## Gerald M. Duclos Addresses Rotary

Manpower policies in their broadest sense are concerned with the efficient development and use of available human resources, Gerald M. Duclos, director general, Canada Manpower Services, told his listeners at the Rotary Club luncheon yesterday.

He termed as social waste the picture of a man willing to work but unable to find work and stated:

"Whether the manpower problem is expressed in terms of unemployment, under-employment, education, skills, mobility, productivity, labour market imperfections, or a slow rate of economic growth; the problem is essentially one, the unnecessary waste of human resources. To meet this challenge, active manpower policies are needed at all levels of government. These policies, together with complementary economic development policies are required to develop and use available human and natural resources."

"The building of modern nations depends upon the development of people and the organization of their activity. Capital, natural resources, foreign aid, international trade; all of these, of course, play an important role in economic growth, but none is more important than manpower. Mr. Duclos told his audience: "human resource development is the process of increasing the knowledge, the skills, and the capacity of all the people in a society. In economic terms it could be described as the accumulation of human capital and its effective deployment in the development of an economy."

"Human resources are developed in many ways, the first and most obvious is by formal education, beginning with primary or first level education;

## Maritime Delegates Attend CCB Meeting

The 18th annual conference for the Maritime Division of the Canada Council of The Blind was held in New Glasgow, N.S., over the weekend. Peter McGarry, official delegate and Edgar Doucette of Charlottetown, represented the local council of the CCB. There were 13 clubs from the Maritimes represented.

It was announced that the Canadian Council of the Blind and the Canadian National Institute for The Blind will be approached to further educate parents of blind children to have them attend the School For The Blind in Halifax.

It was noted that the CCB and the CNIB are endeavoring to have the federal government eliminate the means test which is attached to the blindness allowance.

G.J. Collin of Saint John, N.B., chairman of CCB, Maritime Division, stated that the general public believe that all blind persons receive the blindness allowance. "This blindness allowance is governed by a strict means test," said Mr. Collin.

Mr. Collin was re-elected chairman of the Maritime Division of the CCB.

Directors elected include: Delson Lienuax, Halifax, vice-chairman; Robert LeBlanc, Moncton; Mrs. Peggy Searle, Chatham, N.B.; Robert Howard, New Glasgow, N.S.; and Edgar Doucette, Charlottetown.

The two-day conference closed Sunday evening with a banquet held in Norfolk Hotel, New Glasgow.

## Strike Vote Announced For June 1-6

OTTAWA (CP)—A strike vote among 1,200 employees of the St. Lawrence Seaway will be held June 1-6. The Canadian Brotherhood of Railway, Transport and General Workers (CBRT) announced Monday.

If a strike is authorized, a date will be announced, June 7, a spokesman said.

Decision to stage the vote was originally made last week when the majority report of a federal conciliation board recommended a wage increase of seven per cent this year and another seven per cent in 1967.

The union's negotiating committee rejected the plan and will urge the seaway workers to vote for strike action. The CBRT demand is for a 35-per cent boost to bring Canadian Seaway pay rates more in line with those paid on the U.S. side of the international waterway.

The St. Lawrence Seaway Authority, which had offered a three-per cent increase in each year of a three-year contract, has said it will accept the conciliation board proposal.

The union negotiating committee has offered to settle for 20 per cent this year and another 20 per cent next year, as recommended in the conciliation board minority report filed by union nominee Francis Eady of Ottawa.

## Rapid Advance In Nursing Is Stressed At Graduation

SUMMERSIDE — Mrs. Helen Bolger, executive secretary registrar of the P.E.I. Nurses Association, was guest speaker at last night's graduation exercises for student nurses at Prince County Hospital.

Mrs. Bolger opened her remarks by saying: "at no other time in the history of nursing are so many exciting challenges being placed before nurses. You are donning your graduate uniform, caps and pins at a time when nursing is growing quickly to become a full fledged profession. In these sixties, more than any previous time in the history of nursing in Canada, nurses are shaping the world of nursing", she stated.

"The speaker went on to give the history of nursing down through the years and the rapid advancements that have been made in that profession.

"The goals of nursing service and nursing education are being considered separately and are being viewed realistically today," she stated. "The goal of clinical teaching and supervision is the development of the student so that she can give competent and comprehensive nursing care", she said.

CHANGES ANTICIPATED  
She went on to say "there are more drastic changes in nursing anticipated in the next decade."

Mrs. Bolger concluded her remarks by saying: "The Association of Nurses is engaged in a study of nursing education for our Province. The complete findings of the study are not yet ready for release, but we are planning for changes to the effect that sound educational programs in nursing will be provided for our young people with the ultimate purpose of providing a type of comprehensive, personalized nursing care for our people."

Valedictorian at this year's exercises was Claudia Mabel Sears, Summerside. Chairman for the evening was B.S. Hinton, QC.

Graduating at this year's exercises was Anna Jeanne Birch, Northam; Mary Elizabeth Bishop, Mt. Pleasant; Joan Margaret Burleigh, Ellerslie; Emily Agnes Bryant, Summerside; Sue Ann Conrad, New Waterford, Nova Scotia; Gloria Marlene Ford, Northam; Hazel Belle Hardy, Alberton; Brenda Lynn Hughes, Summerside; Mary Marilyn Leard, Searlestown; Norma Irene Lipsack, Summerside; Edith Carolyn MacGougan, Malpeque; Pamela McHardy, RCMP Station; Wendy June MacNeill, Tyne Valley; Mary Elizabeth Meikle, Summerside; Sylvia Anne Murphy, Sea View; Ethyl Lynn Phillips, Summerside; Claudia Mabel Sears, Summerside.

## Island Native Gets Position

Mr. Claude Campbell, who for the past several years has worked in the Prince George area of B.C. as supervisor of special education courses in charge of organizing classes for problem students, and screening students for special courses, and later as director of secondary instruction, has resigned from the Board, effective June 30, to accept a supervisory position with the department of extension at the University of British Columbia. In the new position he will be charged with organization courses for teachers, school administrators, and school board members.

Purpose of the course is to keep all those directly concerned with education aware of changes in school curriculum. The program is expected to take the form of lectures, seminars and conferences. This summer he will teach summer school classes at the University.

Mr. Campbell is a son of Mr. and Mrs. Gordon Campbell, Elm Ave., City.

## DIAMONDS MISSING

LONDON (Reuters) — Airline police are investigating the theft of diamonds worth \$77,000 (\$23,000) aboard a Boeing-707 jet plane on its way to Hong Kong from South Africa. The gems arrived in a mailbag from Jan Smith Airport, Johannesburg, May 18 and were immediately transferred to the Hong Kong-bound jet, a British Overseas Airways Corporation official said Monday. "The post office at Hong Kong notified us the following day the diamonds

## Labrador Road Brings Denial

OTTAWA (CP)—The government has never approved any project to build a \$35,000,000 paved highway that would connect Goose Bay, Labrador, and the Gulf of St. Lawrence, Pub said Monday.

It was a quick reply to a question placed on the Commons order paper Friday by Lewis Brand (PC-Saskatoon), who asked whether the government was aware of a press release put out by Canadian Javelin Ltd. concerning such a highway.

Mr. McIlraith said the government isn't aware of the press release and has never announced its intention of building such a highway.

Canadian Javelin, a company connected with mining promoter John C. Doyle, has holdings in Labrador.

Other questions by Mr. Brand about income tax assessments against Mr. Doyle have yet to be answered.

## Annual Inspection Is Held At Tignish

Squadron Leader Gil Edison, RCAF Station Summerside, inspected Air Cadet Tignish Squadron No. 641 in Tignish this past weekend. Other members of the inspection party included: F.L.E. Briggs, Cpl. D.J. Cormier, Pope McMahon, chairman of Provincial Air Cadet League; Dave Leckey, past chairman; Russell Perry, a member Provincial Air Cadet League. S-Ldr. Edison spoke to the squadron on the importance of active committees and leadership training.

The girls are in grades 11 and 12 and between the ages of 15 and 17, and have special French courses as part of their school curriculum. The Voyage Maritime will give them the opportunity of improving their bilingual studies.

The girls and their escorts hope to gain greater understanding of Canada's social, cultural, and political life from their trip. The girls will travel by train across Canada.

The trip is an educationally oriented project in co-ordination with the social studies program in Alberta. Included in the plans are organized forums, panels and discussions; visits to school and special young people's groups; and a journal of events, which is to be printed for the Centennial Year. The school will also prepare a special Centennial Yearbook.

Other officers included: F.L.J. Hector J. Buote; FO E.P. Tremblay; C-I Earl-J. MacDonald and Ptl.-Sgt. Robert Boyce, commander of squadron during displays of drill. Sponsoring committee chairman was E.C. Perry. Physical education and handicraft displays were given at the Legion Hall following the inspection.

Awards were presented to: Cpl. Lorne MacDonald, best all round cadet; Allan MacInnis, best first-year cadet; Ptl.-Sgt. Robert Boyce, special award for leadership. LAC Harvey Myers was promoted to the rank of Cpl.

Following the ceremonies and displays, officers, the sponsoring committees and their wives were served a lobster supper by the members of the Legion Ladies' Auxiliary.

## Yukon MP Says Government Appears Exceeding Power

OTTAWA (CP)—Erik Nielsen (PC-Yukon) accused the government Monday of "exceeding its powers" by sending him two letters asking him to turn over information about fraudulent bankruptcies.

Mr. Nielsen told the Commons he got two letters from Justice Minister Cardin in early May asking that he turn over any information he had either to the justice department or the RCMP.

No cabinet minister should bring pressure to bear on an MP as to his obligations as an MP and a citizen, Mr. Nielsen said.

Mr. Nielsen made his charge during debate on a government bill to reorganize some department responsibilities. He hoped that whoever was in charge of a new department—that of registrar-general—would order an investigation into fraudulent bankruptcies. This would be the proper procedure to obtain information.

In his personal files, Mr. Nielsen said, are the names of "some 30 to 50 companies" which require "investigative procedures." He could not disclose these names as an MP because they were given to him in confidence.

MUST MAINTAIN ACCESS  
First obligation of an MP was to "maintain an absolute freedom of access between the citizen and the MP."

Earlier, the commons defeated a New Democrat amendment that would have left the RCMP under the justice department rather than transferring it to the solicitor-general's department. The vote on the amendment was 66 to 42.

WATER MEANS FOOD  
A well-fertilized pond can produce more than a ton of fish to the acre.

**HALIFAX (CP)** — The weather office says except for cloudy skies along the Atlantic coast of Nova Scotia, skies were clear in the district Monday night.

A disturbance which had been expected to give some rain to Nova Scotia today now appears to be heading away from the district. This should result in today being generally sunny, although a few cloudy periods will develop in some sections during the day.

Wednesday is also forecast to be sunny, although temperatures in some sections may be a little cooler.

Regional forecasts:

Halifax and vicinity, South Shore, Annapolis Valley, North Shore, Nova Scotia, Eastern Shore, Prince-Edward Islands Sunny today with a few cloudy intervals; little change in temperature;
