songs and choruses were all given in a manner that was in the highest degree creditable. Miss Bessie Brown, who trained the children, is deserving of the fullest praise. Mr. T. C. James made an excellent chairman.

The public accounts of the Province of Ontario have been brought down. They show a decrease in the expenditure, which was \$3,758,595.44, as against \$3,842,505.23 last year, and an increase in the receipts, which were \$3,552,200.19, as against \$3,454,162.69 last year.
