MEALS served at all hours of the day and evenings, at reduced rates. OYSTERS sent to all parts of the City at the very low price of 30 CENTS PER QUART.

Also for sale by the Barrel, Bushel, or Peck to suit purchasers. Ch'town, Jan. 14, 1878—2 av

WORD TO THE PUBLIC

WHILE taking this opportunity of thanking our numerous customers for the liberal manner in which they have patronized

OUR NEW STUDIO, we would inform them that we have now increased facilities for the production of first-class work, and are prepared to make PHOTOGRAPHS of a Style and Quality that has never before attempted in this City. We have on exhibition, at our Rooms, a large number of Photographs of every variety, including the

BEAUTIFUL PHOTO-ENAMEL and most beautiful style of Photograph shown, possessing a softness and delicacy of coloring that has never been equalled. This elegant picture has become deservedly popular, and cannot fail to become so here.

Though the finish of our Photographs cannot be excelled, we would direct attention to the beautiful

Glace Pictures

which we make. They possess a highly enamelled surface, and are practically indestructible, and will retain their freshness and beauty for any length of time. If they become soiled they can easily be cleaned, and they will not lose any of their beauty by being wet. This valuable quality, combined with their remarkable elegance, make them very suitable for presents, while the difficulty of their production will prevent their ever becoming so common as to lessen their value. Our patrons can have one or all of their Photos finished in this style—an advantage which cannot be obtained elsewhere.

We give special attention to making groups of Families, Societies, Schools, &c. Our pictures of children are sufficient evidence of our success in this difficult branch of our art.

Our ENLARGEMENTS, finished in India Ink, Pastel, Crayon, Oil and Water Colors, have made a favorable reputation for themselves throughout the Lower Provinces.

Parties intending to have Photographs made will find it to their advantage to sit early, as the number of our customers makes some delay in the delivery of the Photos unavoidable. We prefer to have our sitters come by appointment.

Photographs can be obtained for less money elsewhere, but in this case we ask that quality be given the preference, assuring the public that they will find our charges very moderate.

ROSS BROS., Cor. Queen and Dorchester Streets, opposite Connolly's Bank. Sept. 19, 1877—3m eod

1878.

THE Weekly Examiner

CONTAINS MORE NEWS, FOR LESS MONEY THAN ANY OTHER PAPER IN THE PROVINCE.

It Contains Twenty-eight Columns, nearly every one of which is in closely set READING MATTER.

CONSIDER OUR TERMS:

SINGLE COPIES to the 31st December, 1878—thirteen months \$1.00 in advance.

SIX COPIES to one address, or addressed separately, as desired, \$5.50 in advance.

TEN COPIES to one address, or addressed separately, as desired, \$9.00 in advance.

FIFTEEN COPIES to one address, or addressed separately, as desired, \$13.50 in advance.

TWENTY COPIES to one address, or addressed separately, as desired, \$17.00.

IN DULL TIMES

CHEAPEST AND BEST

The Weekly Examiner

For One Month, .50

ADDRESS, W. L. COTTON, Manager Examiner Printing and Publishing Company.

Ch'town, Dec. 6, 1877.

THE DAILY EXAMINER.

MARCH 13, 1878.

DOMINION PARLIAMENT

(From our Special Parliamentary Correspondent.)

OTTAWA, March 13.—"DOWN THE FLAG," says the letter of Sir William Young and Judge DesBarres, submitted by Sir John Molton yesterday, read in the most positive manner—their assertion that the present Minister of Militia did say he would cheer when the British flag was hoisted down from Citadel Hill. The Minister, on his part, again declared that the whole story was a "four slander," and produced a letter from some of his political friends, in which the declaration is endorsed. The subject has become a very painful one. The words of Sir William Young, Judge DesBarres and others, against the word of the Minister of Militia and his partisans! It is a sad commentary on our "times" that men so high in office and in the opinion of their fellows, should scruple not to give each other the lie direct.

Unhappily the name of a Cabinet Minister is not in our country, and our times a synonym for truth. A short time ago one of the best of them, referring in his place in Parliament to his sale of copper mines, said in a manner the earnestness and solemnity of which can only be imagined by those who have heard certain Grit politicians declare upon the stump:

"He sold these properties and came back to his knowledge circumstances which induced him to make grave charges against the right hon. member for Kingston (Sir John A. Macdonald)."

That gentleman preferred the grave charges he alluded to in April, 1873. On the fourteenth of November, 1872, he wrote the following letter:

MONTREAL, Nov. 14th, 1872. J. R. Campbell, Esq., Secy. of the B. C. P. Dear Sir,—I have the honor to acknowledge your letter of the 2nd inst., enclosing extracts from Mr. Taylor's letters, and I note the request of the Directors that they may hear from me (first) as to the American tariff and (secondly) as to my representations as vendor and discrepancies suggested by Mr. Taylor's report. As to the American tariff or phosphates, I did not at the time of the sale know what it was, and there is, I think, strong reason to hope that it will soon be modified, both as to phosphates and copper. At the present moment copper smelting in the Eastern States has been almost abandoned, but in former years I sent large quantities to Baltimore, on which the purchasers paid half the United States duties as value for the sulphur in the ore.

Secondly, as to the discrepancies between the descriptions of the properties and the facts I do not think Mr. Taylor intended to convey the idea that any existed. He wrote at the first blush and (as I know for the first time from your letter) did not take a sanguine view of what he saw. Mr. Taylor is now in the West, and I think it would be unseemly for me to enter into controversial discussion of his statements at this early stage. I have no hesitation in stating that there will be found no serious discrepancies between the representations of the vendors and existing facts, and I have no doubt that Mr. Taylor's reports from time to time will prove this amply.

The Directors will observe that Mr. McEwan and myself were only nominally vendors. We merely undertook to convey to the company the properties for which we had taken options at the prices we had agreed to pay, not because we were making money by it, but because somebody had to take the position of vendors in the contract. We gave you, moreover, all the knowledge we had ourselves, viz., that acquired from skilled and reliable engineers. You have thus acquired a vast property worth immeasurably more than you had paid for it, consisting, as you had stated in your prospectus, of properties "some well developed, and others showing indications of great promise."

(Signed) L. S. HUNTINGTON.

This letter shows that complaints had been made respecting Mr. Huntington and his famous worthless Copper Mines before he laid his complaint against Sir John Macdonald; and it follows that when he protested, before Parliament, that he "had never until that time read a word of complaint about these mines," he was guilty of a deliberate falsehood. This is a "specimen brick" of the Grit Cabinet—the brick, moreover, upon which rests the entire fabric of the Ministry—the brick to which it owes its existence, the brick which more than any other binds it together, the brick which as much as any other will contribute to its continued stability. For Mr. Huntington is, without doubt, the ablest—the most plausible—speaker in the Grit Cabinet. This is a "specimen brick," which shows how much confidence is to be placed in the word of a Grit Minister.

"BLAKE SPEAKS"

Blake spoke last night. His topic was the Supreme Court. He endeavored to show that extravagant expenditure had not been incurred on account of it. He argued very strongly against an appeal to the Privy Council in England except in cases where the amount involved was very large. Mr. Blake spoke with his usual vigor. His style is logical and plain. He shows great tact in seizing upon the weak points of his adversaries case, and presenting the strongest points in his own. He does not seem ill. But as his disease is of the nervous-mental character, peculiar to lawyers of large practice—which does not always exhibit itself in the "visible man," he is, doubtless, not so well as his looks indicate. That he is a mental gladiator there is no doubt.

SIR JOHN SPEAKS. Sir John met a few of Mr. Blake's "hits" in his own inimitable manner. Without

going deeply into the question of the privilege of appeal to the Queen in Council, he said he thought it wise to preserve that golden link between the Mother Country and Canada. Then he turned his attention to the question of trade, and submitted the resolution the full text of which I sent by telegraph. He spoke at length. The scandalous lies circulated respecting his absence in Toronto are receding upon the heads of those who invented them.

THE OUTRAGE IN QUEBEC

The Constitutional outrage perpetrated in Quebec by the "Reform Party" is still the all-absorbing topic here. No one pretends to openly palliate it, though many there are who secretly rejoice. News of the formation of the July Cabinet arrived last night. It is said to be a very weak and miserable combination.

TELEGRAMS

REPORTS a proof of my faithfulness and impartiality that the *Patriot* copies many special telegrams. Its omission to give credit was, doubtless, unwitting. It should not, however, continue to maintain that the *Examiner* does not receive special telegrams. "Fair play is a jewel," and the *Patriot* should not fail to give credit where credit is due.

The Bible Society

The annual meeting of the P. E. Island Auxiliary Bible Society was held last evening in the Y. M. C. A. Hall.

Long before the appointed hour the hall was filled, and at eight o'clock the meeting was opened with prayer.

Judge Young, the chairman, then delivered an eloquent and impressive address. He spoke of the good work being done by the Society, and reported briefly on the progress, it had made during the past year. He spoke of the inestimable value of God's word, its great influence, and the comfort to be obtained from it.

The Secretary then read the report of the society for the past year. By this it appeared that the Society was in a "healthy, flourishing condition," and that its usefulness had greatly increased. French-speaking agents had labored among the French Canadians. Through the exertions of Judges Young and Hensley depositories had been established at Summerside and Georgetown, which had already proved to be of great benefit. He also read reports of the progress of the parent Society on the continent of Europe, India, China and Africa.

The Treasurer then read his report which showed that a balance of \$894.93 was left in the hands of the treasurer, which sum was to be placed in the Bank of P. E. I. to the credit of the Auxiliary Bible Society.

Rev. Mr. McLennan, after a short and forcible address, in which he described the fundamental principles on which the society was founded, moved the following resolution:

Resolved, That the reports now read be received, and be printed for general information.

This resolution after being seconded by Rev. Mr. Lathern, passed unanimously.

The next speaker was the Hon. Col. Gray, who made a most eloquent and impressive speech. He referred in a very touching manner to the sufferings of the Christians in Turkey, who were bound in chains of "slavery" by the followers of a false prophet. He spoke in the highest terms of the Grit in declaring war against Turkey for the purpose of compelling her to ameliorate the condition of those poor Christians. He moved the following resolution:

Resolved, That this meeting regard with grateful thanks the numerous tokens of the Divine Favor vouchsafed to the parent society and its auxiliaries during the past year; and would urge upon all persons who are interested in the increased circulation of the "Book of Books," to renewed activity and zeal, accompanied by fervent and frequent pleadings at the throne of the Heavenly Giver, that the Word of the Lord may speedily have free course and be glorified throughout the wide, wide world.

The resolution was then seconded by Rev. Mr. McLeod in a short but striking speech, and passed unanimously.

The following resolution was then moved by John Beck, Esq., and seconded by —, passed unanimously.

Resolved, That the following gentlemen do compose the Committee for the current year: —

John Ball, John Brecken, Wm. Brown, Geo. Davies, W. E. Dawson, Thos. DesBrisay, Jas. DesBrisay, James H. Douglas, Wm. Heard, George Henderson, Jos. Hensley, R. R. Hodgson, A. Kennedy, Joseph Knight, Thomas Looming, Charles Palmer, John W. Pickard, W. D. Stewart, Wm. Weeks, John Dorsey, H. J. Callbeck, J. Metcalf, Thos. Beer, John McLeod, Kenzie, Artemas, Lord, Geo. E. Full, G. Wm. Palmer, Rodrick Munn and John McLeod, Esqs., with power to add to their number.

A vote of thanks was then passed to the choir (which was composed of choir from the various city churches) for the excellent music they had provided at intervals throughout the meeting.

After doxology and benediction the meeting then adjourned.

Seeking Death Together.

A most shocking affair, which is supposed by some to have been a case of deliberate suicide occurred on the Boston and Lowell Railroad, at East Cambridge, Monday morning, the recent times being a husband and wife, Mr. and Mrs. Josiah Wheeler, residents of this city. Shortly after nine o'clock, they passed up the track above the station, and had reached the bridge where the road crosses the Fitchburg road when the half past eight a. m. express train from Lowell came in sight. The engineer, "Si" Henstis, discerned the couple approaching and blew the whistle, but they paid no attention, although apparently looking straight at the train. The engineer whistled again and again, but the couple continued to advance. The engineer and brakeman did everything in their power to stop the train, but without success, and the engine struck the couple just as they stepped on the bridge. The man was thrown about six feet into the air and over the trestle work, falling on the tracks of the Fitchburg road beneath, a distance of some twenty feet. He was killed instantly
